IMPRESSIONS VANITY · COMPANY IVMC-HK50RM342

Impressions Vanity Hello Kitty Round LED Compact Mirror

MODEL: IVMC-HK50RM342

Introduction

Thank you for choosing the Impressions Vanity Hello Kitty Round LED Compact Mirror. This portable mirror is designed for convenient makeup application and touch-ups, featuring LED lighting and 3X magnification. This manual provides essential information for the safe and effective use of your new mirror.

Safety Information

Please read and understand all safety instructions before using this product. Failure to follow these instructions may result in injury or damage.

- This product contains electrical components and batteries. Do not disassemble, modify, or attempt to repair the product.
- Keep batteries away from heat, sparks, and open flames.
- Do not expose the product to excessive force or shock, as the glass mirror may break and cause injury.
- Always store the product in a secure, upright position when not in use, especially during travel.
- Always supervise children when using this product.

Package Contents

- 1x Impressions Vanity Hello Kitty Round LED Compact Mirror

Setup

1. **Unboxing:** Carefully remove the mirror from its packaging.
2. **Initial Use:** The mirror is designed for immediate use. No assembly or initial charging is typically required.

Operating Instructions

Your compact mirror features two mirrors: a standard mirror and a 3X magnification mirror, along with adjustable LED lighting.

Image: The Impressions Vanity Hello Kitty Round LED Compact Mirror opened, displaying the standard mirror on top and the 3X magnified mirror with an illuminated LED ring on the bottom.

1. **Opening the Mirror:** Gently open the compact mirror. It features a magnetic closure to keep it securely shut when not in use.
2. **Using the Mirrors:**

- The top mirror provides a standard, true-to-life reflection.
 - The bottom mirror offers 3X magnification for detailed tasks such as applying eyeliner, eyeshadow, or skincare.
3. **Turning On/Off the LED Light:** Locate the soft touch sensor button on the magnified mirror. Tap the sensor once to turn the LED light on or off.
 4. **Adjusting Brightness:** While the LED light is on, press and hold the soft touch sensor button. The brightness will gradually increase or decrease. Release the button when the desired brightness level is achieved.

Maintenance

Proper care will ensure the longevity and performance of your mirror.

- **Cleaning:** To clean the mirror surfaces, gently wipe with a soft, lint-free cloth. For smudges, a small amount of glass cleaner applied to the cloth (not directly to the mirror) can be used. Avoid abrasive cleaners.

- **Exterior Cleaning:** Wipe the exterior casing with a soft, damp cloth. Do not immerse the mirror in water or expose it to excessive moisture.
- **Storage:** Store the mirror in a cool, dry place when not in use. The magnetic closure helps protect the mirror surfaces from dust and scratches.

Troubleshooting

Problem	Possible Cause	Solution
LED light does not turn on.	Low or depleted battery.	Ensure the mirror has sufficient battery power. If rechargeable, connect to a power source (charging cable not included, if applicable). If battery-operated, replace batteries.
LED light is too dim or too bright.	Brightness setting is not optimal.	Press and hold the soft touch sensor button to adjust the brightness to your preference.
Mirror does not close securely.	Obstruction in the hinge or magnetic area.	Check for any debris or foreign objects preventing the mirror from closing properly.
