

Skull Shaver Butterfly Kiss Pro

Skull Shaver Butterfly Kiss Pro and Platinum Rinse Stand User Manual

Model: Butterfly Kiss Pro

INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Skull Shaver Butterfly Kiss Pro electric shaver and the accompanying Platinum Rinse Stand. The Butterfly Kiss Pro is designed to provide a smooth, irritation-free shaving experience for various body areas, including bikini, legs, and body. The Platinum Rinse Stand offers a convenient and efficient way to clean your shaver.

SAFETY INFORMATION

Please read all safety instructions carefully before using the product. Failure to follow these instructions may result in injury or damage to the product.

- Do not immerse the shaver's charging adapter in water or other liquids.
- Ensure the shaver is fully dry before connecting it to the charging cable.
- Keep the device out of reach of children.
- Do not use the shaver if the blades are damaged or bent, as this may cause skin irritation or injury.
- Only use the provided charging cable and adapter.
- The shaver is IPX5 water resistant for wet shaving and rinsing, but it is not designed for full submersion.

WHAT'S IN THE BOX

Your Skull Shaver Butterfly Kiss Pro package includes the following components:

An image showing the Butterfly Kiss Pro shaver, its red packaging box, a USB wall plug adapter, a charging cord, an exfoliating brush attachment, and a travel pouch.

- Butterfly Kiss Pro Shaver (with Premium Hypoallergenic Blades)
- Forte 4 Head PRO Blade (pre-installed or as a spare)
- Exfoliating Brush Attachment
- USB Wall Plug Adapter
- Charging Cord
- Travel Pouch
- Platinum Rinse Stand (if purchased as part of the bundle)

SETUP

Charging the Shaver

Before first use, fully charge your Butterfly Kiss Pro shaver. A full charge provides approximately 60 minutes of cordless grooming.

1. Connect the charging cord to the shaver's charging port.
2. Plug the USB wall plug adapter into a standard electrical outlet.
3. The charging indicator light on the shaver will illuminate to show it is charging.
4. Once fully charged, the indicator light may change or turn off. Disconnect the shaver from the charger.

Attaching the Exfoliating Brush

To attach the exfoliating brush, gently twist and pull off the shaver head. Align the exfoliating brush attachment with the shaver body and twist to secure it in place.

OPERATING INSTRUCTIONS

General Shaving Tips

- Ensure your skin is clean before shaving.
- For best results, hold the shaver at a 90-degree angle to your skin.
- Move the shaver in small, circular motions or short, straight strokes against the direction of hair growth.
- The multi-directional rotary shaving heads adapt to the contours of your body for a close shave.

Wet and Dry Shaving

The Butterfly Kiss Pro supports both wet and dry shaving due to its IPX5 water resistance. You can use it:

- **Dry:** For a quick and convenient shave without water or shaving cream.
- **Wet:** With shaving cream, gel, or foam for an even smoother and more comfortable experience, especially for sensitive skin.

Recommended Uses

The Butterfly Kiss Pro is versatile and can be used on various body parts:

This image illustrates the recommended body areas for shaving, including arms, legs, thighs, torso, and armpits, highlighting the shaver's versatility.

- **Bikini Line:** Use gentle strokes for sensitive areas.
- **Legs:** Cover larger areas efficiently with broad strokes.
- **Body:** Suitable for arms, underarms, and torso.

Using the Exfoliating Brush

Attach the exfoliating brush before showering or bathing. Gently move the brush in circular motions over your skin to remove dead skin cells and prepare for a smoother shave, helping to prevent ingrown hairs.

MAINTENANCE

Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. After each use, turn off the shaver.
2. Gently twist and remove the shaver head.
3. Rinse the shaver head and the main body (if needed) under running water. The shaver is IPX5 water resistant.
4. Shake off excess water and allow both parts to air dry completely before reattaching the head or storing.
5. For a deeper clean, use the Platinum Rinse Stand.

Using the Platinum Rinse Stand

The Platinum Rinse Stand provides a fast and easy way to clean your shaver heads.

The Butterfly Kiss Pro shaver is shown inserted into the purple Platinum Rinse Stand, ready for cleaning.

A front view of the Butterfly Kiss Pro shaver positioned within the Platinum Rinse Stand, demonstrating how it sits for cleaning.

1. Fill the Platinum Rinse Stand with warm water, ensuring the water level is sufficient to cover the shaver heads when inserted. You may add a drop of mild liquid soap if desired.
2. Place your Skull Shaver Butterfly Kiss Pro into the stand, ensuring the shaver heads are submerged.
3. Turn on the shaver for a few seconds to allow the blades to spin and dislodge hair and debris into the water.
4. Turn off the shaver, remove it from the stand, and rinse the shaver heads under running water.
5. Empty and rinse the Platinum Rinse Stand after each use.

Blade Replacement

For optimal shaving performance, it is recommended to replace the shaver blades periodically, typically every 3-6 months depending on usage. Replacement blades can be purchased from authorized Skull Shaver retailers or the official Skull Shaver website.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver not turning on.	Battery is low or depleted.	Charge the shaver fully.

Problem	Possible Cause	Solution
Poor shaving performance / pulling hair.	Blades are dull or clogged with hair.	Clean the shaver heads thoroughly. Consider replacing the blades if cleaning does not improve performance.
Skin irritation after shaving.	Incorrect shaving technique, dry shaving sensitive skin, or dull blades.	Try wet shaving with shaving cream. Ensure blades are clean and sharp. Use gentle pressure.
Shaver not charging.	Charging cable or adapter is faulty, or connection is loose.	Ensure the charging cable is securely connected to both the shaver and the adapter. Try a different power outlet. Contact customer support if the issue persists.
