## Vente-unique Massimo

# Vente-unique Massimo Storage Bed 180x200 cm - Instruction Manual

Model: Massimo

## INTRODUCTION

Thank you for choosing the Vente-unique Massimo Storage Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Figure 1: The Vente-unique Massimo Storage Bed, fully assembled, featuring a tufted headboard and upholstered frame.

## SAFETY INFORMATION

- **Read all instructions:** Ensure you understand all assembly steps and safety warnings before proceeding.
- **Two-person assembly:** Assembly of this bed requires at least two adults to prevent injury and ensure proper

construction.

- **Keep children and pets away:** During assembly, keep small children and pets away from the work area to avoid accidents with small parts or tools.
- **Use correct tools:** Only use the tools specified in the assembly instructions.
- **Check all connections:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.
- **Weight limit:** Do not exceed the maximum recommended weight of 120 kg for this bed.
- **Storage mechanism:** Exercise caution when opening and closing the storage mechanism. Keep hands and fingers clear of moving parts. Do not allow children to operate the mechanism unsupervised.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Headboard (1)
- Side Rails (2)
- Footboard (1)
- Storage Frame/Mechanism (1 set)
- Slats (multiple pieces)
- Center Support Beam (1)
- Hardware Pack (screws, bolts, washers, Allen key)
- Assembly Instructions (this manual)

## SETUP AND ASSEMBLY

---

Please follow these steps carefully. It is recommended to assemble the bed in the room where it will be used.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components on a soft, clean surface to prevent scratches.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided bolts and washers. Do not fully tighten yet.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard. Ensure all connections are aligned before gently tightening all bolts.
4. **Install Center Support Beam:** Place the center support beam into its designated slots or brackets along the side rails. Secure with screws if required.
5. **Assemble Storage Mechanism:** Follow the specific instructions provided with the storage frame mechanism. This typically involves attaching the lifting arms to the bed frame and the slat frame. Ensure all hydraulic components are correctly installed and secured.
6. **Install Slats:** Place the bed slats onto the support frame. Depending on the design, they may snap into place or require screws. Ensure they are evenly spaced and secure.
7. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws using the provided Allen key or appropriate tool. Do not overtighten.
8. **Check Stability:** Gently shake the assembled bed to ensure it is stable and all connections are secure.

## OPERATING INSTRUCTIONS (STORAGE FUNCTION)

---

The Massimo Storage Bed features a convenient lift-up mechanism to access under-bed storage. Always operate the mechanism with care.

### 1. To Open:

- Remove any heavy items from the mattress surface that might impede lifting.
- Stand at the foot of the bed.
- Firmly grasp the lifting handle or the edge of the bed frame.
- Lift the mattress and slat frame upwards. The hydraulic pistons will assist in lifting and holding the bed in the open position.
- Ensure the bed is fully open and stable before placing or retrieving items from the storage compartment.

### 2. To Close:

- Ensure no items are obstructing the closing mechanism or protruding from the storage area.
- Grasp the lifting handle or the edge of the bed frame.
- Gently pull the mattress and slat frame downwards, guiding it back into the closed position. The hydraulic pistons will provide resistance for a controlled descent.
- Ensure the bed is fully closed and latched (if applicable) before use.

Figure 3: The Vente-unique Massimo Storage Bed with the lift-up mechanism engaged, showing the spacious under-bed storage area.

## MAINTENANCE

---

### • Cleaning the Upholstery:

- Regularly vacuum the fabric upholstery using a soft brush attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub.
- For stubborn stains, use a mild fabric cleaner specifically designed for polyester, testing on an inconspicuous area first. Follow the cleaner's instructions carefully.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the fabric.

### • Frame Care:

- Wipe the bed frame with a soft, damp cloth. Dry immediately with a clean cloth.
- Periodically check all bolts and screws and tighten them if necessary to maintain stability.

### • Storage Mechanism:

- Inspect the hydraulic pistons and moving parts occasionally for any signs of wear or damage.
- Do not apply lubricants to the hydraulic pistons unless specifically instructed by the manufacturer.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose bolts or screws.	Check and tighten all assembly bolts and screws. Ensure the bed is on a level surface.
Storage mechanism is difficult to lift or close.	Overloaded storage compartment; hydraulic pistons not installed correctly; pistons worn out.	Remove excess weight from the storage area. Verify hydraulic pistons are installed according to assembly instructions. If pistons are old or damaged, contact customer support for replacements.
Squeaking noises.	Loose connections; friction between parts.	Tighten all bolts and screws. Ensure slats are properly seated. If noise persists, identify the source and apply a small amount of silicone spray to friction points (avoiding fabric).

## SPECIFICATIONS

- **Model:** Massimo
- **Dimensions:** 180 x 200 cm (King Size)
- **Material:** Polyester fabric upholstery
- **Color:** Grey
- **Approximate Item Weight:** 119 Kilograms
- **Maximum Recommended Weight:** 120 Kilograms
- **Assembly Required:** Yes
- **Age Range:** Adult
