## LUPPA AMG W14 E Performance

# LUPPA Formula 1 AMG W14 Model Kit - 1:18 Scale Instruction Manual

Model: AMG W14 E Performance | Brand: LUPPA

## 1. Introduction

This instruction manual provides detailed guidance for assembling your LUPPA Formula 1 AMG W14 Model Kit. This 1:18 scale model is inspired by the Mercedes-AMG Petronas F1 Team's W14 E Performance car, driven by Lewis Hamilton and George Russell in the 2023 World Championship. The kit consists of over 140 precision-engineered pieces, designed for an authentic and rewarding building experience.

## 2. Safety Information

Please read all safety instructions before beginning assembly.

- **Small Parts Warning:** This kit contains small parts and is not suitable for children under 14 years of age due to choking hazards. Adult supervision is recommended.
- **Sharp Edges:** Some components may have sharp edges. Handle with care to avoid injury.
- **Adhesives:** While most parts snap or screw together, some minor gluing may be required for certain small components (e.g., antennas, mirrors) to ensure a secure fit. Use appropriate model adhesive in a well-ventilated area.
- **Decals:** Water-slide decals are included. Follow the specific instructions for decal application carefully.

## 3. Product Overview

The LUPPA Formula 1 AMG W14 Model Kit is a highly detailed 1:18 scale replica. It features a combination of durable die-cast metal and high-quality ABS plastic components, along with real rubber tires, to ensure both realism and stability.

## Key Features:

- **Scale:** 1:18
- **Pieces:** Over 140 components
- **Materials:** Die-cast metal body, ABS plastic components, real rubber tires
- **Authenticity:** Detailed replica of the Mercedes-AMG W14 E Performance F1 car
- **Customization:** Includes water-slide decals for driver numbers (Lewis Hamilton #44, George Russell #63)

## 4. Setup and Assembly Instructions

Before starting assembly, ensure you have a clean, well-lit workspace. Unpack all components and verify that all parts are present. A small screwdriver is included in the kit for assembly.

### Step-by-Step Guide:

For comprehensive, step-by-step assembly instructions, please scan the QR code provided on the product packaging or refer to the official online guide. The instructions are highly detailed and visually guided to assist you through each stage of the build.

## 5. Maintenance and Care

To ensure the longevity and appearance of your assembled model, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the model with a soft, dry, lint-free cloth to remove dust. Avoid using abrasive cleaners or solvents, as these can damage the paint and decals.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation and color fading.
- **Handling:** Handle the model by its main body or chassis to avoid damaging delicate parts like wings, antennas, or mirrors.

## 6. Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Missing parts | Packaging error or oversight. | Refer to the "Warranty and Support" section to contact customer service immediately. |
| Parts do not fit tightly (e.g., antennas, mirrors) | Slight manufacturing tolerance or design for easier assembly. | Apply a small amount of model-appropriate adhesive (e.g., super glue or plastic cement) to secure the part in place. Use sparingly. |

| Problem | Possible Cause | Solution |
|---|---|---|
| Decals not adhering properly | Surface not clean, insufficient water, or improper application. | Ensure the surface is clean and dry. Use enough water to slide the decal into place. Gently press out air bubbles and excess water with a soft cloth or cotton swab. A decal setting solution can improve adhesion. |
| Difficulty with screw assembly | Misaligned holes or tight threading. | Ensure parts are correctly aligned before inserting screws. Do not overtighten. If a hole is too tight, gently widen it slightly with the tip of the screwdriver, being careful not to damage the plastic. |

## 7. Product Specifications

**Brand:** LUPPA

**Model Name:** Formula 1 AMG W14 E Performance

**Scale:** 1:18

**Number of Pieces:** 140+

**Materials:** Die-cast metal, ABS Plastic, Rubber

**Item Dimensions (L x W x H):** 11.5 x 4.3 x 1.7 inches (approximate assembled size)

**Item Weight:** 1.34 pounds (0.61 Kilograms)

**Country of Origin:** China

**First Available:** June 9, 2024

## 8. Warranty and Support

LUPPA is committed to ensuring your satisfaction with our products. If you encounter any issues, such as missing parts or manufacturing defects, please contact us immediately.
