1. INTRODUCTION

Welcome to the pininfarina Hybrid Sintesi Smart Watch user manual. This guide provides detailed instructions for setting up, operating, and maintaining your new hybrid smartwatch. The Sintesi Smart Watch combines classic watch aesthetics with modern smart features, offering a balance of timeless sophistication and advanced performance.

This manual will help you understand the various functions and capabilities of your device, ensuring optimal use and longevity.

2. WHAT'S IN THE BOX

Upon unboxing your pininfarina Hybrid Sintesi Smart Watch, verify that all the following items are included:

- pininfarina Hybrid Sintesi Smart Watch
- Genuine Italian Leather strap (pre-attached or separate, depending on model)
- Docking charger
- 1M USB-C fast charging cable
- Microfiber cleaning cloth
- User guide (this manual)
- Rechargeable battery (integrated)

3. INITIAL SETUP

3.1 Charging the Watch

Before first use, fully charge your Sintesi Smart Watch. Connect the docking charger to the 1M USB-C cable, and plug the cable into a compatible USB power adapter (not included). Place the watch onto the docking charger. A full charge typically takes approximately one hour from a completely depleted state.

3.2 Downloading the Companion App

The pininfarina companion app is essential for unlocking the full functionality of your watch. It is available for both Android and iOS devices.

- For Android devices, search for "pininfarina Hybrid Watch" on the Google Play Store.
- For Apple iOS devices, search for "pininfarina Hybrid Watch" on the App Store.

Install the app on your smartphone.

3.3 Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the pininfarina companion app.
3. Follow the on-screen prompts within the app to search for and connect to your watch. You may need to tap on the watch's name in the app's Bluetooth connection list to initiate pairing.
4. Once connected, the watch will synchronize time and date with your phone.

3.4 Analog Hand Calibration

In some instances, the analog hands may require calibration to match the digital time displayed. This is typically a one-time adjustment performed during initial setup via the companion app. Refer to the app's settings for "Analog Hand Calibration" or similar option.

4. OPERATING YOUR SMART WATCH

4.1 Basic Functions

The Sintesi Smart Watch displays the current time using traditional analog hands. A small digital sub-display provides additional information such as date, time in digital format, and smart features.

4.2 Navigating the Watch Interface

The watch features a middle knob and additional buttons for navigation:

- **Middle Knob:** Rotate this knob to scroll through various menus and screens, such as weather, sports modes, activity summaries, and compass. Press the knob to select a displayed option.
- **Side Buttons:** The top and bottom side buttons may have additional functions depending on the context or app settings.

4.3 Smart Notifications

Your watch can receive smart notifications from your connected smartphone. These include alerts for calls, messages, and various app notifications. The watch will vibrate to alert you. Notification settings can be customized within the pininfarina companion app.

Note: Some users have reported that notifications may continue to appear on the watch even after being dismissed on the phone, or that they cannot be fully disabled via app settings. To clear notifications, it may be necessary to clear the entire notification history within the companion app.

5. KEY FEATURES

- **Hybrid Movement:** Combines classic watchmaking with cutting-edge technology, offering traditional aesthetics alongside modern smart functionality.
- **Premium Construction:** Features a 316L stainless steel case and bezel, a single pane of sapphire crystal glass, and an interchangeable leather wrist strap. This design emphasizes classic minimalism and durability.
- **Enhanced Durability:** Built with high-end stainless steel resistant to scratches and erosion. The anti-fingerprint coated Sapphire Crystal is up to five times more durable than standard glass. The watch also offers dust and water resistance up to 5ATM.
- **Health and Fitness Tracking:** Equipped with sensors to monitor vital statistics, including detailed sleep data points, heart rate, and other fitness tracking metrics. All data is powered by an optimized lithium battery.
- **Companion App Integration:** The dedicated companion app records all data points and statistics, providing insights to help you improve your health and well-being. The app is compatible with both Android and iOS devices.

Mechanical & Connected.

6. COMPANION APP INTEGRATION

The pininfarina companion app is your central hub for managing your watch and reviewing your health data. It is designed to help you track and analyze personal fitness, wellness, sleep quality, and sports functions.

- **Data Recording:** The app records all data points from your watch, including steps, calories, heart rate, and detailed sleep metrics.
- **Insights and Goals:** Provides insights based on your data to help you improve your health and well-being. You can set daily goals for various activities.
- **Customization:** Configure watch settings, such as notification preferences and the sub-dial display. For example, the sub-dial can be set to show your steps goal progress as a percentage.
- **Health App Sync:** The app supports linking to external health platforms like Apple Health. Data synchronization frequency may vary.

While the app provides comprehensive data, some users have noted that its interface can be basic or less intuitive compared to other fitness tracking applications.

7. MAINTENANCE AND CARE

7.1 Cleaning

Regularly clean your watch using the provided microfiber cloth. For the watch case and crystal, gently wipe to remove smudges and dust. For the strap, follow care instructions specific to the material (leather or fluoroelastomer).

7.2 Water Resistance

The Sintesi Smart Watch is dust and water resistant up to 5 ATM. This means it can withstand splashes, rain, and brief immersion in water, such as during hand washing. It is not recommended for swimming, diving, or high-pressure water activities.

Note: Avoid exposing the watch to extreme temperature changes, as this may lead to condensation inside the watch face.

7.3 Battery Life

The watch is designed for an optimized battery life, advertised to last up to 30 days on a single charge. Typical usage may result in approximately 14 days of battery life. To preserve battery, manage notification frequency and background app usage.

When the battery level drops below 20%, notifications may be automatically muted to conserve power.

14 days battery life for a full picture of your health

Image: A person wearing the pininfarina Hybrid Sintesi Smart Watch while driving, illustrating its long battery life for continuous health tracking.

8. TROUBLESHOOTING

Issue	Possible Cause / Solution
Watch not connecting to phone / Bluetooth issues	• Ensure Bluetooth is enabled on your phone and the watch is within range. • Restart both your phone and the watch. • If persistent, perform a factory reset on the watch: Place the watch on its charger, then simultaneously hold down the top and bottom buttons for approximately 10 seconds until the watch reboots. This will clear all settings. Re-pair with the app.

Issue	Possible Cause / Solution
Analog hands out of sync with digital time	• Use the "Analog Hand Calibration" feature within the pininfarina companion app to manually adjust the hands.
Watch face fogging / condensation	• Avoid sudden and significant temperature changes. • Ensure the watch is not exposed to steam or hot water, even if it is water-resistant.
Watch not charging	• Ensure the charging cable and docking charger are properly connected and free of debris. • Try a different USB power adapter or USB port. • Ensure the watch is correctly seated on the charging dock.
Inaccurate health data (HR, steps, sleep)	• Ensure the watch is worn snugly on your wrist, but not uncomfortably tight. • Keep the sensor on the back of the watch clean. • Ensure the companion app is up to date.

9. SPECIFICATIONS

Feature	Detail
Brand	pininfarina
Model Number	8e934ea9-19d6-4a19-8c15-25889e81b888
