## **CYKOV CY59H**

# **CYKOV Office Chair User Manual**

Model: CY59H

## **INTRODUCTION**

---

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your new CYKOV Office Chair. Designed for comfort and ergonomic support, this high-back desk chair features adjustable height, lumbar support, padded flip-up armrests, and a 360-degree swivel function. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your chair.

## SETUP AND ASSEMBLY

---

The CYKOV Office Chair is designed for quick and straightforward assembly. All necessary tools and hardware are included. It is recommended to assemble the chair on a soft, clean surface to prevent damage.

### Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list (not provided in this manual, refer to your product's included guide). Ensure all components are present and undamaged.
2. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the chair base. Push firmly until they click into place.
3. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the assembled chair base.
4. **Assemble Seat Mechanism:** Attach the seat mechanism to the underside of the seat cushion using the provided

screws. Ensure the front of the mechanism aligns with the front of the seat.

5. **Attach Backrest:** Secure the backrest to the seat mechanism using the designated screws.
6. **Attach Armrests:** Fasten the armrests to both the seat and backrest using the appropriate screws.
7. **Connect Seat to Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring it is centered and stable.

*Assembly typically takes approximately 30 minutes.*

## OPERATING INSTRUCTIONS

---

Your CYKOV Office Chair offers several adjustable features to customize your seating experience for optimal comfort and support.

## 1. Height Adjustment

To adjust the chair's height (up to 4 inches of adjustment), locate the lever on the right side, beneath the seat. Pull the lever up while seated to lower the chair, or pull the lever up while standing to raise the chair. Release the lever at your desired height.

Figure 3: Chair adjustment mechanisms including height, recline, and swivel

## 2. Recline and Tilt Lock

The chair features a 90-135 degree tilt lock mechanism. To recline, pull the same lever (on the right side) outwards to unlock the tilt function. Lean back to your desired angle. To lock the recline position, push the lever inwards. To adjust the tilt tension, rotate the round knob located under the front of the seat (clockwise to tighten, counter-clockwise to loosen).

## 3. Flip-Up Armrests

The armrests can be flipped up to save space or flipped down for arm support. Simply lift the armrests upwards until they lock into the vertical position. To return them, gently pull them down.

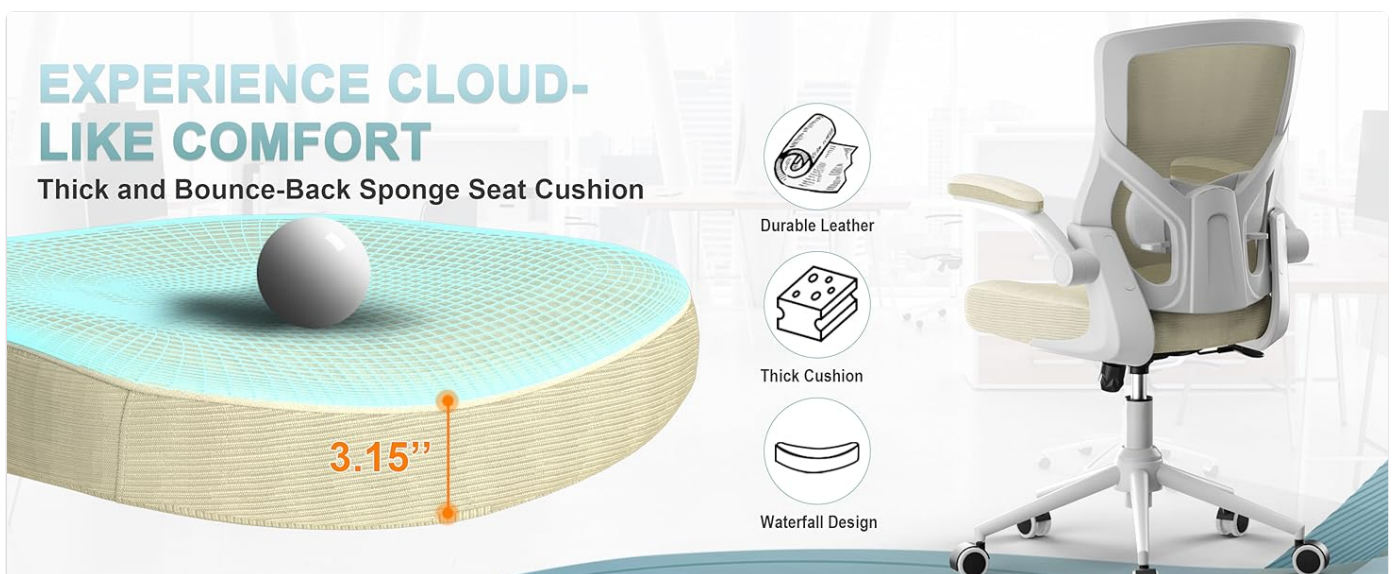

Figure 4: Flip-up armrests for space-saving and flexibility

## 4. Adjustable Lumbar Support

The chair includes adjustable lumbar support to provide tailored comfort for your lower back. Locate the lumbar support pad on the backrest. Gently push or pull the pad vertically to adjust its position to best support the curve of your spine (up

to 2 inches of adjustment).

## 5. 360-Degree Swivel

The chair's base allows for full 360-degree rotation, providing seamless mobility and versatility to reach items around your workspace without needing to reposition the entire chair.

## MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your CYKOV Office Chair.

- **Cleaning:** For the leather seat and mesh backrest, wipe with a soft, damp cloth. For tougher spots, use a mild soap solution and then wipe clean with a dry cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the materials.
- **Caster Care:** Periodically check the casters for accumulated dust, hair, or debris. Clean them as needed to ensure smooth rolling.
- **Hardware Check:** Every few months, inspect all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Avoid Overloading:** Do not exceed the maximum weight recommendation of 300 pounds.

## TROUBLESHOOTING

---

If you encounter any issues with your CYKOV Office Chair, please refer to the common problems and solutions below.

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift cylinder malfunction or lever not engaged.	Ensure the height adjustment lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement. Contact customer support.
Chair squeaks or wobbles	Loose screws or bolts.	Check and tighten all assembly screws and bolts, especially those connecting the seat, backrest, and mechanism.
Casters do not roll smoothly	Debris caught in casters or damaged casters.	Remove any hair, dust, or debris from the caster wheels. If damaged, casters may need replacement.
Recline function not working	Tilt lock engaged or tension knob too tight.	Ensure the tilt lock lever is disengaged (pulled out). Adjust the tilt tension knob counter-clockwise to loosen.
