IMPORTANT SAFETY INFORMATION

We recommend fixing this chest to the wall for stability. Due to the casters, it is prone to tipping, which could pose a danger to small children and pets. Always use the included anti-tip kit to secure the unit to a wall.

PRODUCT OVERVIEW

The WLIVE ASNG606 is a versatile 4-tier, 10-drawer fabric chest designed for efficient storage in various living spaces. It features a sturdy steel frame, fabric drawers, and a wooden top panel. The unit is equipped with casters for easy mobility and adjustable feet for stable placement. Side pockets provide additional storage for small items.

KEY FEATURES

- **Casters and Adjustable Feet:** Equipped with casters for easy movement and cleaning. The two front casters are lockable. Alternatively, adjustable feet can be installed to prevent floor scratches and allow height adjustment.

- **Ample Storage Space:** Features 10 drawers for extensive storage. The four larger bottom drawers are suitable for blankets, scarves, socks, children's toys, or clothes. Smaller top drawers are ideal for clothing items or socks. Side pockets are interchangeable (left or right) and provide four additional compartments for small items like socks or keys.

- **Space-Saving Design:** Fabric drawers offer a more compact solution compared to wooden storage furniture. With a depth of only 30cm, it does not overwhelm small spaces, making it ideal for single-person households.
- **Sturdy and Durable Construction:** Built with a steel frame for enhanced durability and long-term use. The top panel supports up to 30kg. Each drawer can hold up to 2.5kg. The total load capacity for side pockets is 10kg, and for hooks is 10kg. The top panel is made of embossed wood material, resistant to scratches and water. Drawers use breathable cationic fabric. Easy-to-grip handles provide smooth operation.

PARTS LIST

Before assembly, please ensure all parts are present and undamaged. Refer to the included assembly manual for a detailed list and diagrams.

- Steel Frame Components
- Wooden Top Panel
- Fabric Drawers (10 units)
- Drawer Handles
- Casters (with 2 lockable)
- Adjustable Feet
- Side Pockets (interchangeable)
- Assembly Hardware (screws, wrench, etc.)
- Anti-tip Kit

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your WLIVE chest of drawers. It is recommended to assemble on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list.
2. **Assemble the Steel Frame:** Connect the steel frame components according to the diagrams in the detailed instruction manual. Ensure all connections are secure.
3. **Install Casters or Adjustable Feet:** Decide whether to use casters for mobility or adjustable feet for stationary placement. Attach your chosen option to the bottom of the frame. If using casters, ensure the two lockable casters are at the front.
4. **Attach Top Panel:** Secure the wooden top panel to the top of the assembled steel frame using the provided hardware.
5. **Insert Drawers:** Unfold each fabric drawer and insert the bottom panel. Place the assembled drawers into their respective slots in the frame.

6. **Attach Drawer Handles:** Secure the handles to the front of each fabric drawer.
7. **Install Side Pockets:** Attach the side pockets to either the left or right side of the frame as desired.
8. **Install Anti-tip Kit:** For safety, attach the anti-tip kit to the back of the chest and secure it to a wall stud.

A detailed Japanese assembly and handling instruction manual is included with the product.

USAGE GUIDELINES

- **Drawer Capacity:** Do not exceed 2.5kg per drawer. Overloading can damage the drawers or frame.
- **Top Panel Load:** The top panel can support up to 30kg. Avoid placing excessively heavy items on it.
- **Side Pockets and Hooks:** The side pockets have a total load capacity of 10kg. The hooks can support up to 10kg.
- **Mobility:** If using casters, unlock the front casters before moving the unit. Lock them once the unit is in its desired position to prevent accidental movement.
- **Stability:** Always ensure the chest is placed on a level surface. If using adjustable feet, adjust them to ensure maximum stability.
- **Odor Note:** Due to material characteristics, new drawers may have a certain odor. If sensitive to odors, please ventilate the drawer parts in a well-aired space before use.

CARE AND MAINTENANCE

- **Cleaning the Frame:** Wipe the steel frame with a soft, damp cloth. Avoid abrasive cleaners.
- **Cleaning Drawers:** The fabric drawers can be spot cleaned with a mild detergent and a damp cloth. Do not machine wash or tumble dry. Ensure they are completely dry before reinserting.
- **Top Panel Care:** The wooden top panel is scratch and water-resistant. Wipe spills immediately with a dry cloth.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chest feels unstable or wobbly.	Uneven floor; loose connections; casters not locked.	Ensure the chest is on a level surface. Tighten all screws. If using casters, ensure they are locked. If using adjustable feet, adjust them to stabilize the unit.
Drawers do not slide smoothly.	Drawer overloaded; fabric creased; incorrect insertion.	Reduce weight in the drawer. Ensure the fabric is not creased or caught. Re-insert the drawer correctly.
New product odor.	Normal for new fabric products.	Ventilate the drawers in a well-aired space for a few days before use.
Missing parts during assembly.	Packaging error.	Contact WLIVE customer support with your purchase details and the specific missing parts.
