RiceBlock RB0099

RiceBlock Sea Dinosaur Crossing Ocean World Building Set

Model: RB0099

Introduction

Thank you for choosing the RiceBlock Sea Dinosaur Crossing Ocean World Building Set. This 785-piece set allows you to construct a detailed Mosasaurus model, featuring mechanical components and integrated lights. Designed to enhance creativity, problem-solving skills, and spatial awareness, this set provides an engaging building experience for both children and adults.

This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure a successful and enjoyable experience with your new building set.

Safety Information

This product contains small parts and is recommended for ages 15 years and up. Keep out of reach of children under 3 years old due to choking hazards. Adult supervision is recommended during assembly, especially for younger builders. Ensure all connections are secure to prevent parts from detaching during play or display.

Setup and Assembly

The RiceBlock Sea Dinosaur Crossing Ocean World Building Set comes with a comprehensive instruction manual for step-by-step assembly. Please follow the included manual carefully to ensure correct construction of the Mosasaurus model and its display stand.

- **Unpack Components:** Carefully open the packaging and sort the building blocks by type or color as indicated in

the assembly manual.

- **Follow Instructions:** Refer to the numbered steps in the dedicated instruction booklet provided with the set. Each step illustrates the pieces required and their placement.
- **Secure Connections:** Ensure each block is firmly connected to the next. Some connections may require gentle but firm pressure.
- **Mechanical Parts:** Pay close attention to the assembly of mechanical components, such as the hand-crank mechanism and multi-joint linkage, as these enable the model's interactive features.
- **Light Integration:** Install the light components as directed in the manual. Ensure wires are routed correctly and connections are secure.

Operating Instructions

Once assembled, your RiceBlock Mosasaurus model offers interactive features for enhanced play and display.

- **Activating Lights:** The model features integrated lights. Locate the control knob on the display stand. Turn this knob to activate the internal lighting of the Mosasaurus.
- **Mosasaurus Movement:** The model incorporates a multi-joint linkage system. While specific movement is hand-crank powered, gentle manipulation of the tail or body can demonstrate the articulated design.

Maintenance

To ensure the longevity and appearance of your RiceBlock Mosasaurus building set, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For stubborn dirt, lightly dampen a cloth with water (do not use harsh chemicals or abrasive cleaners).
- **Storage:** When not on display, store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Handling:** Handle the model carefully, especially around delicate parts or articulated joints, to avoid accidental detachment of pieces.

Troubleshooting

If you encounter any issues during assembly or operation, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Missing pieces	Packaging error or lost during unpacking.	Carefully check all packaging materials. If pieces are genuinely missing, contact RiceBlock customer support with your product model and purchase details.
Pieces do not fit together or fall apart easily	Incorrect piece selection or insufficient pressure during assembly.	Double-check the assembly manual to ensure the correct pieces are being used for each step. Apply firm, even pressure to snap pieces into place. If a piece is consistently loose, ensure it is not damaged or warped.
Lights do not turn on	Incorrect light component installation or wiring.	Review the light installation steps in the assembly manual. Ensure all connections are secure and the control knob is fully turned.
Mechanical parts do not move smoothly	Incorrect assembly of gears or linkages, or obstruction.	Inspect the mechanical sections for any misaligned or incorrectly placed components. Ensure no foreign objects are obstructing the movement.

SPECIFICATIONS

Feature	Detail
Product Name	RiceBlock Sea Dinosaur Crossing Ocean World Building Set
Model Number	RB0099
Number of Pieces	785
Product Dimensions	22.24 x 8.07 x 5.11 inches (56.5 x 20.5 x 13 cm)
Item Weight	1.5 pounds (0.68 kg)
Recommended Age	15 years and up
Manufacturer	Riceblock
