P37 Bk376

P37 4-Port USB Wall Charger with Quick Charge 3.0

Model: Bk376

INTRODUCTION

Thank you for choosing the P37 4-Port USB Wall Charger. This device is designed to provide efficient and safe charging for multiple electronic devices simultaneously. It features Quick Charge 3.0 technology for rapid charging of compatible devices and intelligent power distribution for optimal performance across all ports.

SAFETY INFORMATION

- Do not expose the charger to liquids, moisture, or extreme temperatures.
- Avoid dropping or subjecting the charger to strong impacts.
- Do not attempt to disassemble, repair, or modify the charger. This will void the warranty and may cause damage or injury.
- Ensure the charger is plugged into a standard wall outlet with the correct voltage (120 Volts).
- Keep out of reach of children.
- Unplug the charger from the wall outlet when not in use or during electrical storms.

PACKAGE CONTENTS

Please check the package for the following items:

- 1 x P37 4-Port USB Wall Charger (Model: Bk376)
- 3 x USB 2.0 Cable

PRODUCT OVERVIEW

The P37 4-Port USB Wall Charger features a compact design with four USB ports, including one Quick Charge 3.0 port and three standard USB ports (Auto 3.1A). It is designed for universal compatibility and includes multiple safety protections.

INTELLIGENT CHARGE

Intelligent matching current with Built-in Quick Charge 3.0 Chipset

SMART SMART TECHNOLOGY

intelligent recognize devices for high-speed charging(up to 3.1A)

4 × faster than conventional charger

OPERATING INSTRUCTIONS

Intelligent Charging

The charger features intelligent technology that automatically recognizes connected devices and delivers the optimal charging current. This ensures efficient and safe charging for all compatible devices.

Widely Compatibility

Max Output

4 USB Ports

Small size

Image: Diagram explaining the intelligent charging feature, which automatically detects and provides the correct power for connected devices.

Quick Charge 3.0 Port

The orange-colored USB port supports Quick Charge 3.0 technology. When used with a compatible device and charging cable, this port can charge devices up to 4 times faster than conventional chargers. It is also backward compatible with QC 2.0 and QC 1.0 devices.

Standard USB Ports (Auto 3.1A)

The three green-colored USB ports provide up to 3.1A (max) output per port, intelligently adjusting the current to suit your device's needs for efficient charging.

Universal Compatibility

This charger is compatible with a wide range of devices, including:

- **Phones:** iPhones (various models), Samsung Galaxy (various models), OnePlus, Nokia, Huawei, Xiaomi, Redmi, Realme, Oppo, Motorola.
- **Tablets:** iPads, Samsung tablets, other Android tablets.
- **Other Devices:** Cameras, Headphones, Nintendo Switch, AirPods, MagSafe accessories.

Compatible With Multiple Devices

Laptop/iPad

MacBook Pro
NoteBook
iPad Pro 2020

Phone

iPhone 12 11 X XR
Galaxy S8 S20/ Note 9
Huawei Mate 30 Xiaomi
Note 10 LG Moto

Others

Nintendo Switch
AirPods /AirPods Pro
Magsafe

MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting charging cables excessively, as this can damage them.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging	Loose connection, faulty cable, incompatible device, power outlet issue.	Ensure charger is firmly plugged into the wall. Try a different USB cable. Test the charger with another device. Try a different wall outlet.

Problem	Possible Cause	Solution
Slow charging	Non-QC compatible device on QC port, faulty cable, device drawing too much power.	Ensure QC3.0 compatible devices are connected to the orange QC3.0 port with a QC-compatible cable. Try a different cable. Disconnect other devices to see if charging speed improves.
Charger feels warm	Normal operation, heavy load.	It is normal for the charger to feel slightly warm during operation, especially when charging multiple devices or fast charging. If it becomes excessively hot, unplug it immediately and contact support.

SPECIFICATIONS

- **Model Number:** Bk376
- **Input Voltage:** 120 Volts
- **Total USB Ports:** 4
- **Output:** 1 x Quick Charge 3.0 Port, 3 x Auto 3.1A USB Ports
- **Wattage:** 18 watts (Note: This wattage might refer to a single QC port or average, actual total output can be higher based on 3.1A ports)
- **Special Features:** Fast charging, Multiport QC3.0, Bluelight indicator, Travel adapter design
- **Dimensions:** 3.66 x 1.93 x 1.18 inches
- **Item Weight:** 1.41 ounces
- **Manufacturer:** Shenzhen Yaffis Technology Co., Ltd.
