Key Features:

- **Active Noise Cancellation (ANC):** Reduces ambient noise for immersive listening.
- **Bluetooth 5.3 Connectivity:** Ensures stable, low-latency wireless connection.
- **100-Hour Playtime:** Extended battery life for long listening sessions.
- **Fast Charging:** Quick recharge capability via Type-C port.
- **40mm Dynamic Drivers:** Delivers superior sound quality with deep bass.
- **Built-in Microphone:** For clear hands-free calls.
- **Comfortable & Foldable Design:** Ultra-soft ear pads, adjustable headband, and space-saving foldability.
- **Wired Mode Option:** Use with a 3.5mm audio cable when battery is low or for non-Bluetooth devices.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. A full charge takes approximately 3 hours.

- Connect the USB Type-C charging cable to the charging port on the headphones.
- Connect the other end of the cable to a 5V=1A USB power adapter (not included) or a computer USB port.
- The LED indicator will show charging status (e.g., red for charging, blue for fully charged).

Note: For quick charging, 10 minutes of charge can provide up to 10 hours of playtime with ANC off.

2. Powering On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until the LED indicator flashes.
- **To Power Off:** Press and hold the Power button for approximately 3 seconds until the LED indicator turns off.

3. Bluetooth Pairing

The headphones feature one-step pairing for convenience.

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Rebocico Cosmos-Q07" from the list of devices.
5. Once connected, the LED indicator will flash blue slowly.

The headphones will automatically reconnect to the last paired device when powered on, if the device's Bluetooth is active and within range (up to 33 feet).

4. Wired Mode Connection

You can use the headphones in wired mode when the battery is low or with non-Bluetooth devices.

- Connect one end of the 3.5mm audio cable to the audio jack on the headphones.
- Connect the other end to the 3.5mm audio output on your device.

300mm wired backup

Wireless & Wired Mode

Fast and stable connection within 10m

Image: The headphones connected via a 3.5mm audio cable, illustrating the wired mode functionality for continuous listening.

Note: When using wired mode, turn off the Active Noise Cancellation (ANC) function to conserve battery power if ANC is not desired.

OPERATING INSTRUCTIONS

1. Active Noise Cancellation (ANC)

Press the dedicated ANC button to activate or deactivate the noise cancelling feature. When activated, the headphones will significantly reduce low and mid-frequency ambient noises.

Active Noise Cancelling Headphone

Press the ANC button to establish a personalized sanctuary of tranquility

2. Music Playback and Call Management

Use the control buttons on the headphones for the following functions:

- **Play/Pause:** Press the Multi-function button once.
- **Volume Up:** Press the Volume + button.
- **Volume Down:** Press the Volume - button.
- **Next Track:** Press and hold the Volume + button.
- **Previous Track:** Press and hold the Volume - button.
- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Activate Voice Assistant:** Double-press the Multi-function button.

COMFORT AND FIT

The Rebocico headphones are designed for comfortable all-day wear.

- **Adjustable Headband:** Extend or retract the headband to fit your head size.
- **Rotatable Earcups:** The earcups can pivot to conform to the shape of your ears.
- **Soft Earmuffs:** Made with ultra-soft protein leather and memory foam for gentle contact and a secure fit.
- **Foldable Design:** Fold the earcups inward for compact storage and portability.

MAINTENANCE

1. Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use harsh chemicals, cleaning solvents, or strong detergents.
- Avoid getting moisture into any openings.

2. Storage

- Store the headphones in a cool, dry place away from extreme temperatures and direct sunlight.
- When not in use for extended periods, fold the headphones to save space.
- Charge the headphones periodically (e.g., once every 3 months) to maintain battery health.

TROUBLESHOOTING

If you encounter any issues, please refer to the following common solutions:

Problem	Possible Solution
Headphones do not power on	Ensure the headphones are charged. Connect to a power source using the USB Type-C cable.
Cannot pair via Bluetooth	Ensure headphones are in pairing mode (LED flashing red/blue). Turn off and on Bluetooth on your device. Move closer to the device (within 33 feet). Forget the device in your Bluetooth settings and try pairing again.
No sound or low volume	Check volume levels on both headphones and your connected device. Ensure headphones are properly paired or the 3.5mm cable is fully inserted. Try another audio source.
ANC not working effectively	Ensure ANC is activated. Adjust headphone fit to ensure a good seal around your ears. ANC is most effective against low-frequency, constant noises.
Microphone not working	Ensure headphones are connected via Bluetooth (microphone functionality is typically not available in wired mode). Check microphone settings on your connected device.

SPECIFICATIONS

Feature	Detail
Model Name	Cosmos-Q07 (Internal: bd85601f4854926e39e77b36c7cb)
Bluetooth Version	V5.3

SAFETY INFORMATION

- Do not expose the headphones to extreme temperatures, humidity, or liquids.
- Avoid dropping or subjecting the headphones to strong impacts.
- Do not attempt to disassemble or repair the headphones yourself. This may void the warranty and cause damage.
- Listen at moderate volume levels to prevent hearing damage. Prolonged exposure to loud sounds can cause irreversible hearing loss.
- Do not use headphones while driving, cycling, or in situations where you need to hear ambient sounds for safety.
- Keep out of reach of children.
