3. PRODUCT FEATURES

The PLAUD Note AI Voice Recorder is equipped with several key features designed for optimal performance and user convenience:

- **AI Technology Integration:** The PLAUD APP utilizes advanced AI, including GPT-4o & Claude 3.5 Sonnet, for accurate transcription in 112 languages and intelligent summarization, meeting minutes, and to-do list generation.
- **Enhanced Privacy:** Features local data encryption and cloud file exclusivity, ensuring data processing only occurs with user authorization.
- **Compact Design:** The device measures 3.7 x 2.6 x 0.27 inches, making it ultra-slim and highly portable.
- **Durable Cases:** Comes with a high-quality leather magnetic case, offering water resistance and protection.
- **64GB Internal Memory:** Provides ample storage for recordings.
- **Long Recording Time:** Supports up to 30 hours of continuous recording.
- **Dual-Mode Recording:** Capable of both phone call recording (via vibration sensor) and note recording for in-person conversations.

4. SETUP GUIDE

Follow these steps to set up your PLAUD Note AI Voice Recorder for first-time use:

1. **Charge the Device:** Connect the PLAUD Note to a power source using the provided charging cable. Ensure the device is fully charged before initial use.
2. **Download the PLAUD App:** Search for "PLAUD" in your smartphone's app store (iOS or Android) and download the official application.
3. **Pair via Bluetooth:** Open the PLAUD App and follow the on-screen instructions to pair your PLAUD Note via Bluetooth. Ensure Bluetooth is enabled on your smartphone.
4. **Account Setup:** Create or log in to your PLAUD account within the app to access cloud storage and AI features.
5. **Attach Magnetic Case (Optional):** If desired, attach the magnetic case to your PLAUD Note for added

protection and compatibility with MagSafe-enabled devices.

5. OPERATING INSTRUCTIONS

Operating your PLAUD Note is intuitive. Here are the primary functions:

5.1 One-Press Recording

- To start recording, simply press the designated record button on the PLAUD Note. The device will begin capturing audio immediately.
- Press the button again to stop the recording.

5.2 Dual-Mode Precision Recording

The PLAUD Note supports two distinct recording modes:

- **Phone Call Recording:** Attach the PLAUD Note to your smartphone (compatible with MagSafe) to capture

phone calls via its vibration sensor.

- **Note Recording:** For in-person conversations, place the PLAUD Note within 9.8 feet of the speakers for optimal audio capture.

5.3 App Control and AI Features

The PLAUD App unlocks the full potential of your device:

- **Transcription:** Upload your recordings to the app for accurate transcription in 112 languages.
- **Summarization:** Utilize AI to generate concise summaries, meeting minutes, or to-do lists from your transcribed audio.
- **File Management:** Effortlessly manage, sort, and share your audio files, transcriptions, and summaries within the app.
- **Cloud Storage:** Benefit from 10,000 minutes of cloud storage for your recordings.

Smart Summaries, Key Insights

Automated Integrated with the Most Powerful LLM

6. MAINTENANCE

To ensure the longevity and optimal performance of your PLAUD Note AI Voice Recorder, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the device with a soft, dry cloth. Avoid using abrasive cleaners or solvents that could damage the surface.
- **Storage:** Store the PLAUD Note in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Battery Care:** For long-term storage, ensure the device has at least a 50% charge to prevent battery degradation. Recharge periodically if not in use for extended periods.
- **Software Updates:** Regularly check the PLAUD App for firmware updates for your device to ensure you have the latest features and performance improvements.

7. TROUBLESHOOTING

If you encounter any issues with your PLAUD Note, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Device not turning on	Low battery; device malfunction	Charge the device fully. If issue persists, contact support.
Cannot connect to app via Bluetooth	Bluetooth off; device not in pairing mode; app issue	Ensure Bluetooth is on. Restart device and app. Try re-pairing.
Poor recording quality	Distance from source; environmental noise; microphone obstruction	Ensure device is within 9.8 feet of source. Reduce background noise. Check for obstructions.
Transcription errors	Poor audio quality; complex terminology; accent recognition	Improve recording conditions. Review and edit transcriptions in the app.
App not responding	Software glitch; network issue	Close and restart the app. Check your internet connection. Update the app.

If these steps do not resolve your issue, please contact PLAUD customer support for further assistance.
