Maxslak CF96BK-LK

96" Industrial & Commercial HVLS Ceiling Fan with Light

INSTRUCTION MANUAL

PRODUCT OVERVIEW

The Maxslak 96" Industrial & Commercial HVLS Ceiling Fan with Light is designed for heavy-duty air circulation in large indoor and outdoor spaces. Featuring 7 aluminum blades and a high CFM brushless motor, it provides powerful airflow while operating quietly. This smart ceiling fan offers integrated intelligent remote control, Wi-Fi connectivity, and voice assistant compatibility (Alexa) for convenient operation. It also includes dimmable LED lighting with three color temperature settings.

SAFETY INFORMATION

Always ensure the power supply is disconnected at the circuit breaker before installation, maintenance, or troubleshooting. This fan is equipped with safety rope accessories to enhance user safety. Ensure all connections are secure and follow local electrical codes. Do not operate the fan if any part is damaged or if the blades are not properly installed.

INSTALLATION GUIDE

Refer to the detailed user manual for complete step-by-step instructions. Ensure the mounting surface can support the fan's weight (38.8 lbs). This fan is suitable for flat ceilings and sloped ceilings up to 12 degrees. Select the appropriate downrod size (12", 24", or 36") based on your ceiling height.

OPERATING INSTRUCTIONS

The Maxslak ceiling fan offers multiple control options for your convenience:

Remote Control

- **Fan Speed:** Select from 6 adjustable speeds.
- **Light Settings:** Dimmable LED light with 3 color temperatures (3000K Warm, 4000K Natural, 6000K White).
- **Timer:** Set the fan to operate for 1, 4, or 8 hours.
- **Reverse Function:** Change blade direction for summer cooling (clockwise) or winter air circulation (counter-clockwise).

Smart Control (Wi-Fi & Voice Assistants)

Connect your fan to the Smart Life App for Wi-Fi control and integrate with voice assistants like Amazon Alexa for hands-free operation.

- **App Control:** Manage all fan functions from your smartphone.
- **Voice Control:** Use simple voice commands with Alexa to turn the fan/light on/off, adjust speed, or change light settings.

MAINTENANCE

To ensure optimal performance and longevity of your Maxslak ceiling fan, regular maintenance is recommended:

- **Cleaning:** Dust the blades and motor housing periodically with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.

- **Blade Inspection:** Check the blades for any signs of damage or warping. Ensure all blade screws are tightened securely.
- **Motor Care:** The DC motor is designed for energy efficiency and quiet operation. No lubrication is required.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wiring connections are secure; Replace remote control battery.
Fan is noisy	Loose blade screws; Mounting bracket not secure; Fan not balanced.	Tighten all blade screws; Ensure mounting bracket is firmly attached; Use balancing kit (if included) to balance blades.
Light does not work	Loose wire connection to light kit; LED panel issue.	Check light kit wiring; Contact customer support if LED panel is faulty.
Remote not working	Battery low/dead; Remote not paired with fan.	Replace battery; Re-pair remote control with the fan according to the manual.
