7. Troubleshooting

While Pokini stoneware is designed for durability, occasional issues may arise. Here are some general troubleshooting tips:

- **Minor Scratches:** The hard glaze is designed to resist scratches. If minor marks appear, gentle cleaning with a non-abrasive cleaner may help.
- **Chipping:** While highly chip-resistant, extreme impact can cause chipping. Handle with care, especially when stacking or placing in the dishwasher.
- **Discoloration:** Ensure proper cleaning after each use to prevent food stains. For stubborn stains, a baking soda paste can be applied and gently scrubbed.

For any persistent issues or concerns, please refer to the Warranty and Support section.
