Hetoy 6V Kids ATV Instruction Manual

Model: cWMa0ChQ-vqMrqQvxT558wWqXO8Q

IMPORTANT SAFETY INFORMATION

For the safety of your child, please read and understand all instructions before assembly and operation. Keep this manual for future reference.

- Always supervise children when operating the ATV.
- Ensure the child wears appropriate safety gear, including a helmet.
- Operate the ATV on flat, dry surfaces. Avoid slopes, uneven terrain, and public roads.
- Keep the car away from water to prevent electrical damage and ensure safety.
- Do not exceed the maximum weight capacity of 55 pounds.
- Recommended age for use: 3 - 8 years.

PACKAGE CONTENTS

Please check the contents of the box to ensure all parts are present:

- 1 x 6V Kids ATV
- 1 x Charger
- 1 x User Manual

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Hetoy 6V Kids ATV. Refer to the assembly video for visual guidance.

Assembly Video Guide

Your browser does not support the video tag.

Official assembly video for the 6V Ride on ATV. This video demonstrates the step-by-step process of putting the ATV together, including wheel installation, handlebar attachment, and battery connection.

Step-by-Step Assembly

1. 1. Unboxing and Preparation:

Carefully open the packaging and remove all components. Lay out all parts and ensure nothing is missing before beginning assembly.

The Hetoy 6V Kids ATV, ready for assembly. This image shows the main product unit.

2. 2. Remove Steering Rod:

Locate the steering rod assembly. Using a screwdriver, carefully remove the securing components to detach the rod from the main body. This step is crucial for accessing the wheel attachment points.

3. 3. Attach Front Wheels:

Place the ATV upside down or on its side for easier access. Slide the front wheels onto their respective axles. Secure each wheel with the provided washers and nuts. Ensure they are firmly attached but can still rotate freely.

This image illustrates the battery, speed, and motor specifications, which are relevant for understanding the vehicle's components during assembly.

4. 4. Attach Rear Wheels:

Repeat the process for the rear wheels. Slide them onto the rear axle and secure them with the washers and nuts. Double-check that all four wheels are securely fastened.

5. 5. Install Handlebars:

Re-insert the steering rod into its designated slot on the main body. Attach the handlebars to the top of the steering rod, ensuring they are aligned correctly. Secure the handlebars with the provided fasteners.

A detailed view of the ATV's control panel, showing the foot pedal, music switch, forward/reverse switch, and power switch. This helps in understanding the final setup.

6. 6. Connect Battery:

Locate the battery compartment, usually under the seat. Connect the battery terminals according to the color-coded wires (red to red, black to black). Ensure a secure connection.

7. 7. Secure Seat:

Once the battery is connected, place the seat back onto the ATV and secure it in place. Some models may have clips or screws to hold the seat firmly.

OPERATING INSTRUCTIONS

Operating the Hetoy 6V Kids ATV is straightforward:

- **Power On/Off:** Locate the red power switch on the dashboard. Press it to turn the ATV on or off. The headlight will illuminate when the power is on.
- **Forward/Reverse:** Use the forward/stop/reverse switch to select the desired direction of travel.
- **Acceleration:** Press the foot pedal to accelerate. Release the foot pedal to stop the ATV. The maximum speed is

approximately 1.8 MPH.

- **Music Function:** Press the music switch to play pre-installed songs.

CHARGING INSTRUCTIONS

To charge the 6V battery:

1. Ensure the ATV is turned off.
2. Locate the charging port, typically found near the rear wheel or under the seat.
3. Plug the charger into the charging port.
4. Plug the charger into a standard wall outlet.
5. Allow the battery to charge for the recommended time (refer to charger indicator for full charge). Do not overcharge.
6. Unplug the charger once charging is complete.

This image shows the types of surfaces the ATV is suitable for, which is important for safe operation and battery life.

MAINTENANCE

Regular maintenance helps prolong the life of your ATV:

- **Cleaning:** Wipe down the ATV with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Avoid spraying water directly onto electrical components.
- **Battery Care:** Charge the battery fully after each use. If storing for an extended period, charge the battery at least once a month to maintain its health.
- **Storage:** Store the ATV in a dry, cool place away from direct sunlight and moisture.
- **Inspections:** Periodically check all nuts, bolts, and electrical connections to ensure they are secure.

TROUBLESHOOTING

If you encounter issues, try these common solutions:

Problem	Possible Cause	Solution
ATV does not move	Battery not charged or connected; Power switch off; Loose wiring.	Charge battery; Turn on power switch; Check battery connections.
Slow speed	Low battery; Overloaded; Operating on unsuitable surface.	Charge battery; Reduce load; Move to a flat, hard surface.
Lights not working	Loose wire; Damaged bulb (if applicable).	Check wiring connections; Contact customer support if issue persists.

SPECIFICATIONS

- **Product Dimensions:** 27.56 x 16.53 x 17.72 inches (L x W x H)
- **Item Weight:** 55 pounds
- **Item Model Number:** cWMa0ChQ-vqMrqQvxT558wWqXO8Q
- **Manufacturer Recommended Age:** 3 - 8 years
- **Max Speed:** 1.8 MPH
- **Max Weight Capacity:** 55 pounds
- **Battery:** 6V4.5AH x 1
- **Motor:** 25W x 1
- **Manufacturer:** Hetoy
- **Release Date:** June 13, 2024
