OLAKIDS 12V Licensed Ford Mustang Shelby GT500 Ride-on Car Instruction Manual

Model: 10262

INTRODUCTION

Thank you for choosing the OLAKIDS 12V Licensed Ford Mustang Shelby GT500 Ride-on Car. This electric vehicle is designed to provide an exciting and safe driving experience for children aged 3 to 8 years. Please read this manual thoroughly before assembly and operation to ensure proper use and to maximize the lifespan of your product. Keep this manual for future reference.

SAFETY INFORMATION

WARNING: To reduce the risk of injury, adult supervision is required. Never use in roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water. Always wear shoes, and never allow more than one rider.

- Keep away from open fire.
- Ensure the child wears appropriate safety gear, including a helmet, when operating the vehicle.
- Always use the seat belt provided.
- Do not allow children to operate the vehicle in unsafe areas or unsupervised.
- Regularly check all nuts, bolts, and fastenings to ensure they are secure.
- This product is certified by ASTM, ensuring safety of use.

PACKAGE CONTENTS

Before assembly, please ensure all parts listed below are present and undamaged:

- 1 x OLAKIDS 12V Licensed Ford Mustang Shelby GT500 Ride-on Car (main body)
- 1 x Charger
- 1 x Instruction Manual (this document)
- 1 x Remote Control (requires 2 x AA batteries, not included)
- Wheels and wheel covers
- Steering wheel
- Rear spoiler
- Side mirrors
- Seat with safety belt
- Axles and necessary fasteners (washers, nuts)
- Windshield/Dashboard assembly

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your ride-on car. For a visual guide, please refer to the assembly video below.

Video: How to install the OLAKIDS Licensed Ford Mustang Shelby GT500 ride-on car. This video demonstrates the step-by-step assembly process for the vehicle.

Step-by-Step Assembly:

1. **Install Rear Wheels:** Turn the car body upside down. Insert the rear axle through the designated holes. Attach the rear wheels, securing them with washers and nuts. Ensure the wheels spin freely but are firmly attached.
2. **Install Front Wheels:** Attach the front wheels to the front axle, securing them with washers and nuts. Ensure they are properly aligned and can steer.
3. **Connect Battery:** Locate the battery compartment. Connect the red terminal to the red wire and the black terminal to the black wire. Ensure connections are secure.
4. **Install Seat:** Place the seat into the car body, aligning it with the mounting points. Secure the seat using the provided screws or clips. Ensure the safety belt is accessible.
5. **Attach Rear Spoiler:** Position the rear spoiler on the back of the car. Press firmly until it clicks into place or secure with screws if provided.
6. **Attach Side Mirrors:** Insert the side mirrors into the designated slots on the car's body. Apply gentle pressure until they are securely fitted.
7. **Install Steering Wheel and Dashboard:** Connect the steering wheel's electrical connector to the corresponding port on the dashboard. Place the dashboard assembly onto the car, ensuring all connections are made and it sits flush. Secure the steering wheel to the steering column.

OPERATING INSTRUCTIONS

Your OLAKIDS ride-on car offers two primary control modes: manual operation by the child and parental remote control.

Image: Illustration of the two driving modes available for the ride-on car.

1. Child Manual Operation

- **Start:** Press the power button to turn on the car.
- **Acceleration:** Press the foot pedal to move forward. Release the pedal to brake.
- **Steering:** Use the steering wheel to control the direction of the car.
- **Speed:** The car features a slow start function to prevent sudden acceleration. Speed is adjustable from 1.7 to 2.3 mph.

2. Parental Remote Control

The 2.4GHz remote control allows parents to supervise and control the vehicle, especially for younger children.

- **Pairing:** Follow the remote control's specific instructions to pair it with the car.
- **Controls:** The remote typically includes buttons for forward/backward, left/right steering, speed selection (3 speeds), and an emergency brake function.
- **Emergency Brake:** Press the emergency brake button on the remote to immediately stop the car.

Multimedia Features

Image: Close-up of the car's dashboard showing multimedia controls.

- **Built-in Music:** The car comes with pre-loaded music for entertainment.
- **USB Port:** Connect a USB device to play your child's favorite music.
- **Radio:** Tune into FM radio stations.
- **Horn:** Press the horn button on the steering wheel for sound effects.
- **LED Lights:** Bright LED headlights enhance the realistic driving experience.
- **Power Display:** The dashboard includes a power display to monitor battery level.

MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your ride-on car.

- **Cleaning:** Wipe the car with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:** Charge the 12V battery for 8-12 hours before first use and after each use. Do not overcharge. If storing for extended periods, charge the battery monthly.
- **Storage:** Store the car in a dry, cool place away from direct sunlight and moisture.

- **Inspection:** Periodically check for loose parts, damaged wiring, or worn tires. Replace any damaged components immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Car does not move	Low battery; Loose battery connection; Blown fuse; Motor issue	Charge battery; Check battery terminals; Replace fuse; Contact customer support
Car moves slowly	Low battery; Overload; Rough terrain	Charge battery; Reduce weight; Use on smooth surfaces
Remote control not working	Unpaired remote; Dead batteries in remote	Re-pair remote; Replace AA batteries in remote
Lights or music not working	Loose wiring; Component failure	Check connections; Contact customer support
