OPERATING THE TV

Remote Control Functions

The included remote control provides full functionality for navigating your TV's features.

The remote control allows access to all TV functions, including power, volume, channel, input selection, and smart TV navigation.

WebOS 5.0 Smart Features

Your SANSUI TV runs on WebOS 5.0, offering a user-friendly interface for accessing streaming services and applications.

The WebOS 5.0 home screen provides quick access to recent inputs, features, and a wide array of streaming applications like YouTube, Netflix, Disney+, and Prime Video.
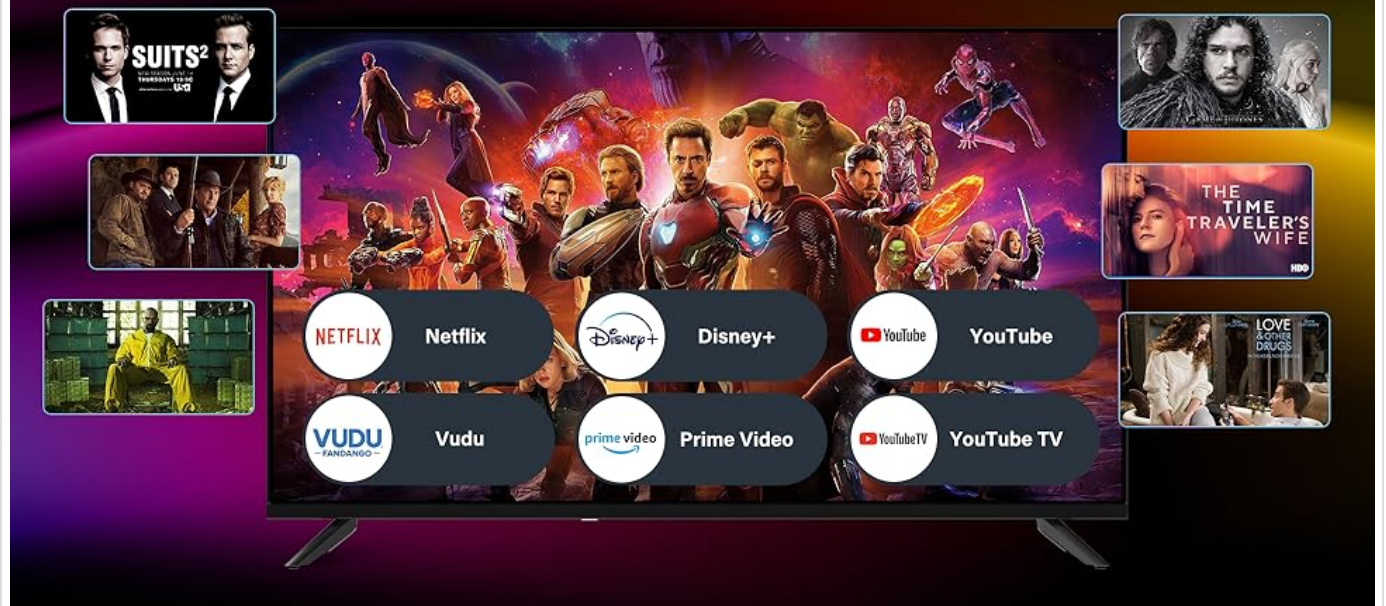

- **Streaming Apps:** Directly access popular services such as YouTube, YouTube TV, Netflix, Disney+, Prime Video, and Vudu.
- **Home Entertainment:** The intuitive interface allows for easy navigation between live TV, connected devices, and smart applications.
- **AIPlay Screen Casting:** Supports intelligent recognition for screen casting from compatible devices.

Music Card App

The integrated Music Card App centralizes various music services for a seamless audio experience.

The Music Card App integrates services like Spotify and YouTube Music, allowing users to access their favorite audio content and even play music from mobile or USB files.

- Access various music services including Spotify and YouTube Music.
- Play music directly from mobile devices or USB storage.
- Option to turn off the screen while listening to music.

Game Optimizer

Enhance your gaming experience with the built-in Game Optimizer feature.

The Game Optimizer reduces blue light emissions, minimizes input latency, and alleviates screen tearing and video lag for a smoother gaming experience.

- Reduces blue light emissions for eye comfort during extended gaming sessions.
- Minimizes input latency for more responsive gameplay.
- Alleviates screen tearing and video lag for a smoother visual experience.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your SANSUI Smart TV.

- **Screen Cleaning:** Gently wipe the screen with a soft, dry microfiber cloth. For stubborn marks, slightly dampen the cloth with water or a screen-specific cleaning solution (do not spray directly on the screen).
- **Cabinet Cleaning:** Use a soft, dry cloth to clean the TV's cabinet. Avoid using abrasive cleaners or solvents.
- **Ventilation:** Ensure adequate airflow around the TV. Do not block ventilation openings.
- **Power Cord:** Regularly check the power cord for any damage. Unplug the TV during electrical storms or when not in use for extended periods.
