- **Multi-Function Storage:** A 2-tier storage shelf within the headboard keeps essentials within reach.
- **Upholstered Design:** Features PU leather upholstery with high-density sponge for comfort and a modern aesthetic.
- **Durable Construction:** Solid stainless steel frame and heavy-duty wood slats ensure stability and a noise-free experience.

## SETUP INSTRUCTIONS

---

### 1. Unpacking and Parts Identification

Carefully unpack all components from the packaging. Verify that all parts listed in the assembly guide are

present and undamaged. It is recommended to lay out all parts on a clean, soft surface to prevent scratches.

## 2. Step-by-Step Assembly

Follow the detailed diagrams provided in your physical assembly manual. The bed frame features a bolt-free quick-lock assembly system for the wood slats, simplifying the process. Ensure all connections are secure before use.

## CARE AND MAINTENANCE

---

To maintain the appearance and longevity of your Rolanstar bed frame, wipe surfaces with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners, which can damage the PU leather finish. Regularly check all connections and fasteners to ensure they remain tight and secure.

## TROUBLESHOOTING

---

### LED Lights Not Functioning

- Ensure the power adapter for the LED lights is securely plugged into a working electrical outlet.
- Check the connection between the LED strip and the controller.
- Verify that the remote control has working batteries and is pointed directly at the receiver.

### Charging Ports Slow or Not Working

- Confirm that the charging station's power cord is fully plugged into an active power source.
- Try using a different charging cable or device to rule out issues with your accessories.
- Note that charging speeds can vary depending on the device and cable used.

### Noise Issues (Squeaking/Creaking)

- Inspect all frame connections and bolts to ensure they are tightened properly.
- Check the wood slats; they are designed with a Velcro system to prevent movement and noise. Ensure they are correctly aligned and secured.
- Verify that the mattress is properly seated on the slats and not causing friction against the frame.
