Key Assembly Steps (Refer to video for full details)

1. **Prepare Components:** Unpack all parts and hardware. Identify the cabinet doors, side panels, top, bottom, and shelves.
2. **Attach Door Hardware:** Secure the hinges and door knobs to the cabinet doors using the provided screws.
3. **Assemble Frame:** Connect the side panels to the top and bottom panels using the cam locks and dowels. Ensure all connections are tight and secure.
4. **Install Back Panel:** Slide the back panel into the grooves of the assembled frame and secure it with small nails or screws.
5. **Insert Shelves:** Place the fixed shelf into its designated position. Install the adjustable shelf by inserting the shelf pins into the desired holes on the side panels, then resting the shelf on top.
6. **Mount Doors:** Attach the assembled doors to the cabinet frame using the hinges. Adjust as necessary to ensure proper alignment and smooth opening/closing.
7. **Wall Mounting:** Using appropriate wall anchors and screws (not always included, check your package), securely mount the cabinet to a sturdy wall. Ensure it is level and stable before placing items inside.

Operating Your Cabinet

The HOMCOM 3-Tier Bathroom Wall Cabinet is designed for convenient storage. Its two doors open to reveal internal shelving, providing ample space for your items.

Adjustable Shelf

The cabinet features one fixed shelf and one adjustable shelf. To adjust the height of the movable shelf:

1. Empty the shelf of all items.
2. Carefully lift the shelf and remove the four shelf pins from the side panels.
3. Reinsert the shelf pins into the desired set of holes on the side panels. Ensure all four pins are at the same height.
4. Gently place the shelf back onto the pins, ensuring it is stable before loading items.

Care and Maintenance

To ensure the longevity and appearance of your HOMCOM Bathroom Wall Cabinet, follow these simple care instructions:

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the painted finish.
- **Spills:** Promptly wipe up any spills to prevent moisture damage.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Weight Capacity:** Adhere to the maximum weight capacity of 13.2 pounds (6 kg) to prevent structural damage.
