KCO Lighting W1101-Y-2PC

KCO Lighting Brass Gold Wall Sconces (Model W1101-Y-2PC) Instruction Manual

Your guide to installation, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the KCO Lighting Brass Gold Wall Sconces. This manual provides essential information for the safe and correct installation, operation, and maintenance of your new lighting fixtures. Please read these instructions thoroughly before beginning installation and retain them for future reference.

A pair of KCO Lighting Brass Gold Wall Sconces featuring a brushed brass finish and light yellow glass globes.

2. PRODUCT OVERVIEW

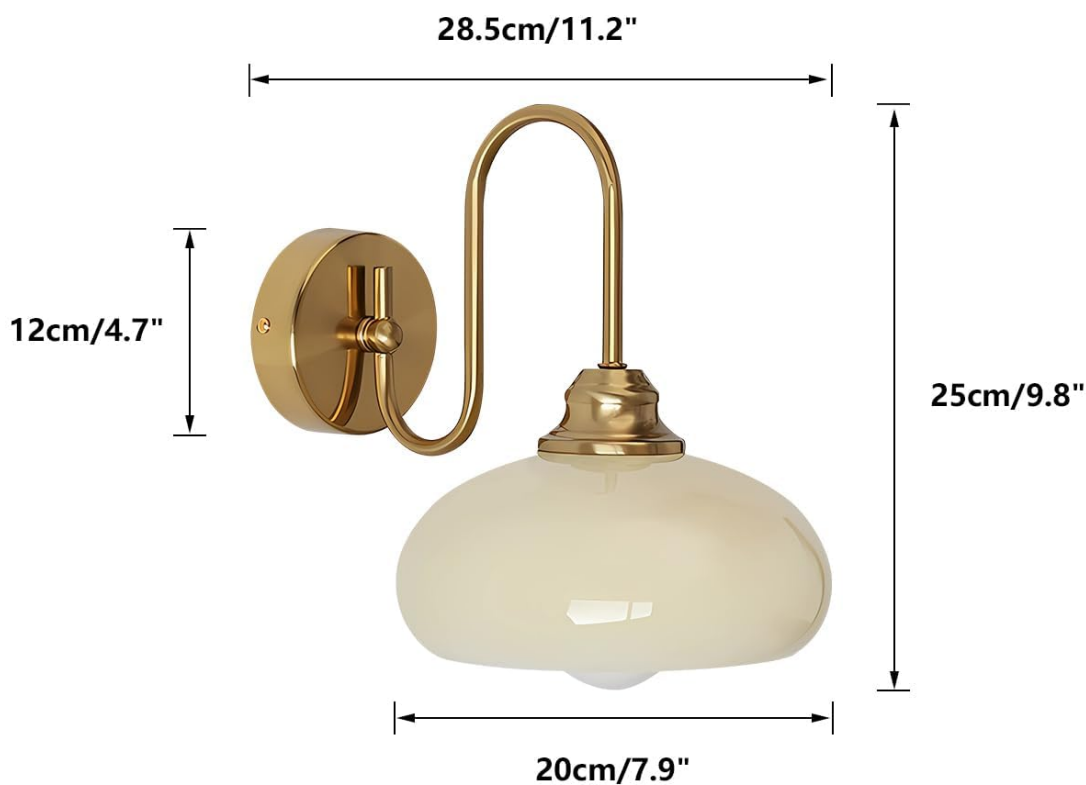

2.1 Components Included

- Brass Gold Wall Sconce Fixture (2 units)

- Light Yellow Glass Globe Lampshade (2 units)
- E26 Light Bulb (2 units)
- Mounting Hardware Kit
- Instruction Manual

2.2 Dimensions

Product Details

Detailed dimensions of the wall sconce, including width (11.2 inches / 28.5 cm), height (9.8 inches / 25 cm), globe diameter (7.9 inches / 20 cm), and canopy diameter (4.7 inches / 12 cm). Also highlights the antique brass lamp body, light yellow glass lampshade, and E26 light bulb.

- **Width:** 11.2 inches (28.5 cm)
- **Height:** 9.8 inches (25 cm)
- **Globe Diameter:** 7.9 inches (20 cm)
- **Canopy Diameter:** 4.7 inches (12 cm)

3. SAFETY INFORMATION

To reduce the risk of fire, electric shock, or personal injury, always follow these basic safety precautions:

- **WARNING:** Risk of electric shock. Disconnect power at the fuse box or circuit breaker before installing or servicing.
- All wiring must be in accordance with national and local electrical codes. If you are unsure about wiring, consult a qualified electrician.
- Do not install this fixture in wet locations. It is designed for indoor use only.
- Ensure the mounting surface can support the weight of the fixture.
- Use only E26 base bulbs with a maximum wattage of 60W.
- Do not touch the bulb directly with bare hands, as oils can shorten bulb life.
- Allow the fixture to cool before replacing the bulb.

4. INSTALLATION INSTRUCTIONS

These wall sconces are designed for hardwired installation. Please ensure power is disconnected before proceeding.

4.1 Tools Required (Not Included)

- Screwdriver
- Wire Strippers
- Electrical Tape
- Pliers
- Safety Glasses

4.2 Step-by-Step Installation

1. **Turn off Power:** Locate the circuit breaker or fuse box and turn off the power to the wall switch location.
2. **Prepare Mounting:** Remove the old fixture (if applicable) and ensure the junction box is clean and ready for installation.
3. **Attach Mounting Plate:** Secure the mounting plate to the junction box using the provided screws.
4. **Wire Connections:** Connect the fixture's wires to the house wires according to electrical codes (typically black to black, white to white, and ground to ground). Use wire nuts to secure connections and wrap with electrical tape for added safety.
5. **Mount Fixture:** Carefully push the wired fixture onto the mounting plate and secure it with the provided screws.
6. **Install Glass Globe:** Gently attach the glass globe lampshade to the fixture.
7. **Insert Bulb:** Screw the E26 bulb into the socket.
8. **Restore Power:** Turn the power back on at the circuit breaker.

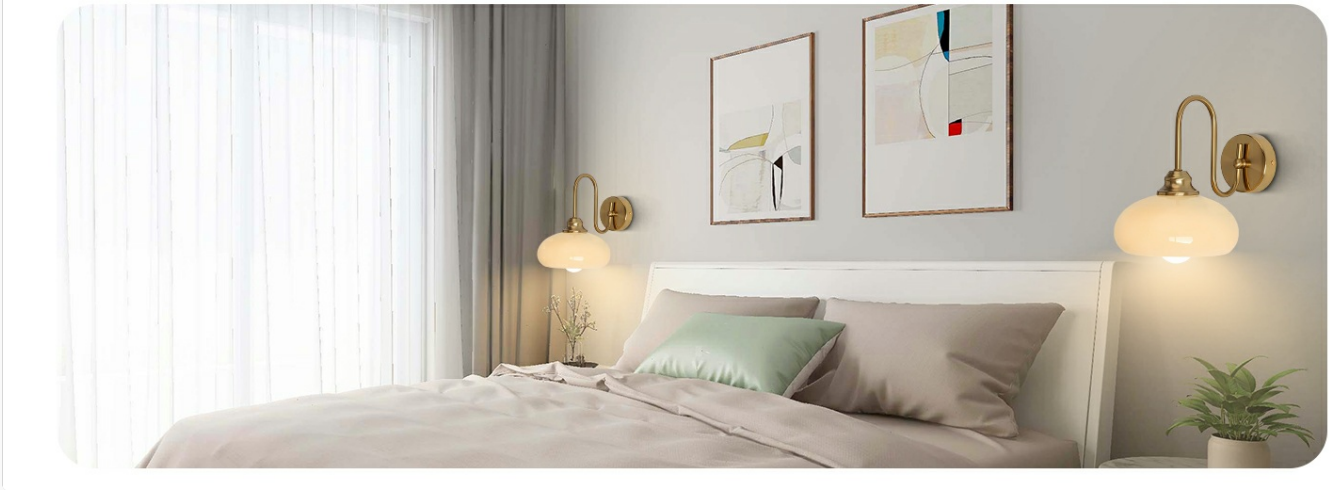

4.3 Up and Down Installation Flexibility

The design of these sconces allows for versatile installation, enabling the glass globe to face either upwards or downwards to suit your aesthetic preference and lighting needs. When installing, simply orient the fixture as desired before securing it to the mounting plate.

5. OPERATING INSTRUCTIONS

Once installed, operate the wall sconces using your standard wall switch. The included E26 bulb provides warm white light at 3000 Kelvin and 450 lumens.

5.1 Dimmability

The fixture itself is not dimmable. However, it can be made dimmable by using a compatible dimmable E26 bulb and a suitable dimmable wall switch (both sold separately).

TURN OFF

TURN ON

6. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your wall sconces.

- **Cleaning:** Turn off the power before cleaning. Use a soft, dry cloth to wipe the metal and glass surfaces. Avoid abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Bulb Replacement:** Ensure the fixture is cool and power is off before replacing the bulb. Unscrew the old E26 bulb and screw in a new one.

7. TROUBLESHOOTING

If you encounter any issues with your wall sconces, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture, loose wiring, faulty bulb, faulty switch.	Check circuit breaker/fuse. Ensure all wire connections are secure. Replace bulb. Test wall switch.
Light flickers.	Loose bulb, incorrect bulb type, loose wiring.	Tighten bulb. Ensure bulb is E26 and within wattage limits. Check wiring connections.
Dimming not working.	Non-dimmable bulb, non-dimmable switch.	Ensure both the bulb and the wall switch are rated for dimming.

If these solutions do not resolve the issue, please contact KCO Lighting customer support.

8. SPECIFICATIONS

Feature	Detail
