SETUP

1. Initial Charging

Before first use, fully charge the tablet using the provided charger and USB cable. Connect the USB cable to the tablet's charging port and the charger to a power outlet. The charging indicator will show the charging status.

2. Powering On/Off

- **To Power On:** Press and hold the Power button located on the side of the tablet until the screen lights up.
- **To Power Off:** Press and hold the Power button, then select "Power off" from the options on the screen.
- **To Restart:** Press and hold the Power button, then select "Restart" from the options on the screen.

3. Connecting to Wi-Fi

1. Go to **Settings** > **Network & internet** > **Wi-Fi**.
2. Toggle Wi-Fi **On**.
3. Select your desired Wi-Fi network from the list.
4. Enter the network password if prompted, then tap**Connect**.

4. Parental Control Setup (Cwow Kids+ and Android 14)

The tablet features robust parental controls through both the native Android 14 OS and the pre-installed Cwow Kids+ application. This allows you to manage screen time, content access, and app usage.

1. **Cwow Kids+ App:** Launch the Cwow Kids+ app. Follow the on-screen instructions to create a child profile, set time limits, and select appropriate content.
2. **Android 14 Parental Controls:** Navigate to **Settings** > **Digital Wellbeing & parental controls**. Here you can set up Google Family Link to manage your child's device from your own.

Easy to Parental Control

5. Face ID Setup

For enhanced security, you can set up Face ID recognition:

1. Go to **Settings** > **Security & privacy** > **Face unlock**.
2. Follow the on-screen prompts to register your face. Ensure good lighting during the setup process.

OPERATING INSTRUCTIONS

1. Basic Navigation

- **Touch:** Tap an icon to open an app or select an item.
- **Swipe:** Slide your finger across the screen to scroll through pages or lists.
- **Pinch-to-Zoom:** Use two fingers to zoom in or out on images and web pages.
- **Home Screen:** Tap the home button (usually a circle or house icon) to return to the main screen.

Image: The tablet's interface showcasing the Android 14 operating system, along with icons for Bluetooth 5.0 and WiFi 6, indicating modern connectivity features.

2. Using Cwow Kids+ Platform

The Cwow Kids+ platform offers a curated selection of child-friendly applications for learning and entertainment. Access it directly from the home screen. Parental controls within this app allow for customization of content and usage limits.

Image: The tablet screen filled with various applications, including popular streaming services and educational games, demonstrating the range of content available for children.
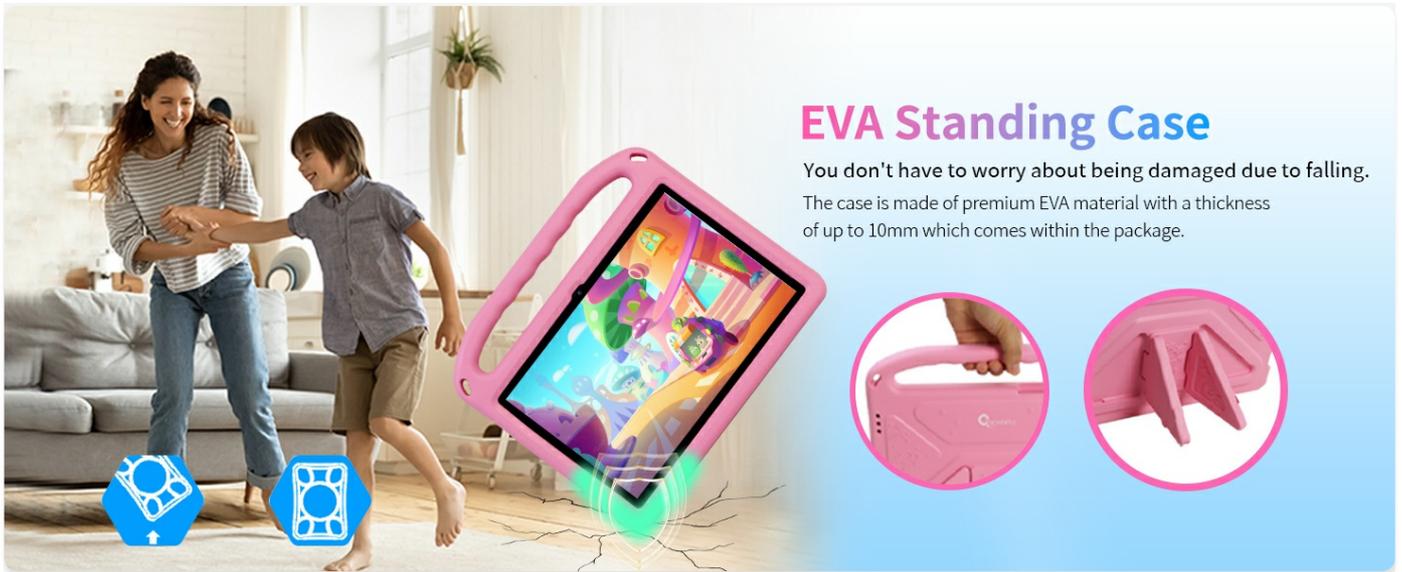

3. App Management

- **Installing Apps:** Use the Google Play Store (if enabled by parental controls) or the Cwow Kids+ platform to download and install new applications.
- **Uninstalling Apps:** Press and hold an app icon on the home screen or app drawer, then drag it to the "Uninstall" option, or go to **Settings** > **Apps** > **See all apps**, select the app, and tap **Uninstall**.

4. Storage Management

The tablet comes with 128GB of internal storage, expandable up to 1TB using a microSD card (not included). To manage storage:

1. Go to **Settings** > **Storage** to view storage usage.
2. Insert a microSD card into the designated slot to expand storage.

EVA Standing Case

You don't have to worry about being damaged due to falling.

The case is made of premium EVA material with a thickness of up to 10mm which comes within the package.

5. Battery Usage and Charging

The 6000mAh battery provides extended usage. For optimal battery life:

- Charge the tablet fully before significant use.
- Avoid extreme temperatures.
- Close unused applications to conserve power.
- The tablet supports PD fast charging via its Type-C port.

Image: A child using the tablet on an airplane, highlighting the device's portability and long-lasting 6000mAh battery, suitable for travel.

6. Camera Usage

The tablet is equipped with 5MP and 8MP cameras. Open the Camera app to take photos or record videos. Ensure adequate lighting for best results.

MAINTENANCE

1. Cleaning the Tablet and EVA Case

- Use a soft, lint-free cloth to clean the screen and tablet body. Avoid abrasive materials.
- For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner.
- The EVA protective case can be wiped clean with a damp cloth and mild soap if necessary. Ensure it is completely dry before reattaching to the tablet.

Protective case specially designed for CWOWDEFU C18W Kids Tablet.

4 Thickened anti-bumping corners,
bring the tablet all-round protection.

Portable handle + retractable stand

Image: Detailed view of the EVA protective case, highlighting its robust design with reinforced corners, an integrated handle for carrying, and a retractable stand for hands-free viewing.

2. Software Updates

Regularly check for and install software updates to ensure optimal performance and security. Go to **Settings** > **System** > **System update**.

3. Storage Optimization

To maintain performance, periodically clear unnecessary files and apps. Use the built-in storage manager in **Settings** > **Storage** to identify and remove large files or rarely used applications.

TROUBLESHOOTING

If you encounter issues with your tablet, refer to the following common solutions:

Problem	Solution
Tablet freezes or is unresponsive	Press and hold the Power button for about 10-15 seconds to force a restart. If the issue persists, try a factory reset (see below).
Wi-Fi disconnects frequently	Ensure you are within range of your Wi-Fi router. Try forgetting the network and reconnecting. Restart your Wi-Fi router.
Tablet overheats	Avoid using the tablet in direct sunlight or poorly ventilated areas. Close background applications. If using the EVA case, ensure it does not obstruct ventilation. Reduce screen brightness.
Battery drains quickly	Reduce screen brightness, disable Wi-Fi/Bluetooth when not in use, close background apps, and limit usage of power-intensive applications.
Screen is black or won't turn on	Ensure the tablet is charged. Connect it to the charger and wait a few minutes, then try powering it on. If it still doesn't respond, perform a force restart.

Factory Reset

A factory reset will erase all data on your tablet and restore it to its original factory settings. Back up important data before proceeding.

1. Go to **Settings** > **System** > **Reset options**.
2. Select **Erase all data (factory reset)**.
3. Confirm your decision when prompted.
