DOOGEE Wireless Bluetooth Mouse (B0D6XVC4ZC)

DOOGEE Wireless Bluetooth Mouse User Manual

Model: Wireless Bluetooth Mouse (B0D6XVC4ZC)

INTRODUCTION

Thank you for choosing the DOOGEE Wireless Bluetooth Mouse. This manual provides detailed instructions on how to set up, operate, and maintain your mouse, ensuring optimal performance and longevity. This mouse is designed for seamless connectivity with your DOOGEE T30 MAX Tablet and other compatible devices.

An overhead view of the black DOOGEE Wireless Bluetooth Mouse, showing its sleek design with the scroll wheel and left/right click buttons.

SETUP

1. Battery Installation

The DOOGEE Wireless Bluetooth Mouse requires one 9V battery. To install:

1. Locate the battery compartment cover on the underside of the mouse.
2. Gently slide or lift the cover to open.
3. Insert one 9V battery, ensuring the positive (+) and negative (-) terminals align correctly with the indicators inside the compartment.
4. Close the battery compartment cover securely.

2. Bluetooth Pairing

Follow these steps to pair your mouse with a compatible device:

1. Ensure the mouse has a fresh battery installed and is powered on (if it has an on/off switch).

2. On your device (e.g., tablet, computer), navigate to the Bluetooth settings.
3. Enable Bluetooth if it is not already enabled.
4. Your device will begin searching for nearby Bluetooth devices.
5. Look for "DOOGEE Mouse" or a similar identifier in the list of available devices.
6. Select the mouse from the list to initiate the pairing process.
7. Once paired, the mouse will be ready for use.

Note: The pairing process may vary slightly depending on your device's operating system (Android, Windows, macOS, Linux).

OPERATING INSTRUCTIONS

The DOOGEE Wireless Bluetooth Mouse offers standard mouse functionalities:

- **Left Click:** Primary action, used for selecting items, opening links, etc.
- **Right Click:** Secondary action, typically opens context menus.
- **Scroll Wheel:** Used for vertical scrolling through documents and web pages. The scroll wheel may also function as a middle click button.

Compatibility

This mouse is compatible with various operating systems, including Android, Windows, macOS, and Linux, making it versatile for use with tablets, laptops, and desktop computers.

MAINTENANCE

Cleaning

To maintain the performance and appearance of your mouse:

- Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe the surface of the mouse.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.
- Ensure no liquid enters the mouse's internal components.

Battery Replacement

When the mouse's performance degrades or it stops responding, it may be time to replace the battery. Follow the "Battery Installation" steps in the Setup section to replace the 9V battery.

TROUBLESHOOTING

Problem	Solution
Mouse does not turn on.	Check if the battery is correctly installed and has sufficient charge. Replace the battery if necessary. Ensure the mouse's power switch (if present) is in the "On" position.
Mouse does not connect via Bluetooth.	Ensure Bluetooth is enabled on your device. Make sure the mouse is in pairing mode (if applicable). Remove the mouse from your device's paired devices list and attempt to re-pair. Move the mouse closer to your device.

Problem	Solution
Erratic cursor movement or no response.	Check the battery level and replace if low. Ensure the mouse sensor is clean and free from obstructions. Use the mouse on a clean, non-reflective surface.
Mouse disconnects frequently.	Ensure there are no strong wireless interferences nearby. Keep the mouse within the effective range of your Bluetooth device. Check battery level.
