

DMSIDN m922

DMSIDN m922 Automatic Floor Sweeper Robot User Manual

Model: m922

1. INTRODUCTION

This manual provides essential instructions for the safe and efficient operation of your DMSIDN m922 Automatic Floor Sweeper Robot. Please read this manual thoroughly before using the product and retain it for future reference. The DMSIDN m922 is a versatile 2-in-1 robot vacuum cleaner designed for both dry sweeping and wet mopping. It features automatic navigation, low noise operation, and a humidification spray function to enhance cleaning performance on various floor types.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Mopping Machine (DMSIDN m922 Robot)
- 1 x Dry Wipe
- 1 x Wet Wipe
- 1 x USB Charging Cable
- 1 x Water Refilling Bottle

Image: All components included in the DMSIDN m922 package, including the robot, dry and wet wipes, USB charging cable, and water refilling bottle.

3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your DMSIDN m922 robot.

Key Features:

- **Automatic Cleaning:** The robot navigates and cleans automatically, turning when obstructed.
- **Low Noise Operation:** Designed to clean without significant disturbance.
- **2-in-1 Functionality:** Supports both dry sweeping and wet mopping.
- **Humidification Spray:** Sprays mist while mopping to humidify the air and assist with cleaning.
- **Purple Lights:** Integrated purple lights activate during operation.
- **Versatile Floor Compatibility:** Suitable for wood, marble, ceramic tiles, and other hard floor surfaces.

4. SETUP

4.1 Initial Charging

1. Before first use, fully charge the robot. Connect the provided USB charging cable to the robot's charging port and a suitable USB power adapter (not included).
2. Charging time is approximately 4 hours. The robot has a 1500 mAh battery.

4.3 Filling the Water Tank (for Wet Mopping)

1. If using the wet mopping function with spray, use the provided water refilling bottle to add water to the robot's internal tank.
2. Do not overfill.

5. OPERATING INSTRUCTIONS

The robot operates with a simple four-gear switch mechanism:

- **Tap once:** Activates the mopping function (without spray).
- **Double tap:** Activates both the mopping function and the spray humidification function.
- **Three taps:** Turns off the mopping function but keeps the spray humidification function active.
- **Four taps:** Turns off the mopping machine completely.

Once activated, the robot will automatically clean, navigating around obstacles. Its working noise is approximately 60dB.

Efficient Work

Get Cleaning Done Quickly

Power:
5w

Speed:
10000rpm

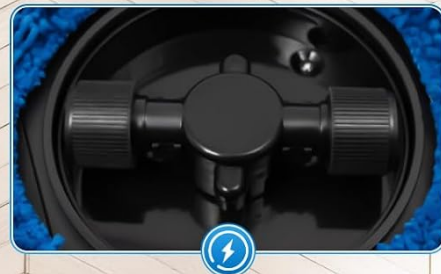

Sweeping Area: Approx. **645.83 ft²** in a Single Pass

6. MAINTENANCE

6.1 Cleaning Wipes

After each use, remove and clean the dry or wet wipe. Wipes can be hand-washed and air-dried for reuse.

6.2 Water Tank

Empty any remaining water from the tank after wet mopping to prevent stagnation. Clean the tank periodically with clean water.

6.3 Robot Exterior

Wipe the exterior of the robot with a soft, dry cloth to remove dust and debris.

7. SPECIFICATIONS

Brand	DMSIDN
Model Name	Automatic Floor Sweeper Robot
Model Number	m922
Product Dimensions	25cm x 25cm x 6.5cm (9.84"L x 9.84"W x 2.56"H)
Weight	730g
Material	ABS plastic
Color	White
Power Source	Battery Powered
Battery Capacity	1500 mAh
Working Voltage	3.7V
Charging Type	USB charging
Charging Time	Approximately 4 hours
Life Time (Operating)	Approximately 30 minutes
Working Noise	About 60dB
Cleaning Mode	Automatic, Mopping and Spraying
Navigation	Steering obstructed (turns when blocked)
Filter Type	Cloth
Surface Recommendation	Hard floors (wood, marble, ceramic tiles)

8. TROUBLESHOOTING

If you encounter issues with your DMSIDN m922 robot, consider the following common solutions:

- **Robot not turning on:** Ensure the battery is fully charged. Connect the USB charging cable and allow it to charge for 4 hours.
- **Robot not moving or getting stuck:** Clear any obstacles from its path. Ensure the wheels are free from debris. The robot is designed to turn when obstructed.
- **Mopping function not working:** Check if the wipe is properly attached. Ensure the correct operating mode is selected (tap once or double tap).
- **Spray function not working:** Ensure the water tank is filled. Check if the correct operating mode is selected (double tap or three taps).
- **Poor cleaning performance:** Clean or replace the wipes. Ensure the floor surface is suitable for the robot.

For persistent issues, please refer to the support information provided with your purchase.

9. WARRANTY AND SUPPORT

For information regarding warranty coverage, technical support, or replacement parts, please refer to the documentation included with your product or contact DMSIDN customer service through your retailer.
