JFMkaer 4-in-1 Car Handle Assist User Manual

Model: B0D6YV73LJ

PRODUCT OVERVIEW

The JFMkaer 4-in-1 Car Handle Assist is a versatile and portable support device designed to aid individuals with mobility challenges in getting in and out of vehicles. This multifunction tool provides a stable grip, and also incorporates emergency features for enhanced safety.

It is suitable for a wide range of users including the elderly, children, pregnant women, and injured individuals who may experience difficulty with vehicle entry and exit.

Suitable for The Following People

Elderly

Pregnant woman

Child

Injured

Figure 1: The JFMkaer Car Handle Assist is designed for a variety of users, including the elderly, pregnant women, children, and injured individuals, to facilitate easier entry and exit from vehicles.

KEY FEATURES

- Provides a convenient and quick way to get in and out of the car with minimal effort.
- Constructed from high-quality materials designed to withstand daily use and ensure long-lasting durability.
- Includes additional emergency functions: a built-in seat belt cutter and a window breaker for emergency situations.
- Compact size, making it a practical accessory for any car owner.
- Ergonomic and anti-slip design for a comfortable and secure grip.
- Supports a maximum weight of 450 pounds.

SETUP AND INSTALLATION

The JFMkaer Car Handle Assist is designed for quick and easy installation into the U-shaped door latch of most vehicles. No tools are required.

How to Install and Use:

1. Open your car door.
2. Locate the U-shaped striker plate on the door frame, typically where the door latches when closed.
3. Insert the metal hook end of the Car Handle Assist into the U-shaped striker plate. Ensure it is securely seated.
4. Once inserted, the handle provides a stable and non-shaky support point. Use it to push up or pull yourself out of the vehicle.
5. After use, simply remove the handle from the door latch.

EASILY GET IN & OUT OF CAR

Just Insert into door latch

NON-SLIP HANDLE

Figure 4: The non-slip handle provides a secure grip when inserted into the car door latch, assisting with vehicle entry and exit.

OPERATING INSTRUCTIONS: EMERGENCY FUNCTIONS

In addition to its primary function as a car assist handle, this device is equipped with two crucial emergency tools:

Seat Belt Cutter:

Located at one end of the handle, the integrated seat belt cutter can be used to quickly and safely cut through a jammed seat belt in an emergency. Position the blade against the seat belt and pull firmly to cut.

Window Breaker:

The pointed tip on the opposite end of the handle serves as a window breaker. In an emergency where a window needs to be broken for escape, firmly press the tip against a side window until it shatters. Aim for a corner of the window for best results.

MAINTENANCE

To ensure the longevity and optimal performance of your JFMkaer Car Handle Assist, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the handle with a damp cloth and mild soap as needed. Avoid abrasive cleaners or solvents that could damage the material.
- **Storage:** Store the handle in a dry place, away from extreme temperatures. Its compact size allows for easy storage in a glove compartment or door pocket.
- **Inspection:** Periodically inspect the metal hook and the emergency tools (seat belt cutter, window breaker) for any signs of wear or damage. Replace the unit if significant damage is observed.

EVERY CAR NEEDS A HANDLE ASSIST

Help anyone who has difficulty getting in and out of the car

Figure 6: The compact design allows for convenient storage within your vehicle, such as a door pocket.

TROUBLESHOOTING

If you encounter any issues with your JFMkaer Car Handle Assist, consider the following common solutions:

- **Handle feels unstable:** Ensure the metal hook is fully and securely inserted into the U-shaped door latch. The handle should fit snugly.
- **Difficulty inserting:** Verify that you are inserting the handle into the correct U-shaped striker plate on the door frame, not the door itself.
- **Handle does not provide enough support:** While designed to support up to 450 pounds, ensure your weight is distributed appropriately and that the handle is firmly seated. If you exceed the weight limit, seek alternative assistance.

SPECIFICATIONS

Attribute	Detail
Brand	JFMkaer
Model Number	B0D6YV73LJ
Maximum Weight Capacity	450 Pounds
Package Dimensions	7.32 x 7.2 x 1.65 inches
Item Weight	10.23 ounces
Manufacturer	JFMkaer
Date First Available	June 13, 2024
