## YNF B0D6ZDR4KD

# YNF Smart Plug Instruction Manual

Model: B0D6ZDR4KD

## INTRODUCTION

---

This manual provides detailed instructions for setting up and operating your YNF Smart Plug. Please read this manual carefully before use to ensure proper functionality and safety. The YNF Smart Plug allows you to control your home appliances remotely, via voice commands, and through scheduled timers.

## SAFETY INFORMATION

---

- Do not disassemble or modify the device.
- Keep away from water and high humidity environments.
- Do not exceed the maximum load rating of the smart plug. Refer to specifications.
- Ensure the plug is fully inserted into the wall outlet.
- For indoor use only.

## PACKAGE CONTENTS

---

- 1 x YNF Smart Plug
- 1 x User Manual (this document)

# SETUP

---

## 1. Download the Smart Life App

Search for "Smart Life" in the Apple App Store or Google Play Store and download the application. Alternatively, scan the QR code provided in the product packaging (if available) to download.

## 2. Register and Log In

Open the Smart Life App. If you are a new user, register for an account. If you already have an account, log in.

## 3. Add Device

1. Plug the YNF Smart Plug into a wall outlet.
2. Open the Smart Life App and tap the "+" icon in the top right corner to add a device.
3. Select "Electrical Outlet" or "Smart Plug" from the device list.
4. Confirm that the indicator light on the smart plug is blinking rapidly. If not, press and hold the power button on the plug for 5-10 seconds until it blinks rapidly.
5. Enter your 2.4GHz Wi-Fi network password. The YNF Smart Plug supports 2.4GHz Wi-Fi and Bluetooth for stable connection.
6. Wait for the app to connect to the device. Once connected, you can rename the smart plug.

# YNF Smart Plug

Simple setup, endless possibilities

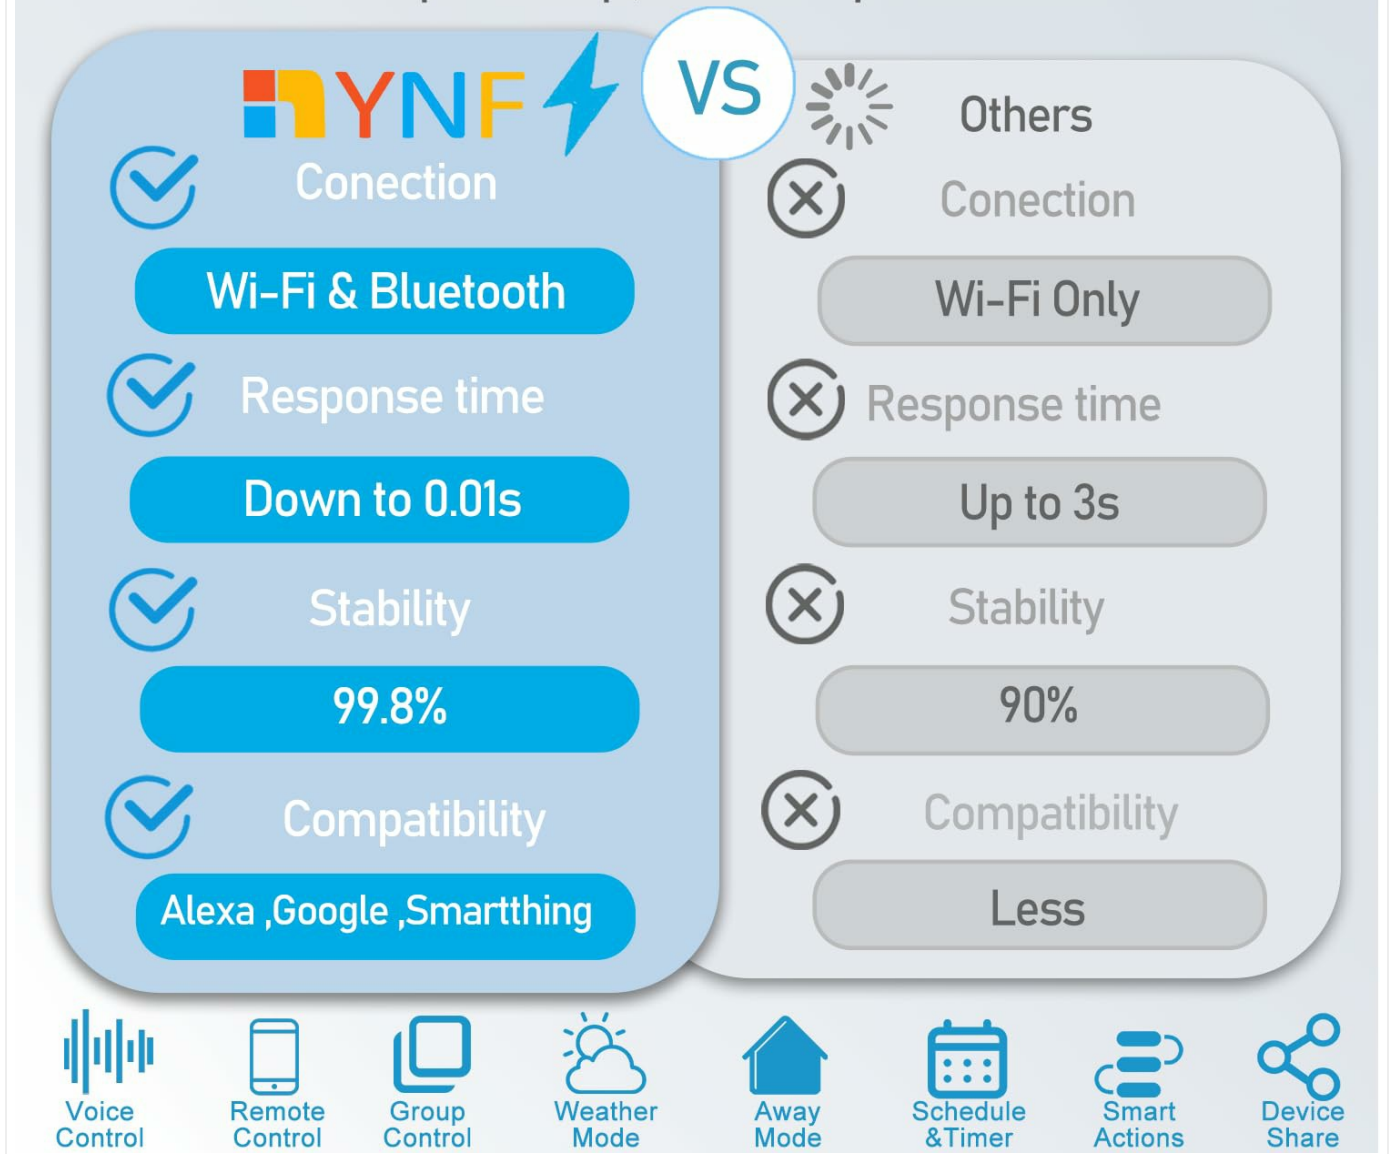

Image: A comparison chart highlighting YNF Smart Plug's superior connectivity (Wi-Fi & Bluetooth), faster response time, higher stability, and broader compatibility (Alexa, Google, SmartThings) compared to other smart plugs.

## OPERATING INSTRUCTIONS

### Remote Control via Smart Life App

Once the smart plug is successfully added to the Smart Life App, you can control connected appliances from anywhere with an internet connection.

- Open the Smart Life App.
- Tap on the smart plug's name to access its control interface.
- Toggle the power button within the app to turn the connected appliance on or off.

# Remote Control

## Light up your house anywhere anytime

Image: A user demonstrating remote control of a smart plug via the Smart Life app on a smartphone, showing a bedroom light being controlled.

## Voice Control (Alexa & Google Home)

The YNF Smart Plug is compatible with Amazon Alexa and Google Home for hands-free voice control.

### 1. Link Smart Life to Voice Assistant:

- Open your Alexa or Google Home app.
- Go to "Skills & Games" (Alexa) or "Works with Google" (Google Home).
- Search for "Smart Life" and enable the skill/service.
- Link your Smart Life account using your credentials.
- Discover devices.

### 2. Voice Commands:

- "Alexa, turn on [device name]."

- "Hey Google, turn off [device name]."
- "Alexa, set [device name] to 50%." (If applicable for dimmable devices connected to the plug)

Image: An illustration of voice control in action, with people at a dinner table and a voice command "Alexa, Turn on the light." being processed, indicating compatibility with Amazon Alexa, Google Home, and SmartThings.

## Timer Function and Schedules

Set schedules and timers to automate your appliances.

- In the Smart Life App, select your smart plug.
- Tap on "Timer" or "Schedule" to create new automation rules.
- You can set specific times for the plug to turn on or off daily, weekly, or on custom days.

# Set Schedule

Set sunrise and sunset to meet various demands

Image: A visual representation of setting a schedule, with a sunrise icon at 7:00 AM and a sunset icon at 6:00 PM, demonstrating how to automate device operation based on time.

## Weather Mode

Utilize the Weather Mode feature to automate actions based on local weather conditions.

- In the Smart Life App, navigate to the smart plug's settings or automation section.
- Look for "Weather Mode" or "Scene" creation.
- Configure rules, for example, "If weather is Rainy, turn on the light."

# Weather Mode

Set your smart light switches to change based on local temperature, humidity, and weather.

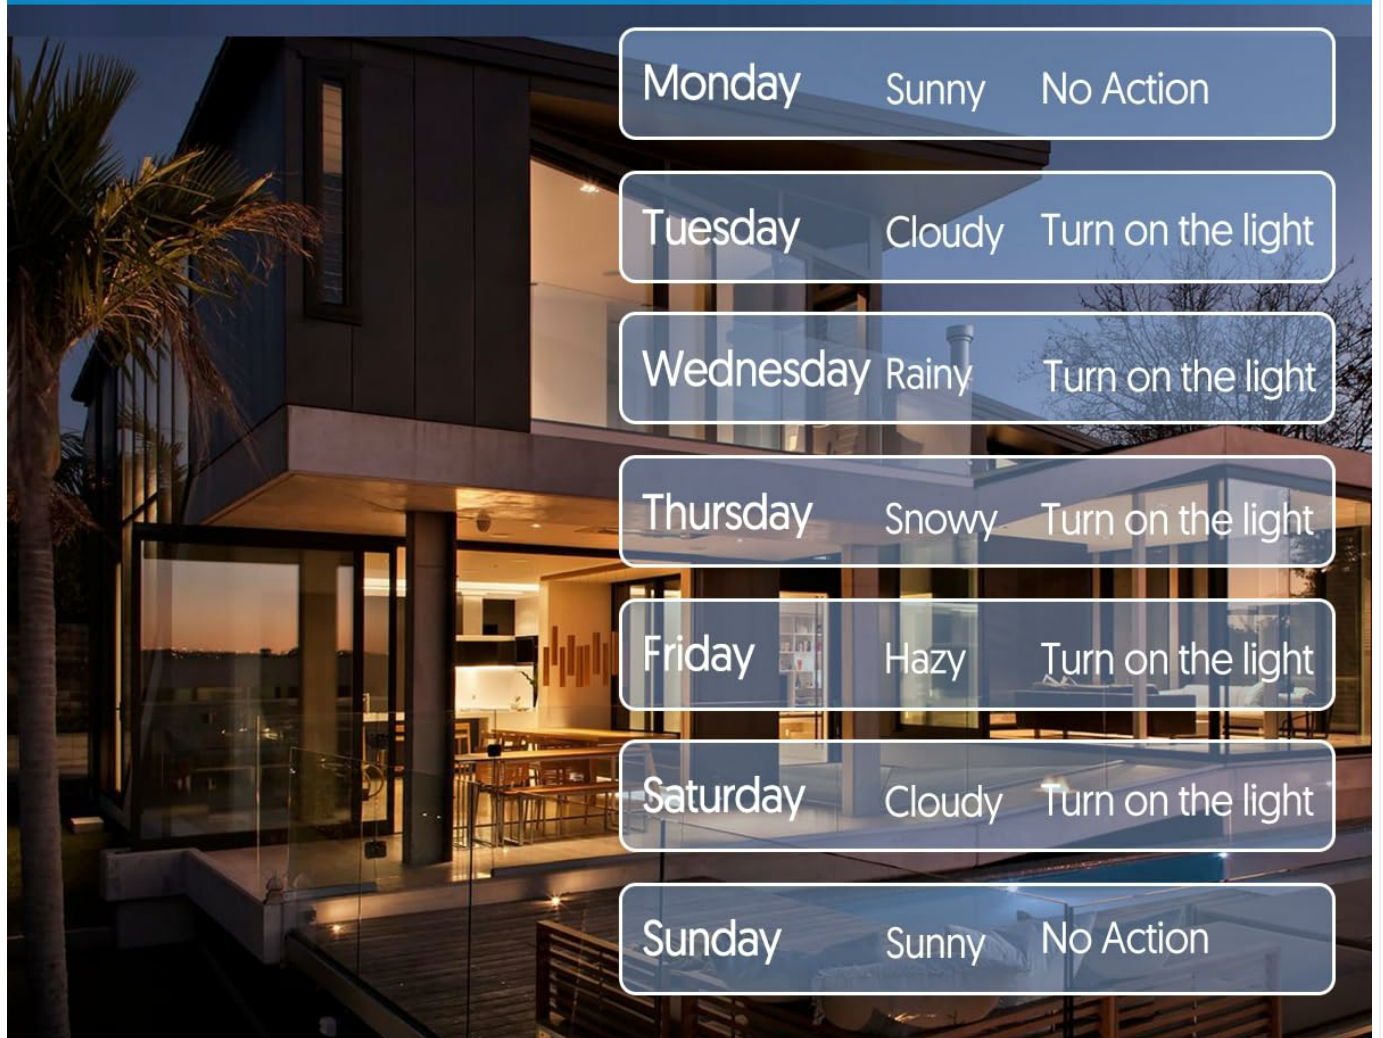

Image: A diagram illustrating the "Weather Mode" feature, where actions like "Turn on the light" are scheduled based on daily weather forecasts (e.g., Cloudy, Rainy, Snowy, Hazy).

## Group Control and Device Sharing

Manage multiple smart plugs simultaneously and share control with family members.

- **Group Control:** In the Smart Life App, select multiple smart plugs and create a group to control them all with a single command.
- **Device Sharing:** Share access to your smart plugs with other Smart Life account users in your household.

## MAINTENANCE

- Keep the smart plug clean and dry.
- Wipe with a soft, dry cloth. Do not use liquid cleaners.
- Ensure the firmware of the smart plug and the Smart Life App are updated to the latest versions for optimal performance and security.

## TROUBLESHOOTING

Problem	Possible Solution
Smart plug not connecting to Wi-Fi.	<ul style="list-style-type: none"><li>◦ Ensure your Wi-Fi network is 2.4GHz. 5GHz networks are not supported.</li><li>◦ Check your Wi-Fi password for accuracy.</li><li>◦ Move the smart plug closer to your Wi-Fi router.</li><li>◦ Reset the smart plug by holding the power button for 5-10 seconds until the indicator light blinks rapidly, then try pairing again.</li><li>◦ Restart your Wi-Fi router.</li></ul>
Voice control not working.	<ul style="list-style-type: none"><li>◦ Ensure the Smart Life skill/service is enabled and linked in your Alexa or Google Home app.</li><li>◦ Verify the device name used in voice commands matches the name in the Smart Life app.</li><li>◦ Check your internet connection.</li></ul>
Plug is unresponsive.	<ul style="list-style-type: none"><li>◦ Check if the wall outlet has power.</li><li>◦ Unplug and re-plug the smart plug.</li><li>◦ Perform a factory reset (refer to setup instructions for resetting).</li></ul>

## SPECIFICATIONS

Feature	Detail
Brand	YNF
Model	B0D6ZDR4KD
Color	White
