

vidaXL 376644

vidaXL Metal Bed Frame with Headboard, White, 100x200 cm - Instruction Manual

Model: 376644

1. INTRODUCTION

Thank you for choosing the vidaXL Metal Bed Frame with Headboard. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

This bed frame is designed for a single mattress measuring 100 x 200 cm. It features a durable steel construction, metal slats for mattress support, and a headboard for added comfort.

2. SAFETY INFORMATION

- Keep all small parts and packaging materials away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface (e.g., a carpet or blanket) to prevent scratching the product or your floor.
- Ensure all bolts, screws, and connections are securely tightened before using the bed. Periodically check and re-tighten as necessary.
- Do not stand on the bed frame or use it as a ladder.
- Do not exceed the maximum weight capacity (specific weight capacity not provided, use with caution).
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the finish.

3. SETUP AND ASSEMBLY

Assembly of this bed frame is required. Please follow the detailed instructions provided in the separate assembly guide included with your product packaging. Ensure all components are present before starting.

Estimated Assembly Time: Approximately 60-90 minutes (2 people recommended).

Tools Required: An Allen key is typically included. A screwdriver may also be needed for some connections.

Assembly Steps Overview:

1. Unpack all components and verify against the parts list in your assembly guide.
2. Attach the side rails to the headboard and footboard using the provided hardware.
3. Install the central support beam and legs.
4. Place the metal slats onto the side rails and secure them according to the instructions.
5. Ensure all connections are tight and the frame is stable.

4. OPERATING (USAGE)

Once assembled, place your 100 x 200 cm mattress directly onto the metal slats. The bed frame is designed to provide stable support for your mattress without the need for a box spring.

- The integrated headboard offers comfortable back support for reading or watching television in bed.
- The design provides approximately 30 cm of clearance underneath the bed, offering convenient storage space for boxes or other items.

5. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by drying with a clean cloth.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten any loose connections to maintain stability and safety.
- **Avoid:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the paint finish.

6. TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame squeaks, check all bolts and connections. Loosen slightly, adjust the components, and then re-tighten firmly. Ensure the bed is on a level surface.
- **Instability:** If the bed feels unstable, verify that all parts are correctly assembled according to the instructions and that all hardware is fully tightened. Ensure the central support legs are making firm contact with the floor.
- **Missing Parts:** If you find any parts missing or damaged upon unpacking, please contact vidaXL customer support immediately.

7. SPECIFICATIONS

Brand	vidaXL
Model Number	376644
Color	White
Material	Alloy Steel
Overall Dimensions (L x W x H)	207 x 105 x 100 cm
Matching Mattress Dimensions (L x W)	200 x 100 cm (Mattress not included)
