HuBDIC FE-7301

HuBDIC HubiCare Calf and Thigh Massager User Manual

Model: FE-7301

Introduction

Thank you for choosing the HuBDIC HubiCare Calf and Thigh Massager. This device is designed to provide effective air compression massage with heat and vibration, promoting circulation and relieving muscle fatigue in your calves and thighs. Please read this manual thoroughly before use to ensure safe and optimal operation.

Important Safety Information

WARNING: To reduce the risk of electric shock, burns, fire, or injury to persons:

- Always consult the user manual for specific safety instructions before operating the device.
- Do not use the massager if you have any medical conditions that may be affected by massage, such as deep vein thrombosis or pregnancy. Consult your physician before use if you have pre-existing medical conditions.
- Do not use the massager while sleeping or driving.
- Supervise children closely when the massager is in use or within their reach.
- Unplug the massager from the power source when not in use or before cleaning.
- Do not operate under a blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- Do not use on sensitive skin areas or in the presence of poor circulation.

Product Features

- **Multipurpose Design:** Works on calves and thighs with sequential inflation of multi-control airbags, simulating deep tissue compression.
- **Completely Wireless:** Enjoy massage anytime, anywhere without tangled wires. Lightweight and portable.
- **Customizable Settings:** Features 4 airbag modes, 3 intensity levels, 2 heat levels, and 4 vibration modes. Settings are saved via memory function.
- **Convenient Wear:** Unique zipper design for easy application and removal. Adjustable Velcro ensures a comfortable fit.
- **Automatic Safety Shut-off:** Device automatically powers off after 30 minutes to prevent overuse and conserve battery.
- **USB Type-C Charging:** Conveniently power the massager anytime, anywhere.

Setup and First Use

1. **Unpack the Device:** Carefully remove all components from the packaging. Ensure you have the massager unit, USB Type-C cable, and this instruction manual.
2. **Charge the Battery:** Before first use, fully charge the massager using the provided USB Type-C cable and a compatible power adapter (not included). The battery indicator on the control panel will show charging status.
3. **Attach the Massager:**
    - Open the zipper and Velcro straps of the massager.
    - Wrap the massager around your calf or thigh, ensuring a comfortable but snug fit.
    - Secure the Velcro straps and close the zipper. The unique zipper design allows for easier application.

Operating Instructions

The control panel features a digital display and smart touch controls for easy operation.

Image: Detailed view of the massager's control panel, highlighting the various buttons and their functions.

1. **Power On/Off:** Press and hold the Power button for 1-2 seconds to turn the device on or off.
2. **Select Massage Mode (M button):**
    - Press the 'M' button to cycle through 4 airbag modes.
    - Mode '0' indicates the massager is off.
3. **Adjust Intensity (Intensity button):**
    - Press the Intensity button to select from 3 settings: 1 (Low), 2 (Medium), 3 (Strong).
4. **Control Heat (Heating button):**
    - Press the Heating button to choose between 2 heat levels (Low Temperature, High Temperature) or turn heating off.
5. **Select Vibration Mode (Vibration button):**
    - Press the Vibration button to cycle through 4 available vibration modes.

6. **Automatic Shut-off:** The massager is equipped with a 30-minute automatic shut-off feature to prevent overuse and conserve battery.

The massager can be used in various situations:

Care and Maintenance

- **Cleaning:** Unplug the device before cleaning. Wipe the surface with a soft, damp cloth. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** Store the massager in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.

Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	Battery is low or depleted.	Charge the device fully using the USB Type-C cable.
No air compression.	Incorrect mode selected or device not properly secured.	Ensure a massage mode (not '0') is selected. Check that the massager is securely fastened around your leg.
Heat function not working.	Heat setting is off or too low.	Press the Heating button to select a higher heat level.
Massage feels too weak/strong.	Intensity level is not suitable.	Adjust the Intensity level using the Intensity button (1=Low, 3=Strong).
Device automatically turns off too soon.	Automatic 30-minute shut-off activated.	This is a safety feature. If you wish to continue, restart the device.

Specifications

Model Number: FE-7301

Brand: HuBDIC

Product Dimensions: 24.02 x 20 x 13.39 inches

Item Weight: 1.43 Pounds (0.65 Kilograms)

Power Source: Battery Powered (1 Lithium Ion battery included)

Material: Polyester

Manufacturer: Xiamen Healthpal Electronic Co,.Ltd

Country of Origin: China

ASIN: B0D72WL2G3
