### Key Features:

- **Convenient Charging Headboard:** Features a built-in charging station with 2 standard sockets, 2 USB ports, and 1 Type-C port.
- **Smart LED Lights:** Under-bed RGB LED lights customizable via an app for adjustable brightness and colors.
- **Comfortable Design:** Gray upholstered headboard for added comfort and a noise-free sleeping environment.
- **Sturdy Construction:** 13 heavy-duty metal slats provide support up to 1000 lbs, no box spring needed.
- **Additional Storage:** 12.2" under-bed clearance offers valuable storage space.

### IMPORTANT SAFETY INFORMATION

- Do not load more than 1000 pounds on the bed frame.
- Do not use with a box spring to avoid noise and ensure proper mattress support.

- Ensure all screws and bolts are securely tightened during assembly and periodically check for tightness.
- Keep electrical components (charging station, LED lights) away from liquids.

## SETUP AND ASSEMBLY

The Lians Queen Bed Frame is designed for quick and easy assembly. All necessary tools and instructions are included. It is recommended to assemble the bed frame with at least two people.

### Assembly Steps:

1. Unpack all components and verify against the parts list in the included installation manual.
2. Assemble the headboard and footboard sections according to the manual.
3. Attach the side rails to the headboard and footboard.
4. Install the metal support slats across the frame. Ensure they are securely fastened to provide proper mattress support.
5. Connect the power cable for the charging station and LED lights.
6. Place your mattress directly onto the assembled frame. No box spring is needed.

## MAINTENANCE

---

Regular maintenance ensures the longevity and optimal performance of your Liians bed frame.

- **Cleaning:** Wipe metal surfaces with a soft, damp cloth. For the upholstered headboard, use a fabric cleaner suitable for velvet or a soft brush to remove dust.
- **Tighten Fasteners:** Periodically check all screws and bolts and tighten them as needed to maintain stability and prevent noise.
- **Electrical Components:** Ensure the charging station and LED light connections are secure and free from damage. Do not attempt to repair electrical components yourself.
- **Under-Bed Area:** Keep the under-bed storage area clear of excessive clutter to allow for proper air circulation and easy cleaning.

## TROUBLESHOOTING

---

- **Noise/Squeaking:**
  - Ensure all bolts and screws are tightly secured.
  - Verify that the mattress is properly seated on the slats and not shifting.
  - Confirm no box spring is being used, as this can cause noise.
- **LED Lights Not Working:**
  - Check if the bed frame's main power cord is securely plugged into a wall outlet.
  - Ensure the LED light strip is properly connected to the power source.
  - Replace remote control batteries if applicable.
  - If using the app, ensure Bluetooth connection is active and the app is updated.
- **Charging Station Not Functioning:**
  - Verify the bed frame's main power cord is plugged in.
  - Check if the device being charged is properly connected to the USB or AC outlet.
  - Test with a different device or cable to rule out device issues.

- **Missing Parts/Damage:**

- If you encounter any issues such as damage, scratches, or missing parts upon delivery or during assembly, please contact our after-sales service immediately.
