Marcronic FLL-018-F2 Gold LED Floor Lamp User Manual

Brand: marcronic | Model: FLL-018-F2

[Introduction](#) [Safety](#) [Contents](#) [Setup](#) [Operating](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty](#)

1. INTRODUCTION

Thank you for purchasing the Marcronic FLL-018-F2 Gold LED Floor Lamp. This manual provides essential information for the safe and efficient use of your new floor lamp. This 18W 1800LM LED floor lamp offers adjustable brightness and color temperature, remote and touch controls, smart plug compatibility, and a flexible gooseneck for versatile lighting.

2. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure the power supply voltage matches the lamp's requirements (120V AC).
- Do not operate the lamp with a damaged cord or plug. If damaged, contact customer support.
- Avoid placing the lamp in unstable locations where it could tip over. The iron stable base is designed to prevent this, but caution is advised.
- Do not expose the lamp to water or excessive moisture.
- Do not attempt to disassemble or modify the lamp. Integrated LED components are not user-replaceable.
- Keep the lamp away from heat sources and flammable materials.
- This product is manufactured in accordance with applicable safety and electromagnetic standards.

3. PACKAGE CONTENTS

Verify that all components are present before assembly:

- 3 x Lamp Poles
- 1 x Lamp Base
- 1 x Remote Control
- 1 x Power Adapter with cable
- 1 x User Manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your Marcronic LED Floor Lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging.

2. **Assemble Lamp Poles:** Screw the three lamp poles together clockwise until secure. Ensure the power cord runs freely through the poles.
3. **Attach to Base:** Screw the assembled lamp poles onto the lamp base clockwise until firmly attached. Ensure the base is stable.
4. **Connect Power:** Plug the power adapter into the lamp's power input, then plug the adapter into a standard 120V AC wall outlet.

UPGRADED 90% Brighter Than Other Brand Lamps

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

The lamp can be turned on or off using either the remote control or the touch control buttons located on the lamp pole.

5.2 Brightness Adjustment

Adjust the brightness seamlessly from 5% to 100% using the '+' and '-' buttons on the remote control or the dedicated dimming touch control on the lamp pole.

5.3 Color Temperature Adjustment

Change the color temperature between 2700K (warm light) and 6500K (cool light) to suit your preference or activity. Use the 'K' button on the remote or the color temperature touch control on the lamp pole.

5.4 Remote Control

The included remote control has a 50-foot radius and allows for convenient operation from a distance. It features dedicated buttons for power, brightness, color temperature, and preset modes. A magnetic holder is provided for storing the remote on the lamp body.

5.5 Touch Control

The lamp also features touch-sensitive buttons on the pole for direct control. These buttons allow you to power the lamp on/off, adjust color temperature, and control stepless dimmable brightness.

5.6 Preset Modes (via Remote Control)

The remote control offers several convenient preset modes:

- **Breastfeeding Mode:** Provides a soft, warm light suitable for nighttime feeding.
- **Night Light Mode:** A very dim setting for minimal illumination.
- **Working Mode:** Brighter, cooler light for tasks requiring focus.
- **Reading Mode:** Optimized light for comfortable reading.

5.7 Timer Function

Activate the 1-hour timer function via the remote control to automatically turn off the lamp after one hour.

5.8 Memory Function

The lamp will recall your previous brightness and color temperature settings when powered on.

5.9 Adjustable Gooseneck

The flexible gooseneck allows for 360° adjustment of the light head, enabling you to direct illumination precisely where needed.

5.10 Smart Plug Compatibility

For added convenience, the Marctronic FLL-018-F2 is compatible with smart plugs, allowing integration into your smart home setup and voice control (smart plug not included).

Upgraded Works with Smart Plug

6. MAINTENANCE

To ensure the longevity and optimal performance of your lamp:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the lamp. Do not use abrasive cleaners or solvents.
- **LED Care:** The LED light source is integrated and does not require replacement. Avoid touching the LED panel directly.
- **Storage:** If storing the lamp for an extended period, disassemble it and store it in its original packaging in a dry, cool place.

7. TROUBLESHOOTING

If you encounter issues with your lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply; loose connection; remote battery dead.	Check if the power adapter is securely plugged into the lamp and wall outlet. Ensure the wall outlet is functional. Replace remote control batteries if necessary.
Remote control is not working.	Remote batteries are dead or incorrectly inserted; remote is too far from the lamp.	Replace remote batteries (AAA batteries, not included). Ensure batteries are inserted with correct polarity. Move closer to the lamp (within 50ft radius).
Light flickers or dims unexpectedly.	Unstable power supply; loose connection.	Ensure the lamp is connected to a stable power source. Check all connections for tightness.

8. PRODUCT SPECIFICATIONS
