Grand patio Umbrella Cover

Grand Patio Deluxe Patio Umbrella Cover Instruction Manual

INTRODUCTION

This manual provides instructions for the Grand Patio Deluxe Patio Umbrella Cover, designed to protect your 10x13 FT offset patio umbrella. Made from high-quality PVC coated oxford fabric, this cover is stable, lightweight, UV protective, rain and dust resistant, ensuring optimal protection for your outdoor furniture.

PRODUCT FEATURES

- **Compatibility:** Suitable for 10x13 FT offset patio umbrellas, including those with curved cantilevers and straight main poles, as well as curvy offset umbrellas with banana-style cantilevers and main poles.
- **Upgraded Material:** Constructed from premium oxford fabric with double-stitched seams, offering scratch resistance and corrosion proofing for long-term use.
- **Protective Functions:** High-quality PVC coated fabric provides waterproof, UV protective, and fade-resistant properties. The material is designed not to shrink or deform.
- **Easy To Clean:** The oxford fabric is simple to clean, requiring minimal effort to maintain.
- **Integrated Protection Systems:** Features a full-length zipper for easy application and removal. An elastic hem cord with an adjustable toggle and hook & loop straps at the bottom secure the cover, preventing it from blowing away in windy conditions.

SETUP AND INSTALLATION

To install the Grand Patio Deluxe Patio Umbrella Cover, ensure your umbrella is fully closed and secured. Carefully slide the cover over the top of the closed umbrella. The cover features a full-length zipper to assist with placement.

Once the cover is positioned over the umbrella, pull the zipper down to fully enclose the umbrella. Adjust the elastic hem cord with the toggle at the bottom to tighten the cover around the base of the umbrella. Secure the hook & loop straps to ensure a snug fit, preventing the cover from being dislodged by wind.

OPERATING INSTRUCTIONS

The umbrella cover is designed for straightforward operation. To cover your umbrella, simply open the full-length zipper, slide the cover over the closed umbrella, and then close the zipper. To secure it against wind, pull the elastic hem cord tight using the adjustable toggle and fasten the hook & loop straps at the base.

To remove the cover, unfasten the hook & loop straps, loosen the elastic hem cord, and unzip the cover completely before carefully lifting it off the umbrella.

MAINTENANCE

The oxford fabric of this umbrella cover is designed for easy cleaning. To clean, simply wipe down the cover with a damp cloth and mild detergent. Rinse thoroughly with water and allow it to air dry completely before storing or reapplying to the umbrella. Avoid using harsh chemicals or abrasive cleaning tools, as these may damage the fabric or its protective coating.

TROUBLESHOOTING

- **Cover does not fit:** Ensure your umbrella dimensions match the cover's specifications (10x13 FT offset umbrella). Verify that the umbrella is fully closed before attempting to install the cover.
- **Cover blows off in wind:** Make sure the elastic hem cord is pulled tight with the adjustable toggle and the hook & loop straps are securely fastened at the bottom.
- **Water pooling on cover:** While the cover is waterproof, ensure the umbrella is closed properly to prevent large depressions where water could collect. Regularly check and remove any accumulated water or debris.

SPECIFICATIONS
