Giantex GT11018-NP

Giantex Outdoor Rocking Chair Instruction Manual

Model: GT11018-NP

1. Introduction

Thank you for choosing the Giantex Outdoor Rocking Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new rocking chairs. Please read these instructions thoroughly before assembly and retain them for future reference.

The Giantex Outdoor Rocking Chairs are designed for outdoor relaxation, featuring a comfortable rocking motion, durable construction, and breathable fabric. They are suitable for various outdoor settings such as patios, gardens, and poolside areas.

2. Safety Information

Important Safety Warnings:

- Do not exceed the maximum weight capacity of 330 lbs (approximately 150 kg) per chair.
- Ensure proper assembly to maintain stability and safety. Incorrect assembly can lead to instability and potential injury.
- Always place the chairs on a flat, stable, and level surface to prevent tipping.
- Keep children and pets away from the assembly area.
- Regularly check all bolts and connections to ensure they remain tight. Retighten as necessary.
- Avoid standing on the chairs or using them for purposes other than intended seating.

3. Package Contents

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- 2 x Rocking Chairs (disassembled components)
- 1 x Assembly Instruction Guide (this document)
- Hardware Pack (bolts, washers, nuts, and tools as specified in the separate assembly guide)

4. Setup and Assembly Instructions

Assembly is required for these rocking chairs. Please follow the detailed, separate assembly guide included in your package. The following are general guidelines:

1. **Preparation:** Clear a spacious, flat, and clean area for assembly. Lay out all parts and hardware. It is recommended to assemble with two people.
2. **Identify Parts:** Refer to the parts list in your assembly guide to identify each component.
3. **Initial Fastening:** When attaching bolts, tighten them only partially at first. This allows for adjustment and alignment of all parts.
4. **Final Tightening:** Once all components are loosely assembled and aligned, gradually tighten all bolts securely. Do not overtighten, as this can strip threads or damage components.
5. **Stability Check:** After assembly, gently rock the chair to ensure all connections are secure and the chair is stable.

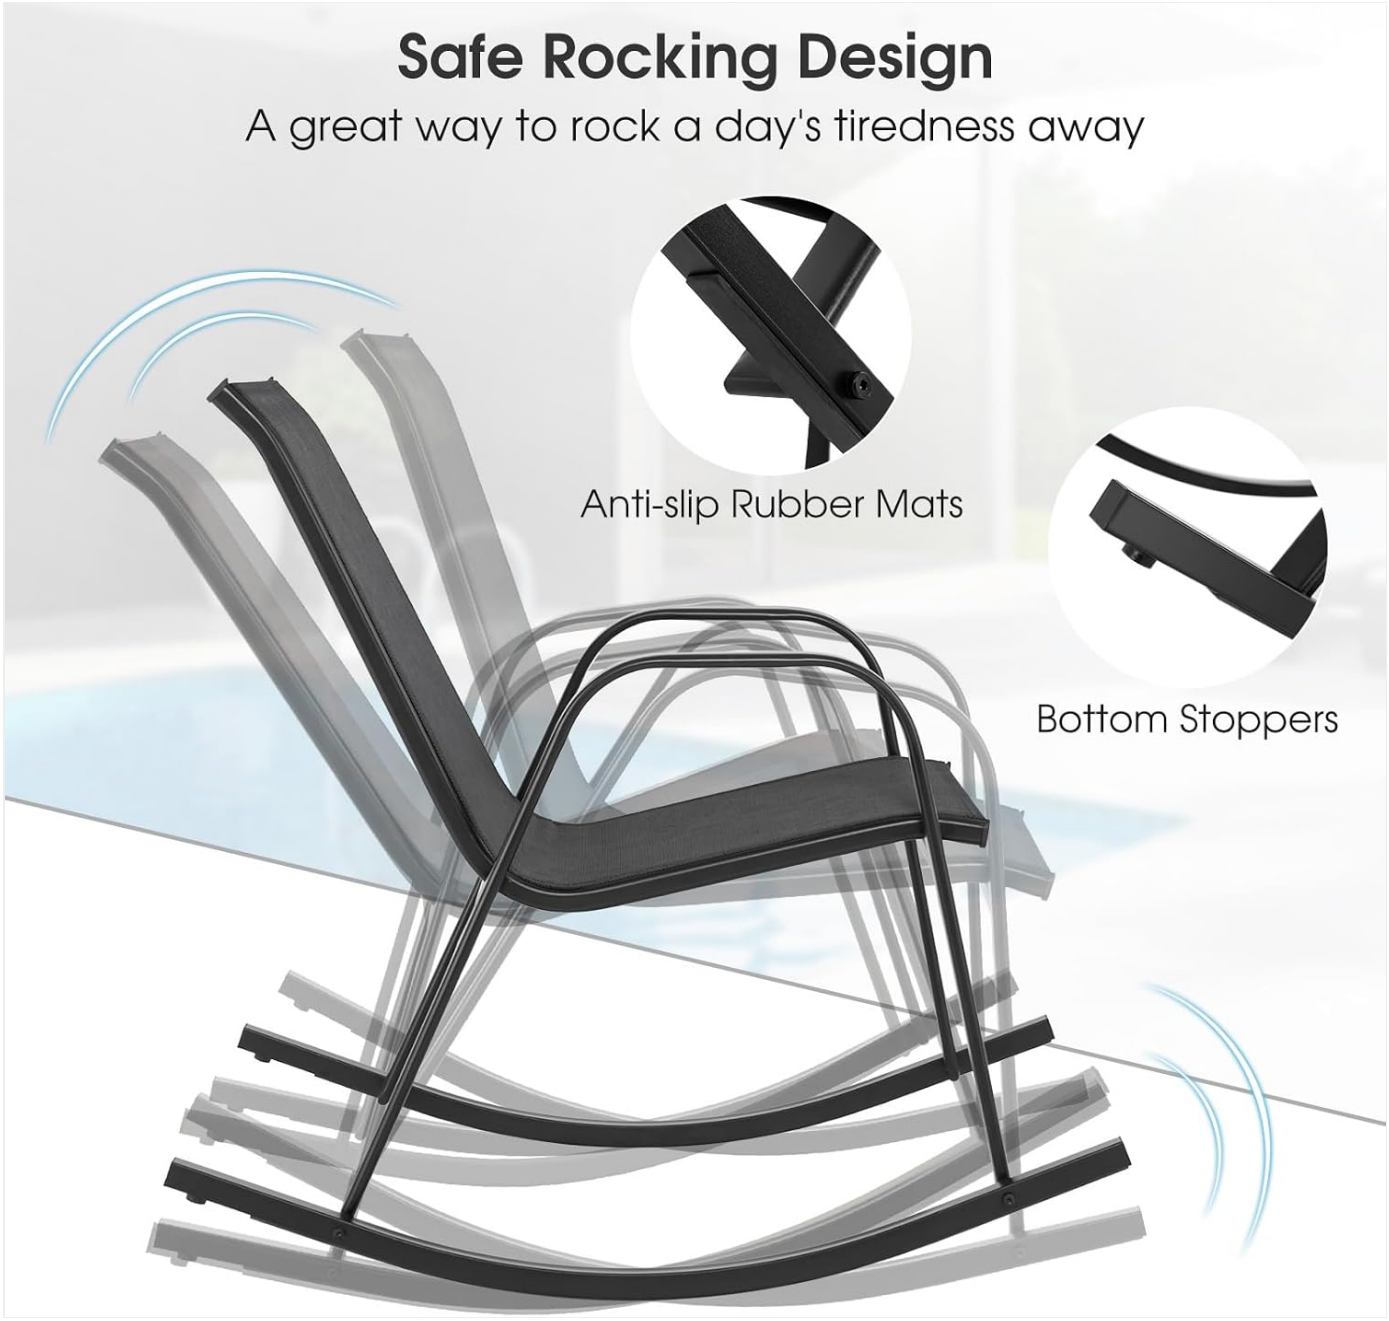

Image 4.2: Illustration of the rocking mechanism, highlighting anti-slip rubber mats and bottom stoppers for safety and stability.

5. Operating Instructions (Usage)

The Giantex Outdoor Rocking Chairs are designed for comfortable outdoor seating and gentle rocking motion.

- **Placement:** Position the rocking chairs on a flat, stable surface. Ensure there is enough clear space around the chairs for safe rocking without obstruction.
- **Seating:** Sit gently into the chair, ensuring your weight is evenly distributed.
- **Rocking Motion:** Initiate a gentle rocking motion. The chairs are equipped with anti-slip rubber mats and stoppers for balanced and safe movement.
- **Weight Limit:** Adhere strictly to the maximum weight capacity of 330 lbs per chair.

6. Maintenance

Proper maintenance will extend the life and appearance of your rocking chairs.

- **Cleaning:** Wipe clean with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Fabric Care:** The breathable, quick-drying fabric is wear-resistant. Allow the fabric to air dry completely after cleaning or rain to prevent mildew.
- **Frame Care:** The heavy-duty metal frame is powder-coated for durability. Inspect the frame periodically for any signs of rust or damage. Touch up any scratches with appropriate outdoor paint to prevent rust.
- **Hardware Check:** Periodically check all bolts and connections. Tighten any loose hardware to ensure structural integrity.
- **Storage:** During prolonged periods of non-use or harsh weather conditions, it is recommended to cover the chairs or store them in a sheltered area to protect them from the elements.

7. Troubleshooting

If you encounter any issues with your Giantex Outdoor Rocking Chairs, please refer to the following common solutions:

- **Chair is Unstable or Wobbly:**
  - Ensure all bolts and connections are securely tightened.
  - Verify that the chair is placed on a completely flat and level surface.
  - Re-check the assembly steps to ensure all parts are correctly oriented and installed.
- **Rocking Motion is Not Smooth or Restricted:**
  - Confirm that the rocking base is free from obstructions.
  - Check if the anti-slip rubber mats are properly positioned and not damaged.
  - Ensure all frame components are correctly aligned and not bent.
- **Missing Parts or Damaged Components:**

- Do not attempt to use or assemble the product.
- Contact Giantex customer support immediately for assistance and replacement parts.

8. Specifications

Feature	Detail
