

## Aroepurt Tecno Bg6m

# Aroepurt Tecno Bg6m Phone Case and Tempered Glass Screen Protector User Manual

Model: Tecno Bg6m | Brand: Aroepurt

## INTRODUCTION

This manual provides instructions for the installation, use, and maintenance of your Aroepurt phone case and tempered glass screen protector designed for the Tecno Bg6m model. Please read these instructions carefully to ensure proper application and optimal protection for your device.

## PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x Aroepurt Phone Case (YGL-XQ)
- 1 x Tempered Glass Screen Protector

## SETUP AND INSTALLATION

### 1. Tempered Glass Screen Protector Installation

Follow these steps to install the tempered glass screen protector:

1. **Clean the Screen:** Use a microfiber cloth to thoroughly clean your phone's screen, removing all dust, smudges, and fingerprints. Ensure the screen is completely dry.
2. **Align the Protector:** Carefully align the tempered glass screen protector with your phone's screen, ensuring the cutouts for the camera and sensors match perfectly.
3. **Apply:** Once aligned, gently lower the protector onto the screen. It will adhere automatically. If bubbles appear, gently push them towards the edges with a soft cloth.

## Scratch Proof

Scratch proof screen effectively avoids sharp objects scratching or abrasion

Figure 1: Tempered Glass Screen Protector Features. This image illustrates the key protective qualities of the included screen protector, such as its high hardness and shatterproof design.

## SHOCKPROOF

Soft silicone frame + hard PC backplane, thickened four corners, and a silicone buffer layer in the middle, which is higher than the screen and camera design.

Figure 2: Tempered Glass Scratch Resistance Test. This image shows the screen protector's ability to resist

## 2. Phone Case Installation

To install the phone case:

1. **Insert Phone:** Gently place your Tecno Bg6m phone into the case, ensuring all edges and corners are securely fitted.
2. **Check Fit:** Verify that all ports, buttons, and camera cutouts align correctly with the case.

## OPERATING INSTRUCTIONS

### Using the Ring Support

The integrated metal finger ring provides enhanced grip and serves as a kickstand. It can rotate 360 degrees for comfortable viewing angles and 180 degrees for various holding positions.

- **Finger Grip:** Slide your finger through the ring for a secure hold, reducing the risk of accidental drops.
- **Kickstand Function:** Rotate the ring to an appropriate angle to prop up your phone for hands-free viewing in landscape or portrait mode.
- **Magnetic Car Mount Compatibility:** The metal ring is designed to attach to magnetic car mounts (car mount not included).

Figure 3: One-Hand Operation with Ring Support. This image illustrates how the ring support enhances grip and allows for easier one-handed use of the phone.

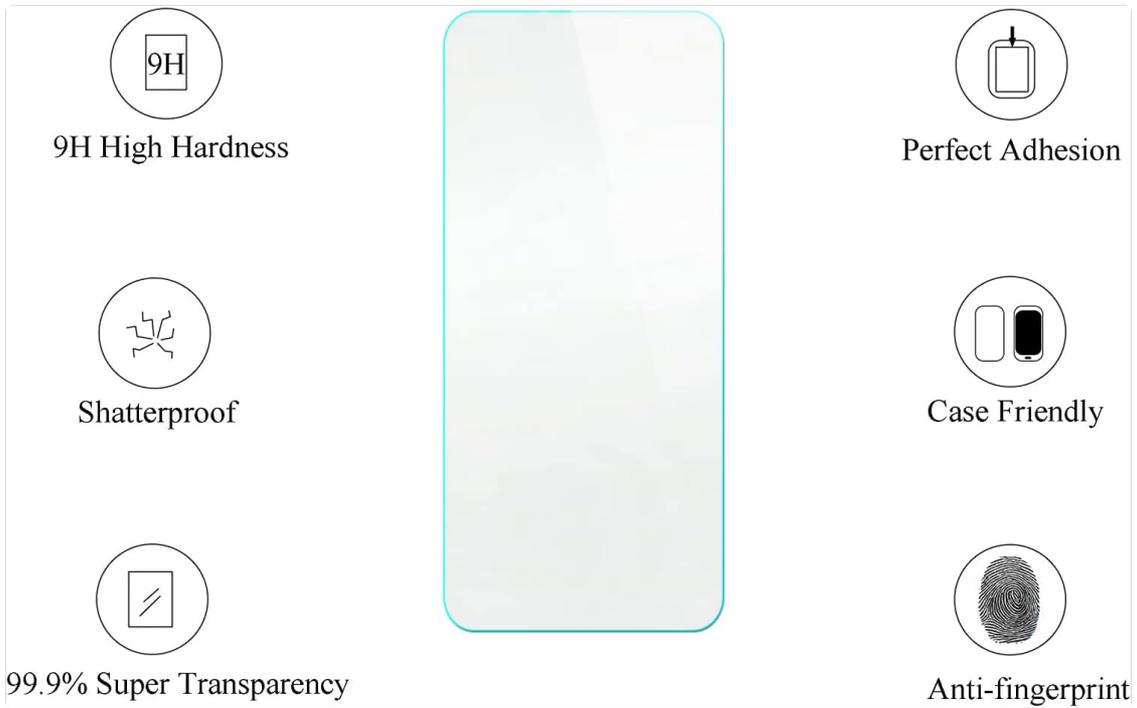

Figure 4: Magnetic Car Mount Compatibility. This image demonstrates the ring's functionality with magnetic car mounts and its rotational flexibility.

**Note: This case does not support wireless charging due to the integrated metal ring. Please remove the case for wireless charging or use a wired charger.**

### Luminous Effect

The case features a luminous effect. After absorbing light from sunlight or artificial light sources, the case will glow in dark environments.

# One-Hand Operation

Touch more spots on the screen

Figure 5: Luminous Effect and Case Layer Structure. This image explains how the case glows in the dark after absorbing light and details the protective layers of the back panel.

## KEY FEATURES

- **Advanced Protection:** Constructed with a hard PC back panel and a soft silicone frame, featuring thickened four corners and internal shock airbags for superior impact absorption. The case design ensures the screen and camera are elevated, providing enhanced flat surface protection.
- **Multi-Layer Back Design:** The back panel comprises four distinct layers: a solid PC base, an ultra-high definition pattern layer, a special process layer, and a clear, scratch-resistant surface layer for durability and aesthetic appeal.
- **Integrated Ring Support:** An adhesive metal finger ring offers a secure grip, 360-degree rotation for versatile viewing, and compatibility with magnetic car mounts.
- **Luminous Effect:** The case absorbs light and emits a fluorescent glow in dark environments, adding a unique visual element.

# Luminous effect style

Absorption of light and sunlight will produce a fluorescent effect in a dark environment.

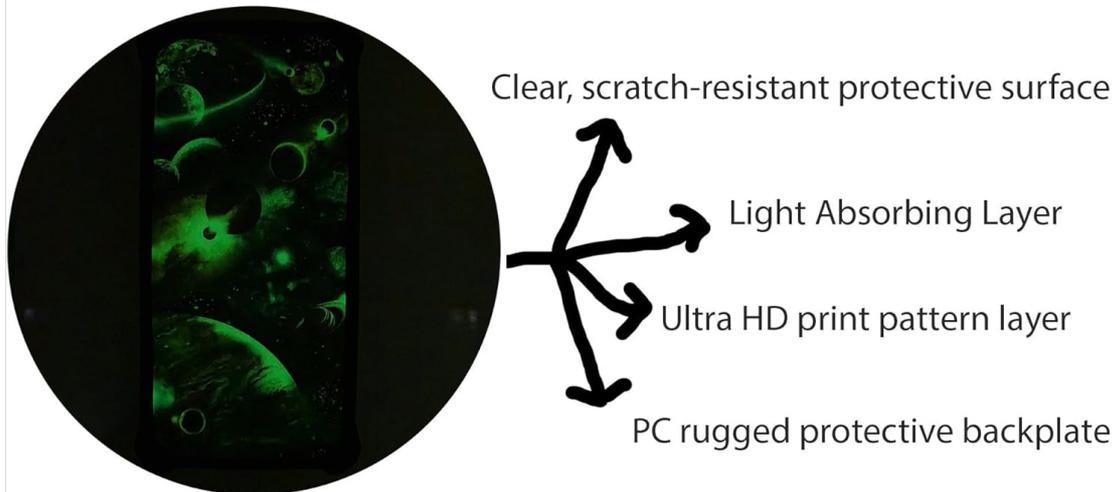

Figure 6: Shockproof Design. This image details the protective features of the case, including its shock airbags and reinforced corners.

## MAINTENANCE

To keep your phone case and screen protector in optimal condition:

- **Cleaning the Case:** Wipe the case regularly with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by rinsing and thorough drying.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. Avoid abrasive materials or harsh chemicals.
- **Avoid Extreme Conditions:** Do not expose the case or screen protector to extreme temperatures or direct sunlight for prolonged periods, as this may affect material integrity or the luminous effect.

## TROUBLESHOOTING

- **Screen Protector Bubbles:** If bubbles appear after installation, gently lift the nearest edge of the protector and reapply, pushing the air out with a soft cloth. Small bubbles may disappear naturally within 24-48 hours.
- **Luminous Effect Not Working:** Ensure the case has been exposed to sufficient light (sunlight or artificial light) for a period of time to charge its luminous properties. The effect is most noticeable in complete darkness.
- **Magnetic Car Mount Issues:** Ensure your car mount is strong enough to hold the phone with the case. The case's metal ring is compatible with magnetic mounts, but the mount itself

is not included.

## SPECIFICATIONS

<b>Product Name</b>	Aroepurt Phone Case with Tempered Glass Screen Protector
<b>Compatible Phone Model</b>	Tecno Bg6m
<b>Material</b>	PC hard back panel, soft silicone frame, metal support finger ring
<b>Special Features</b>	360° Rotating Ring, Car Magnetic Fixing, Finger Ring Stand, Luminous Effect, Shock Airbags, Screen & Camera Protection
