GarveeLife 12' x 14' Lean to Gazebo

GarveeLife 12 ft x 14 ft Lean-to Wall-Mounted Hardtop Gazebo Instruction Manual

Model: 12' x 14' Lean to Gazebo

1. Important Safety Information

Please read and understand all safety warnings and instructions before assembly and use of your GarveeLife Lean-to Gazebo. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly and Stability:** Always assemble and securely anchor the gazebo to a stable, level foundation. Ensure all connections are tightened according to the assembly instructions.
- **Children and Pets:** Keep children and pets away from the assembly area during installation and disassembly to prevent accidents.
- **Weather Conditions:** Do not use the gazebo in severe weather conditions, including strong winds (exceeding 50 mph), heavy rain, or snow. Disassemble or secure the gazebo appropriately during such conditions to prevent damage or collapse.
- **Regular Inspection:** Regularly inspect the gazebo for any signs of wear, damage, or loose connections. Perform necessary maintenance promptly to ensure its stability and safety.
- **Heavy-Duty Yet Manageable:** This gazebo is shipped in 3 separate boxes for safer delivery. Be aware that boxes may arrive at different times due to carrier efficiency.

2. Setup and Assembly

The GarveeLife Lean-to Gazebo requires assembly. For optimal results and safety, it is recommended that 2-3 individuals assist with the assembly process. Gather all necessary tools and components before beginning.

2.1 Preparation

- **Unpacking:** Carefully unpack all components and verify against the parts list provided in the separate assembly manual.
- **Tools Required:** Prepare an electric drill, work gloves, and ladders as these tools will facilitate the assembly.
- **Site Selection:** Choose a stable, level surface adjacent to a wall for mounting. Ensure adequate clearance around

the gazebo for safe use and maintenance.

2.2 Assembly Steps

Refer to the detailed, step-by-step assembly manual included with your product for specific instructions. The general process involves:

1. Assembling the aluminum frame components.
2. Attaching the frame securely to the designated wall.
3. Installing the polycarbonate roof panels.
4. Ensuring all bolts and fasteners are tightened for structural integrity.

3. Operation and Use

Your GarveeLife Lean-to Gazebo is designed to provide a sheltered and functional outdoor space, extending your living area.

- **Weather Protection:** The 6 mm UV-blocking polycarbonate panels offer protection from rain, snow, and block 99% of UV rays, helping to preserve your outdoor furniture.
- **Space Utilization:** The lean-to design maximizes usable space, making it ideal for patios, decks, or backyards where

additional structures are not feasible.

- **Versatile Use:** This gazebo can serve as a dining area, a relaxation spot, or a gathering place for various outdoor activities.

4. Maintenance

Proper maintenance will extend the lifespan of your GarveeLife Lean-to Gazebo and ensure its continued performance.

- **Cleaning:** Clean the polycarbonate roof panels and aluminum frame regularly with mild soap and water. Avoid abrasive cleaners or tools that could scratch the surfaces.
- **Fastener Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain structural integrity.

- **Damage Inspection:** Inspect the frame and roof panels for any signs of damage, cracks, or wear. Address any issues promptly to prevent further deterioration.
- **Anti-Rust Coating:** The frame features an anti-rust coating for durability. While designed to resist rust, regular cleaning and inspection can help maintain this protection.

5. Troubleshooting

This section addresses common issues you might encounter during the setup or use of your gazebo.

- **Missing or Damaged Parts:** If you find any missing or damaged parts upon delivery, please do not hesitate to contact customer support for assistance. Products may be damaged during transportation if handled incorrectly.
- **Assembly Difficulties:** If you encounter trouble during installation, refer to the attached manual and install products step by step. Ensure you have the recommended number of people (2-3) and tools (electric drills, gloves, ladders) for assembly.
- **Stability Concerns:** Ensure the gazebo is properly anchored to a stable foundation. Re-check all connections and tighten any loose bolts. Do not use in high winds.

6. Specifications

Feature	Detail
Brand	GarveeLife
Model Number	12' x 14' Lean to Gazebo
Product Dimensions (L x W x H)	168"L x 144"W x 102"H (14 ft L x 12 ft W x 8.5 ft H)
Floor Area	168 Square Feet
Item Weight	81 Pounds
Frame Material	Alloy Steel
Roof Material	Polycarbonate (PC Roof)
Water Resistance Level	Waterproof
UV Protection	Ultraviolet Light Protection (6mm UV-blocking panels)
Assembly Required	Yes
