3. PRODUCT OVERVIEW

The TNICER G10 integrates a 2K camera with a motorcycle intercom system. Key features include:

- **2K HD Camera:** Equipped with a Sony IMX335 sensor for clear video recording and 5-megapixel photo capture.
- **EIS Anti-Shake Technology:** Electronic Image Stabilization minimizes blur for stable video footage during rides.
- **Rotatable Lens & Body:** The camera lens can rotate 30 degrees, and the main unit can rotate 360 degrees for optimal shooting angles.
- **8-Person Intercom:** Supports group communication for up to 8 riders with a maximum range of 1000 meters.
- **Bluetooth 5.2 & Wi-Fi:** Advanced connectivity for stable communication and app control.
- **2000mAh Battery:** Provides up to 5 hours of continuous video recording.
- **IP67 Waterproof:** Designed to withstand various weather conditions.
- **Music Sharing & FM Radio:** Enjoy music with a fellow rider or tune into FM radio stations.
- **CVC & DSP Noise Canceling:** Reduces wind noise and engine sounds for clear audio.

4. SETUP AND INSTALLATION

4.1 Charging the Device

Before first use, fully charge the G10 unit. Connect the USB charging cable to the device and a power source. The charging indicator will show the charging status.

4.2 Installing the Memory Card

Insert the provided 64GB TF card into the designated slot on the G10 unit. The device supports up to 256GB TF cards for extended recording.

Image 4.1: Proper insertion of the 64GB memory card for recording.

4.3 Mounting on Helmet

Choose between the metal clip or the adhesive mount for securing the G10 to your helmet. Ensure the mount is firmly attached and the unit is stable.

1. Attach the rotatable base to your helmet using either the metal clip or the 3M adhesive mat.
2. Slide the G10 main unit onto the rotatable base until it clicks into place.
3. Adjust the unit's position using the 360-degree rotatable body and the 30-degree rotatable camera lens to achieve the desired camera angle.

Image 4.2: The G10's rotatable bracket allows for flexible positioning on the helmet.

水平・垂直の角度調整が可能

回転式レンズと回転式ブラケットを装備し、水平30°、垂直360°の調整が可能。

Image 4.3: The G10 offers both 30-degree lens rotation and 360-degree body rotation for precise camera angle adjustment.

4.4 Connecting Speakers and Microphones

Carefully route the speaker and microphone wires inside your helmet and connect them to the G10 unit. Use the provided Velcro pads to secure the speakers and microphone in optimal positions for clear audio.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the Power button for approximately 3 seconds until the indicator light illuminates.
- **Power Off:** Press and hold the Power button for approximately 3 seconds until the indicator light turns off.

5.2 Camera Operation

The G10 features a 2K HD camera with EIS anti-shake technology.

- **Start Recording:** Press the Camera button once to begin video recording. The indicator light will change

to confirm recording.

- **Stop Recording:** Press the Camera button again to stop recording.
- **Take Photo:** While not recording, press and hold the Camera button for 2 seconds to take a 5-megapixel photo.
- **Loop Recording:** The device automatically records in a loop, overwriting the oldest files when the memory card is full. Important moments can be protected by the G-sensor.

Image 5.2: Demonstrating the effectiveness of EIS anti-shake technology for stable video recording.

5.3 Intercom Functions

The G10 supports group intercom for up to 8 riders.

- **Pairing:** Use the one-touch auto pairing function to connect multiple G10 devices. Refer to the detailed pairing instructions in the full manual for specific steps. The G10 is also compatible with many third-party Bluetooth intercoms.
- **Group Talk:** Once paired, riders can communicate within a 1000-meter range.

ワンタッチペアリングで8人通話をサポート

グループの最大通信距離は1000mに達し、2名ライダー間の通信距離が約200mです。

Image 5.3: The G10 supports communication for up to 8 riders over a distance of 1000 meters.

5.4 Music and FM Radio

- **Music Playback:** Connect your smartphone via Bluetooth to play music.
- **Music Sharing:** Two riders can share music within a 50-meter range. Ensure the intercom function is off when using music sharing.
- **FM Radio:** Activate the FM radio function to listen to local stations.
- **Sound Effects:** Adjust between three sound effect modes (Bass Boost, Treble Boost, Mid-range Boost) to customize your audio experience.

音楽共有と3種類の効果音

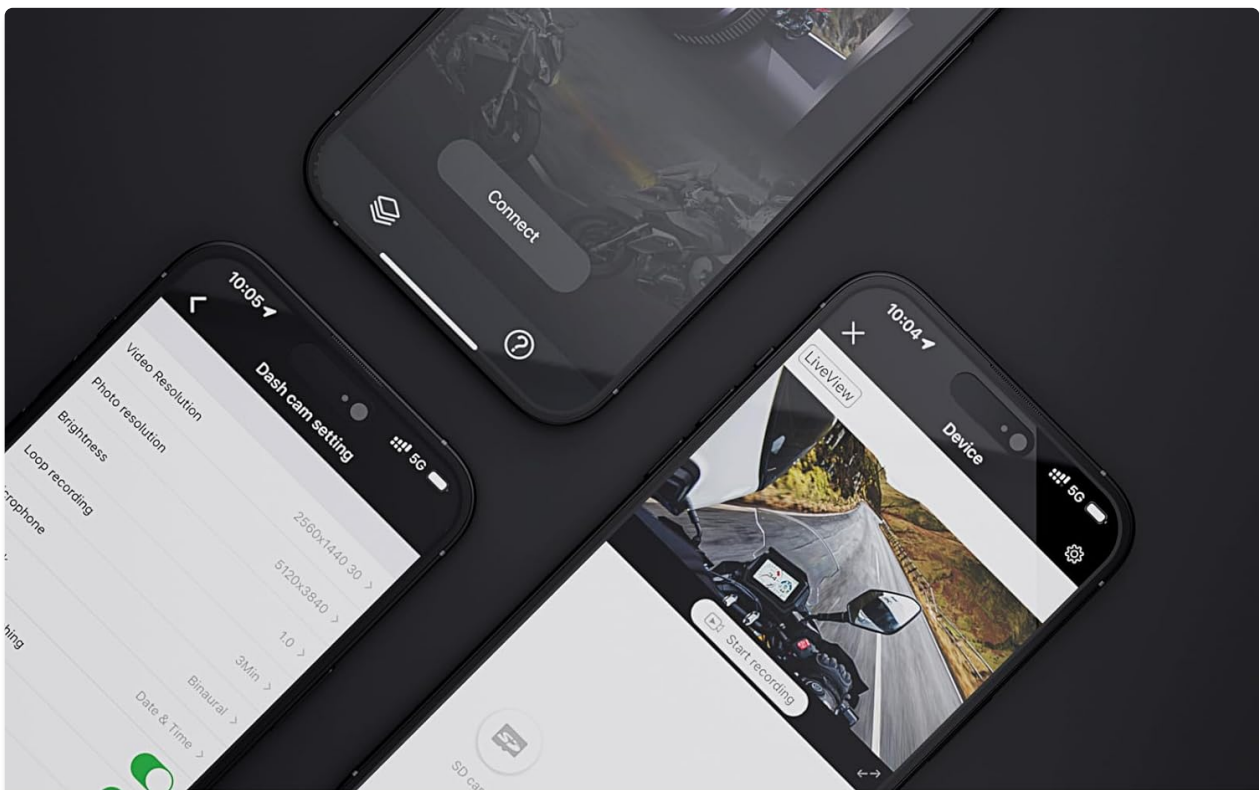

Image 5.4: Music sharing and customizable sound effects enhance the audio experience.

5.5 Wi-Fi and App Control

The G10 has built-in Wi-Fi for seamless connection to its dedicated smartphone application.

- **App Download:** Download the official TNICER app from Google Play Store or Apple App Store.
- **Real-time View:** Connect via Wi-Fi to view live camera footage on your smartphone.
- **File Management:** Download recorded videos and photos directly to your phone for easy sharing and backup.
- **Settings Adjustment:** Configure camera and intercom settings through the app.

Wi-Fi内蔵

日本語アプリがダウンロード可能。内蔵のWIFI機能により、携帯電話のAPP経由でいつでもライブ画像をプレビューし、ビデオをダウンロードすることができます。

Image 5.5: The G10's built-in Wi-Fi allows for real-time viewing and control via a smartphone app.

6. BATTERY AND CHARGING

The G10 is equipped with a 2000mAh rechargeable battery.

- **Continuous Recording:** Up to 5 hours.
- **Talk Time:** Up to 35 hours.
- **Music Playback:** Up to 38 hours.
- **Charging Time:** Approximately 3 hours.

Always use the provided USB charging cable. Avoid using damaged cables or chargers.

7. CARE AND MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the device. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** The G10 is IP67 waterproof. While it can withstand rain, avoid submerging it in water for extended periods.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Battery Care:** For optimal battery life, avoid extreme temperatures and fully charge the device periodically if stored for long durations.

8. TROUBLESHOOTING

If you encounter issues with your G10, try the following solutions:

- **Device not powering on:** Ensure the battery is charged. Connect to a power source and try again.
- **No audio from speakers:** Check speaker connections. Ensure volume is not muted or too low.
- **Intercom not connecting:** Ensure both devices are in pairing mode and within range. Try re-pairing the

devices.

- **Video recording issues:** Check if the memory card is inserted correctly and has sufficient free space. Format the memory card if necessary (this will erase all data).
- **Wi-Fi connection problems:** Ensure Wi-Fi is enabled on the G10 and your smartphone. Restart both devices and try connecting again.

For further assistance, please refer to the comprehensive troubleshooting section in the full instruction manual or contact customer support.

9. SPECIFICATIONS

Feature	Specification
Brand	TNICER
Model Number	G10
Video Capture Resolution	2K
Photo Resolution	5 Megapixels
Image Stabilization	Digital (EIS)
Lens Rotation	30 degrees
Body Rotation	360 degrees
