ELEMARA QLS-8603

ELEMARA Licensed Lamborghini Ride On Car Instruction Manual

Model: QLS-8603

1. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not suitable for children under 37 months.

This product contains small parts. Keep children away during assembly. Adult supervision is required at all times when the vehicle is in use. Ensure the child wears appropriate safety gear, such as a helmet, when operating the ride-on car. Do not operate the vehicle near stairs, steep inclines, public roads, or swimming pools. Always ensure the seat belt is securely fastened before operation.

2. PRODUCT OVERVIEW

The ELEMARA Licensed Lamborghini Ride On Car (Model QLS-8603) offers an authentic driving experience for children. This electric car features a sleek design, functional scissor doors, LED lights, and a versatile control console. It is equipped with a 12V battery and two 35W motors, providing speeds of 1.9 to 3.1 mph. The car supports both manual operation by the child and remote control by a parent for enhanced safety.

Figure 2.2: Comparison of the ride-on car with a full-size Lamborghini, showcasing design accuracy.

3. SETUP

3.1. Assembly

Refer to the included detailed manual for step-by-step assembly instructions. Ensure all components are securely attached before initial use. The package includes the ride-on car, remote control, and a manual.

Figure 3.1: Illustration of key replaceable parts for assembly and maintenance.

3.2. Charging the Battery

1. Locate the charging port on the vehicle.
2. Connect the provided charger to the charging port and then to a standard wall outlet.
3. The charging time is approximately 8 to 12 hours for a full charge. Do not overcharge the battery.
4. Disconnect the charger once charging is complete.

A fully charged battery provides approximately 30 to 45 minutes of use time, depending on terrain and usage.

Figure 3.2: Performance specifications including charging and usage times.

3.3. Remote Control Pairing

To pair the remote control with the vehicle:

1. Ensure the vehicle is turned off.
2. Insert batteries into the remote control (if not already installed).
3. Press and hold the pairing button on the remote control (refer to the remote control diagram in the main manual for exact location).
4. While holding the pairing button, turn on the vehicle.
5. Release the pairing button once the indicator light on the remote control stops flashing and remains solid, indicating successful pairing.

4. OPERATING INSTRUCTIONS

4.1. Driving Modes

The vehicle offers two primary driving modes:

- **Manual Control:** The child operates the vehicle using the steering wheel and foot pedal.
- **Remote Control:** A parent can control the vehicle's movement and speed using the provided remote control, overriding manual input for safety.

Figure 4.1: Depiction of manual and remote control driving options.

4.2. Basic Controls

- **Power Button:** Turns the vehicle on or off.
- **Foot Pedal:** Press to accelerate in manual mode. Release to brake.
- **Steering Wheel:** Turn left or right to steer the vehicle in manual mode.
- **Gear Selector:** Switches between forward, neutral, and reverse gears.
- **Speed Button (on remote):** Adjusts the speed setting (low/medium/high).

4.3. Multimedia Features

The vehicle includes an integrated multimedia player for entertainment:

- **Bluetooth Connectivity:** Pair a compatible device to play audio.
- **USB Port:** Insert a USB drive with MP3 audio files.
- **MP3 Player:** Play pre-loaded music or audio stories.

Figure 4.2: Multimedia options for an enjoyable ride.

4.4. Special Features

- **Scissor Doors:** Manually open and close the doors upwards for an authentic Lamborghini experience.
- **LED Lights:** Functional LED headlights and taillights enhance realism and visibility.

5. MAINTENANCE

5.1. Battery Care

- Always recharge the battery after each use.
- If the vehicle is not used for an extended period, charge the battery at least once a month to maintain its lifespan.
- Do not store the battery in extreme temperatures.

5.2. Cleaning

Wipe the vehicle with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish or electronic components. Do not spray water directly onto the vehicle.

5.3. Storage

Store the vehicle in a dry, sheltered area away from direct sunlight and moisture. If the battery is low, the car can be easily towed using the small wheels located at the rear.

Figure 5.1: Towing the vehicle using the rear wheels.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your ride-on car.

Problem	Possible Cause	Solution
Vehicle does not move	Low battery; Loose battery connection; Blown fuse; Motor issue	Charge battery; Check battery terminals; Replace fuse; Contact customer support
Remote control not working	Unpaired remote; Dead remote batteries	Re-pair remote control (Section 3.3); Replace remote batteries
Short operating time	Insufficient charging; Old battery; Overloaded vehicle	Ensure full charge (8-12 hours); Replace battery if old; Reduce load

Problem	Possible Cause	Solution
Vehicle makes unusual noises	Loose parts; Gear issue	Check for loose components; Contact customer support

The vehicle is equipped with a battery depletion warning system. When the battery is low, the car can be pulled home using the built-in small wheels at the rear.

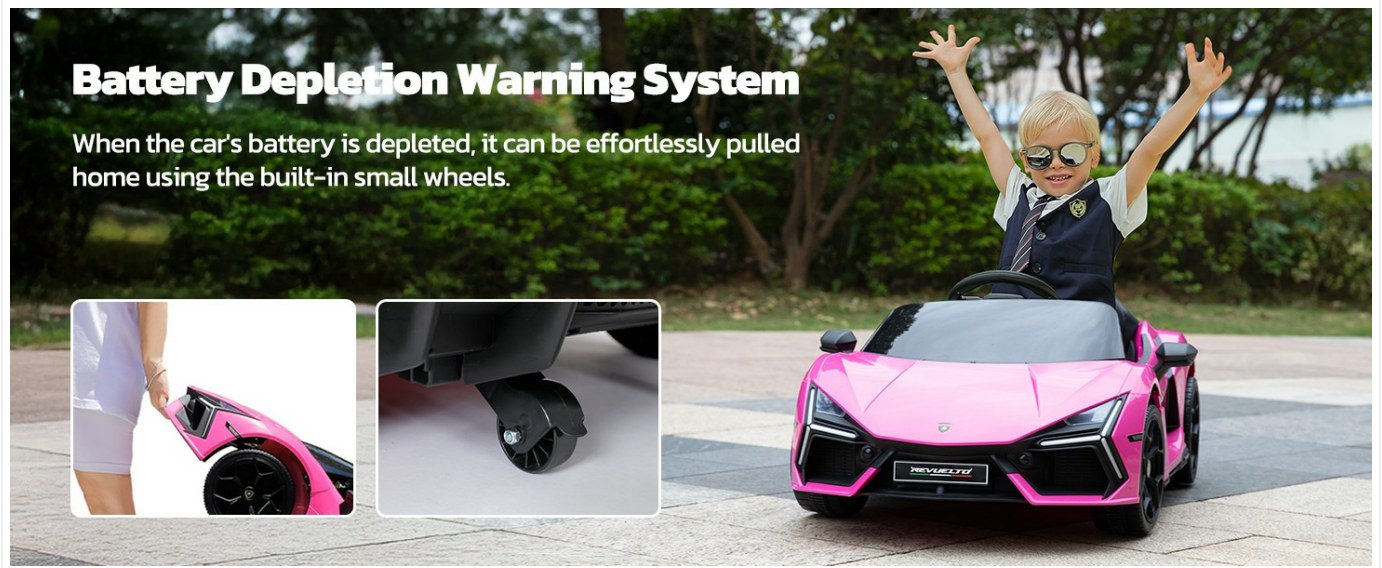

Figure 6.1: Battery depletion warning system and tow feature.

7. SPECIFICATIONS

Feature	Detail
Model Number	QLS-8603
Product Dimensions	41.3 x 23.6 x 15.7 inches
Item Weight	25 pounds
Recommended Age	3 - 8 years
Motor	12V/2*35W
Speed	1.9 - 3.1 mph (3-5 km/h)
Charging Time	8 - 12 hours
Use Time	30 - 45 minutes
Weight Capacity	66 lbs

Perfect Size For Kids

Scaled down to comfortably seat

Recommended for Age: 3-8

Dimension: 41.3" x 23.6" x 15.7"

Weight capacity: 66LBS
