GOJOOASIS L36QCP

GOJOOASIS 10'x20' Car Port Canopy Tent User Manual

Model: L36QCP | Brand: GOJOOASIS

1. Introduction

This manual provides essential instructions for the assembly, operation, maintenance, and troubleshooting of your GOJOOASIS 10'x20' Car Port Canopy Tent. Designed for versatility, this portable shelter offers protection for vehicles, serves as a party tent, or provides storage space. Please read this manual thoroughly before assembly and retain it for future reference.

2. Safety Information

Important: Ensure proper anchoring of the carport at all times to prevent damage or injury from wind. Avoid extreme weather conditions such as heavy snow, strong winds, or severe storms. Exercise caution around open flames or heat sources near the canopy fabric. Regular inspection of all components is recommended for safe use.

3. Package Contents

Verify that all components are present before beginning assembly. The package should include:

- Galvanized Steel Frame Components (poles, connectors)
- 200g Polyethylene Fabric Cover
- 2 Removable Sidewalls
- 2 Doors (with roll-up zippers and buckles)
- Anchoring Kit (foot plates, wind ropes, ground nails)

- Elastic Ball Straps
- Spring Buttons

4. Setup Instructions

Assembly typically requires two or more adults and can be completed in approximately 30 minutes. No special tools are required.

1. **Roof Frame Assembly:** Connect the roof frame poles using the spring buttons and connectors. Ensure all connections are secure.
2. **One Side Steel Support Assembly:** Attach the vertical support poles for one side of the carport to the assembled roof frame.
3. **Place Roof Cover on the Frame:** Carefully drape the polyethylene fabric cover over the assembled roof frame. Ensure it is centered and aligned.
4. **Install Other Side Steel Frame:** Attach the remaining vertical support poles to complete the frame structure.

5. **Secure the Cover:** Use the elastic ball straps to secure the cover to the frame.
6. **Attach Sidewalls and Doors:** Install the two removable sidewalls and two doors as desired. The doors feature roll-up zippers and buckles for easy access.
7. **Anchor the Carport:** Utilize the provided anchoring kit, including foot plates and wind ropes, to firmly secure the carport to the ground. This step is crucial for stability.

5. Operating Instructions

The GOJOOASIS Car Port Canopy Tent is designed for flexible use:

- **Vehicle Protection:** Park your car, boat, or other vehicles inside for protection from sun, rain, dust, and other elements.
- **Removable Sidewalls and Doors:** The two sidewalls and two doors can be easily attached or removed to adapt to different weather conditions or usage needs.
- **Roll-Up Doors:** The front door features roll-up zippers and buckles, allowing for convenient access and excellent ventilation when open.
- **Multi-Purpose Use:** Beyond vehicle storage, the canopy can be used as a party tent, garden shelter, or commercial event tent.

6. Maintenance

To ensure the longevity and performance of your carport:

- **Cleaning:** Clean the polyethylene fabric cover with mild soap and water. Avoid harsh chemicals or abrasive cleaners, which can damage the material. Rinse thoroughly and allow to air dry completely before storage.
- **Frame Inspection:** Periodically check the galvanized steel frame for any signs of rust, corrosion, or damage. Ensure all connections are tight and secure.
- **Anchoring:** Regularly inspect the anchoring system (foot plates, wind ropes, ground nails) to ensure it remains firmly secured, especially after strong winds or heavy rain.
- **Storage:** If disassembling for storage, ensure all components are clean and dry. Store in a cool, dry place away from direct sunlight.

7. Troubleshooting

If you encounter issues with your carport, consider the following:

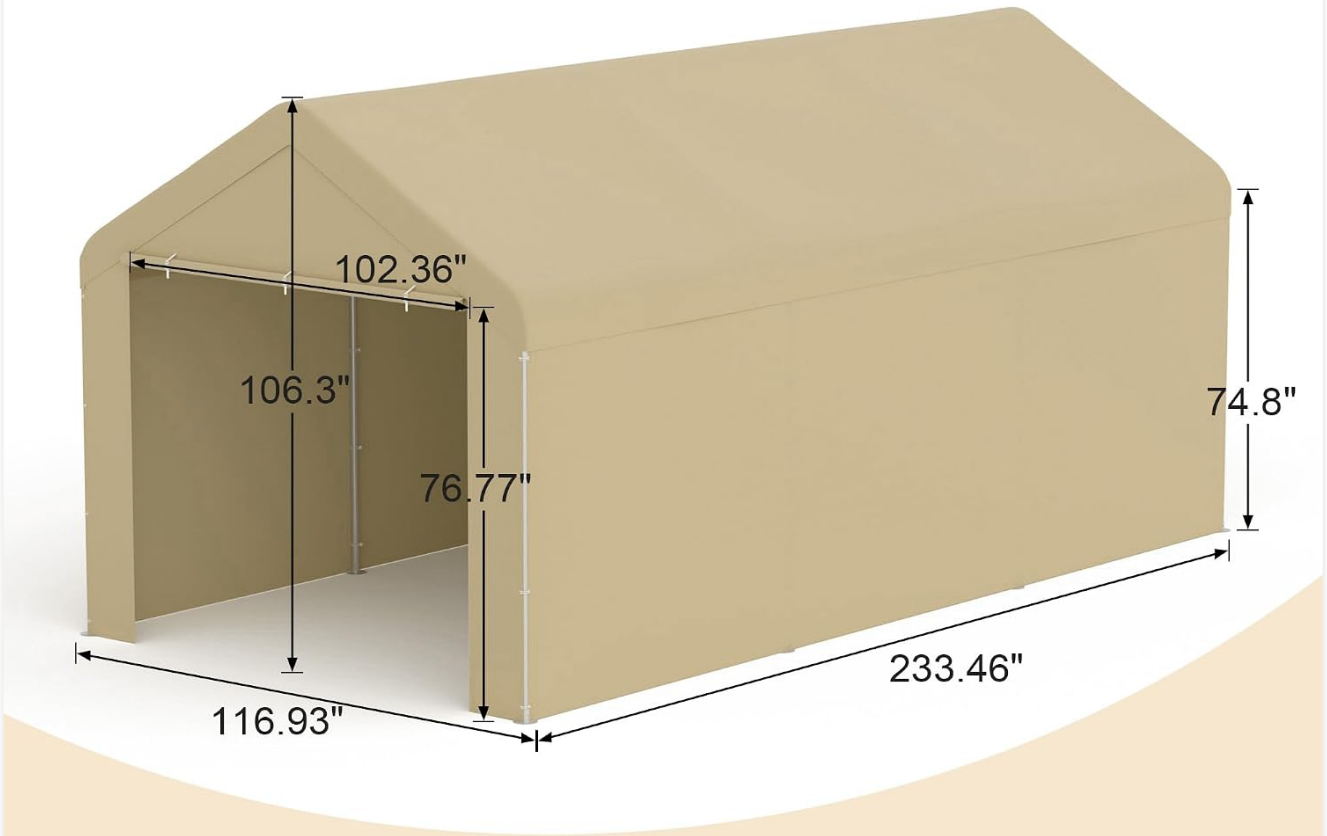

- **Instability:** Ensure all frame connections are fully engaged with the spring buttons. Verify that the anchoring kit (foot plates, wind ropes, ground nails) is properly installed and secured to the ground.
- **Water Pooling on Roof:** Check that the frame is assembled correctly and the cover is taut and evenly distributed. Adjust tension if necessary.
- **Difficulty with Zippers:** Ensure the fabric is not caught in the zipper. Apply a silicone-based lubricant if the zipper is stiff.
- **Fabric Damage:** Inspect the fabric for tears or punctures. Small repairs can be made with appropriate fabric repair kits. For significant damage, contact customer support.

8. Specifications

Feature	Specification
Brand	GOJOOASIS
Model Number	L36QCP
Product Dimensions (L x W x H)	233" x 117" x 102" (117"L x 233"W x 102"H)
Item Weight	84 Pounds
Frame Material	Alloy Steel (Galvanized)
Cover Material	200g Polyethylene Fabric
Water Resistance Level	Waterproof
UV Protection	Yes (Blocks 90% of sun's rays)
Assembly Required	Yes
Color	Yellow
