Dreamegg D1+

Dreamegg D1+ Sound Machine & Alarm Clock User Manual

Model: D1+

1. INTRODUCTION

The Dreamegg D1+ is a versatile device designed to enhance sleep and provide a gentle wake-up experience. It combines a sound machine with an alarm clock, offering a range of soothing sounds and a dimmable night light. This manual provides instructions for the proper setup, operation, and maintenance of your device.

2. SAFETY INFORMATION

- This product is corded electric and should be handled with care to avoid risk of electric shock.
- Do not immerse the device in water or other liquids.
- Do not use this product near water, such as bathtubs, sinks, or swimming pools.
- Keep the device away from heat sources and direct sunlight.
- This product is not intended for use as a toy. Keep out of reach of children.
- Use only the provided power adapter.

3. PRODUCT FEATURES

- **Sound Options:** Offers 29 soothing sounds, including 7 white noise, 7 fan sounds, 5 lullabies, and 10 nature sounds.
- **Alarm Clock Function:** Features 6 soothing nature alarm sounds and a 9-minute snooze function.
- **Night Light:** Independently controlled warm light with 0-100% dimmable brightness.
- **Dimmable Display:** Adjustable clock brightness from 0-100% for a comfortable viewing experience.
- **Compact Design:** Space-saving design combines multiple functions into a single device.

4. SETUP INSTRUCTIONS

1. **Power Connection:** Connect the provided power adapter to the device and plug it into a standard electrical outlet. The device will power on automatically.
2. **Time Setting:** Refer to the device controls for setting the current time. Typically, this involves pressing a 'Time Set' button and using '+' or '-' buttons to adjust hours and minutes.
3. **Sound Selection:** Press the 'Sound' button (often indicated by a music note icon) to cycle through the 29 available sounds. Stop when your preferred sound is playing.
4. **Volume Adjustment:** Use the '+' and '-' buttons to increase or decrease the sound volume to your desired level.
5. **Night Light Activation:** Press the 'Light' button (often indicated by a light bulb icon) to turn on the warm night light.

6. **Night Light Dimming:** While the night light is on, press and hold the 'Light' button or use dedicated dimming controls to adjust the brightness from 0-100%.
7. **Alarm Clock Setup:** Press the 'Alarm' button (often indicated by a clock icon) to enter alarm setting mode. Use the '+' or '-' buttons to set the desired alarm time and select one of the 6 soothing nature alarm sounds. Confirm your selection to activate the alarm.

5. OPERATING INSTRUCTIONS

5.1 Sound Machine Operation

- **Playing Sounds:** Press the sound selection button to start playing a sound. Each press cycles to the next sound.
- **Adjusting Volume:** Use the '+' button to increase volume and the '-' button to decrease volume.
- **Timer Function:** The device may include a timer function (e.g., 30, 60, 90 minutes) to automatically turn off the sound. Refer to the specific timer button on the device.

5.2 Night Light Operation

- **Turning On/Off:** Press the light button to toggle the night light on or off.
- **Adjusting Brightness:** Press and hold the light button or use dedicated controls to adjust the light intensity. The brightness can be set from 0% (off) to 100% (full brightness).

5.3 Alarm Clock Operation

- **Setting Alarm Time:** Enter alarm setting mode (refer to Section 4, point 7) and use the adjustment buttons to set your desired wake-up time.
- **Selecting Alarm Sound:** Choose from the 6 available nature alarm sounds during alarm setup.
- **Activating Snooze:** When the alarm sounds, press the 'Snooze' button to temporarily pause the alarm for 9 minutes.
- **Disabling Alarm:** To turn off the alarm completely, press the 'Alarm' button again or the power button.

Time to find a better way to start the day

Experience a peaceful morning rise without the distress and exhaustion of a loud, abrupt alarm. Equipped with 6 carefully selected alarm tones, you can choose the most comfortable tone to be woken up.

6. MAINTENANCE

- **Cleaning:** Clean the device with a soft, dry cloth. Do not use liquid cleaners, abrasive materials, or immerse the device in water.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.
- **Power Cord:** Regularly inspect the power cord for any damage. If damaged, discontinue use and contact customer support.

7. TROUBLESHOOTING

- **Device not powering on:** Ensure the power cord is securely connected to both the device and a working electrical outlet.
- **Alarm not sounding:** Verify the alarm is set correctly and the volume is not at its minimum setting. Check that the alarm function is activated.
- **No sound or distorted sound:** Ensure the volume is adjusted appropriately. Check for any obstructions around the speaker.
- **Clock display not visible:** Adjust the display brightness using the dedicated controls.
- **Alarm clock not working during power outage:** The battery backup only works to save the time setting. The alarm clock will not operate without electricity from the outlet.
