Follow these steps to set up your new bedding set:

1. **Unpack:** Carefully remove all components from the packaging. Inspect each item for any signs of damage.
2. **Initial Wash:** For best results and hygiene, it is recommended to wash the bedding set before first use. Refer to the "Maintenance and Care" section for detailed washing instructions.
3. **Place the Bed Sheet:** Lay the bed sheet smoothly over your mattress, ensuring it is centered and evenly distributed.
4. **Insert Duvet into Cover:** Open the duvet cover and carefully insert your duvet. Align the corners of the duvet with the corners of the cover. MAINTENANCE AND CARE

Proper care will help preserve the quality and longevity of your 60-count long-staple cotton bedding set:

- **Washing:** Machine wash in cold water on a gentle cycle. Use a mild detergent. Wash dark colors separately to prevent color transfer.
- **Drying:** Tumble dry on low heat. Remove promptly to minimize wrinkles. Air drying is also an option to preserve fabric integrity.
- **Bleaching:** Do not bleach. Bleach can damage the cotton fibers and fade the color.
- **Ironing:** If necessary, iron on a low heat setting. For best results, iron while slightly damp.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use. Ensure the bedding is completely dry before storing to prevent mildew.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Wrinkles:** Cotton bedding can wrinkle. To minimize, remove from dryer promptly and fold immediately. Ironing on a low setting while slightly damp can also help.
- **Fading Color:** To prevent fading, always wash in cold water with a mild detergent and avoid direct exposure to strong sunlight for prolonged periods. Do not use bleach.
- **Loose Threads:** Occasionally, a loose thread may appear. Carefully trim it with scissors; do not pull it, as this could damage the fabric.
