## Bassizo K55Pro-S320B

# Bassizo Military Smart Watch User Manual

Model: K55Pro-S320B

## INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Bassizo Military Smart Watch. Designed for durability and functionality, this smartwatch features a 2.02" HD display, 3ATM waterproofing, an LED flashlight, compass, and extensive health and fitness tracking capabilities. Please read this manual carefully to ensure proper use and to maximize your device's potential.

## PACKAGING

Image: All components included in the Bassizo Smart Watch package.

## SETUP

### 1. Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source (e.g., a computer USB port or a 5V/1A USB wall adapter). A full charge typically takes approximately 2 hours.

## 2. App Installation and Pairing

To unlock all features, download the companion app on your smartphone. The app is compatible with iOS 12.0+ and Android 9.0+.

1. Scan the QR code in the user manual or search for "FitCloudPro" in your phone's app store (Apple App Store or Google Play Store).
2. Install and open the "FitCloudPro" app.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the app, navigate to the device section and search for your smartwatch (e.g., "S320B").
5. Select your device to pair. Follow any on-screen prompts to confirm the connection.
6. Allow necessary permissions for notifications, calls, and health data synchronization.

## MAINTENANCE

### Water Resistance

The Bassizo Military Smart Watch is 3ATM waterproof, meaning it can withstand splashes, rain, and brief immersion in water (e.g., swimming, diving, surfing). However, it is not recommended for hot water activities like hot showers or saunas, as steam can compromise the seals.

## Cleaning and Care

- Wipe the watch clean with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- Ensure the charging contacts are clean and dry before charging.

## TROUBLESHOOTING

| Problem              | Possible Solution   |
|----------------------|---|
| Watch not turning on | Ensure the watch is fully charged. Press and hold the power button for several seconds. |

| Problem                    | Possible Solution  |
|----------------------------|--|
| Unable to pair with phone  | <p>Ensure Bluetooth is on and the app is open.</p> <p>Restart both the watch and the phone.</p> <p>Forget the device in your phone's Bluetooth settings and try pairing again.</p> <p>Ensure the watch is not already connected to another device.</p> |
| Notifications not received | <p>Check app permissions on your phone to ensure notification access is granted.</p> <p>Verify that notifications are enabled within the FitCloudPro app settings.</p> <p>Ensure the watch is connected via Bluetooth.</p>                             |
| Inaccurate health data     | <p>Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone. Avoid excessive movement during measurements.</p>   |
| Short battery life         | <p>Reduce screen brightness, disable unnecessary features (e.g., continuous heart rate monitoring if not needed), and ensure proper charging.</p>  |
