onerbl 28 CH-8712

User Manual: Mirco + Mini USB Charging Cable for Phonak TV Connector V2

Model: 28 CH-8712

1. PRODUCT OVERVIEW

This Onerbl AC adapter charging cable is designed to provide power and charging capabilities for your compatible devices. It converts AC power from electrical outlets into the DC power required by your device, making it a practical solution for daily use and travel.

Key features include:

- New Mirco USB Charging Cable and Mini Charging Cable thru 5V DC USB Port Charger Power Cord.
- Compatible with Phonak TV Connector V2 Digital Wireless Accessory for Marvel and Paradise Hearing aids TVConnector.
- Designed for 5VDC 5.0V input.

Figure 1: Onerbl Mirco + Mini USB Charging Cable.

This image displays the black USB charging cable, featuring a micro USB connector at one end and a standard USB-A connector at the other. The cable is shown coiled in a circular shape, highlighting its length and flexibility.

2. SETUP INSTRUCTIONS

- 1. Identify Connectors:** Locate the Micro USB or Mini USB end of the cable, which connects to your Phonak TV Connector V2 or compatible device. Identify the standard USB-A end, which connects to a power source.
- 2. Connect to Device:** Gently insert the appropriate small connector (Micro USB or Mini USB) into the charging port of your Phonak TV Connector V2 Digital Wireless Accessory or hearing aid TVConnector. Ensure it is fully seated.
- 3. Connect to Power Source:** Insert the standard USB-A end of the cable into a compatible 5V DC USB power adapter (not included), a computer USB port, or any other 5V USB power source.
- 4. Verify Connection:** Once connected, your device should indicate that it is receiving power or charging (e.g., via an LED indicator on the device).

Important: Ensure the power source provides 5V DC output to prevent damage to your device.

3. OPERATING THE CABLE

This cable functions as a power and charging conduit. Once properly connected to your device and a power source, it will facilitate the transfer of electrical power. No specific operational steps are required beyond correct connection.

- Use the cable to charge the internal battery of your Phonak TV Connector V2.
- Use the cable to power your device directly when connected to a continuous power source.

4. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your charging cable, follow these guidelines:

- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling or bending the cable, especially near the connectors, to prevent internal wire damage.
- **Cleaning:** If the cable or connectors become dirty, gently wipe them with a soft, dry, lint-free cloth. Do not use liquid cleaners or abrasive materials.
- **Handling:** Always grasp the connector housing when plugging or unplugging the cable, rather than pulling on the cord itself. This prevents strain on the cable's internal wiring.
- **Inspection:** Periodically inspect the cable for any signs of wear, fraying, or damage to the insulation or connectors. Discontinue use if any damage is observed.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging/powering on.	Cable not fully connected. Faulty power source. Damaged cable. Incompatible device/power requirements.	Ensure both ends of the cable are securely plugged in. Try a different USB power adapter or port. Inspect the cable for visible damage. If damaged, replace it. Verify your device requires 5V DC and uses a Micro or Mini USB port.

Problem	Possible Cause	Solution
Loose connection.	Worn out port on device or power source. Bent pins in connector.	Try connecting to a different port. Carefully inspect the cable connectors and device ports for damage.

6. SPECIFICATIONS

- **Brand:** Onerbl
- **Model Number:** 28 CH-8712
- **Compatible Devices:** Phonak TV Connector V2 Digital Wireless Accessory, Hearing aids TVConnector Sonova AG 28 CH-8712
- **Input/Output:** 5V DC, 5.0V
- **Connectors:** Micro USB, Mini USB, USB-A
- **Item Weight:** 4 ounces
- **Package Dimensions:** 4 x 3 x 1.5 inches
- **Manufacturer:** Shenzhen Waweis Technology Co., Ltd

7. WARRANTY AND SUPPORT

Specific warranty details for this Onerbl charging cable are not provided within this manual. For information regarding warranty coverage, returns, or technical support, please refer to the product packaging or contact the manufacturer, Shenzhen Waweis Technology Co., Ltd, or the seller directly.

Please retain your proof of purchase for any warranty claims.
