

## Dzees D3

# Dzees 360° PTZ Security Camera User Manual

Model: D3 | Brand: Dzees

## 1. INTRODUCTION

Thank you for choosing the Dzees 360° PTZ Security Camera. This 2K battery-powered wireless outdoor camera is designed to provide comprehensive home security with advanced features such as 360° pan-tilt-zoom, color night vision, two-way audio, and AI motion detection. This manual will guide you through the setup, operation, and maintenance of your new security camera system.

## 2. SETUP AND INSTALLATION

### 2.1 Package Contents

- Dzees 360° PTZ Security Camera(s)
- Mounting Bracket
- Type-C Charging Cable
- Screws Set
- Unlock Pin

Image: Wireless in Style - Camera and accessories.

## 2.2 Charging the Camera

The camera is powered by a 9000mAh rechargeable battery, offering 3-8 months of use depending on activity. Before initial use, fully charge the camera using the provided Type-C charging cable. A full charge typically takes 8 hours. The camera also supports solar panel charging for continuous power (solar panel sold separately, search B0CT2LHQ RD).

## 2.3 App Download and Setup

Download the "Dzees" or "Vicohome" app from your device's app store (iOS/Android). Follow the in-app instructions to create an account and add your camera. Ensure your Wi-Fi network is 2.4GHz, as the camera does not support 5GHz Wi-Fi.

## 2.4 Mounting the Camera

The camera is designed for easy installation and can be wall-mounted. Choose a location that provides optimal viewing coverage and a strong 2.4GHz Wi-Fi signal. Use the included mounting bracket and screws to securely attach the camera. The camera is IP66 weatherproof, suitable for both indoor and outdoor use.

## 3. OPERATING YOUR DZEES CAMERA

### 3.1 Pan, Tilt, and Digital Zoom Control

The Dzees camera features 355° panning and 95° tilting capabilities, providing 360° coverage with no blind spots. You can remotely control the camera's movement via the "Dzees" or "Vicohome" app. Additionally, the camera supports 4x digital zoom to view details more closely. You can also set up to 5 preset points for quick access to specific areas.

## 3.3 Two-Way Audio

Equipped with an advanced noise reduction microphone and speaker, the camera enables crystal-clear two-way communication. You can speak to visitors or deter intruders directly through the app from anywhere.

## 3.4 AI Motion Detection and Alerts

The camera features AI recognition (paid feature) to reduce false alerts by up to 95% by distinguishing between people, pets, and vehicles. You can customize motion detection areas (paid feature) and adjust sensitivity. When motion is detected, the camera can trigger 3 alarm modes: voice warning, flashlight warning, and real-time app push notifications. Recordings can be stored on a MicroSD card (up to 128GB, not included) or in cloud storage.

## 4. MAINTENANCE

### 4.1 Battery Management

To maximize battery life, ensure the camera is fully charged before deployment. Consider using a compatible USB-C solar panel (sold separately) for continuous charging, especially for outdoor installations. Monitor battery levels via the Dzees app

and recharge when necessary.

## 4.2 Cleaning

Periodically clean the camera lens and housing with a soft, damp cloth to ensure clear image quality and proper operation. Avoid using harsh chemicals or abrasive materials.

# 5. TROUBLESHOOTING

## 5.1 Common Issues and Solutions

- **Camera Offline:** Ensure the camera is within range of your 2.4GHz Wi-Fi network. Check your router and internet connection. Restart the camera and router if necessary.
- **Poor Image Quality:** Clean the camera lens. Ensure there are no obstructions in the camera's field of view. Check network stability.
- **Frequent False Alerts:** Adjust motion detection sensitivity in the app. Consider utilizing the customizable motion area and AI recognition features (paid features) to filter unwanted alerts.
- **Battery Draining Quickly:** Reduce the frequency of motion detection events or live view sessions. Ensure the camera is receiving adequate sunlight if using a solar panel.
- **Two-Way Audio Issues:** Check the volume settings in the app. Ensure there is no interference near the camera's microphone or speaker.

For more detailed troubleshooting or persistent issues, please refer to the in-app help section or contact Dzees customer support.
