## 6. MAINTENANCE

To ensure the longevity and performance of your Mivi Fort Q60 Soundbar, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the soundbar. Do not use liquid cleaners or abrasive materials.
- **Ventilation:** Ensure the soundbar has adequate ventilation. Do not block any vents.
- **Storage:** When not in use for extended periods, store the soundbar in a cool, dry place away from direct sunlight and extreme temperatures.
- **Power:** Disconnect the power adaptor during electrical storms or when the unit is left unattended for long periods.

## 7. TROUBLESHOOTING

If you encounter issues with your Mivi Fort Q60 Soundbar, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cable not connected; power outlet not active.	Ensure power adaptor is securely connected to the soundbar and a working power outlet.
No sound	Incorrect input source selected; volume too low; audio cable not connected properly.	Select the correct input source (BT, AUX, COX, USB). Increase volume. Check audio cable connections.
Bluetooth not connecting	Soundbar not in pairing mode; device too far; previously paired device connected.	Ensure soundbar is in Bluetooth pairing mode. Move device closer. Disconnect from other Bluetooth devices.
Remote control not working	Batteries depleted; obstruction between remote and soundbar.	Replace remote control batteries. Ensure clear line of sight to the soundbar's sensor.

If the problem persists after attempting these solutions, please contact customer support.
