## SETUP AND INSTALLATION

Follow these steps for secure installation of your wall shelf:

2. **Drill Holes:** Using an appropriate drill bit for your wall plugs and wall type, carefully drill holes at the marked positions.
3. **Insert Wall Plugs:** Insert the correct wall plugs (Fischer, not included) into the drilled holes. Ensure they are flush with the wall surface.
4. **Attach Eyelets:** Secure the provided eyelets to the back of the shelf using the included screws.
