Setup and Assembly

Assembly requires two adults. Please follow the steps carefully. Ensure all parts are present before starting.

1. Unpacking and Part Identification

Carefully unpack all components from the three packages. Lay out all parts on a clean, soft surface to prevent scratches. Refer to the included parts list (not provided in this digital manual, typically found in physical packaging) to identify each piece.

2. Assembling the Main Bed Frame

Begin by connecting the main bed frame components. Ensure all wooden slats are securely fitted into their designated slots. Use the provided hardware (screws, bolts, etc.) to fasten the side rails and end panels. Do not overtighten screws initially; tighten them fully once the section is stable.

3. Constructing the House Structure

Assemble the house-shaped section, including the roof and window panels. Pay attention to the orientation of the window panel with the decorative knobs. Securely attach this section to the main bed frame using the appropriate connectors.

4. Installing the Drawers

Assemble the four storage drawers. Attach the drawer slides/pulleys to the drawer boxes and the corresponding runners under the bed frame. Insert the assembled drawers into their compartments. Ensure they slide smoothly and quietly.

5. Attaching the Stairs

Assemble the two small stairs. These stairs are designed for stability and ease of use for children. Attach them to the bed frame. The position of the stairs can be adjusted to best suit your room layout and child's preference.

6. Final Inspection

Once assembly is complete, double-check all connections and fasteners to ensure they are tight and secure. Confirm that the bed is stable and does not wobble. Place a 90x200 cm mattress (not included) onto the bed frame.

Operating Instructions

- **Using the Bed:** The bed is designed for sleeping and imaginative play. Ensure the mattress is properly seated on the slats.
- **Using the Drawers:** Gently pull the knobs to open the drawers. Push them back in until they are fully closed. Avoid forcing the drawers if they encounter resistance.
- **Using the Stairs:** The stairs provide easy access to the bed. Ensure children use them safely, one step at a time.

Maintenance

- **Cleaning:** Wipe the bed frame and panels with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Regular Checks:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Drawer Maintenance:** Keep the drawer tracks free of dust and debris to ensure smooth operation.
- **Avoid Excessive Moisture:** Protect the bed from prolonged exposure to moisture or direct sunlight to prevent warping or discoloration.

Troubleshooting

Problem	Possible Cause	Solution
Bed wobbles or feels unstable.	Loose fasteners.	Check and tighten all screws and bolts. Ensure all connections are secure.
Drawers do not slide smoothly.	Debris in tracks, misaligned slides, or overloaded drawer.	Clean tracks. Check alignment of slides. Reduce weight in drawer.
Missing parts upon delivery.	Product shipped in multiple packages.	Verify receipt of all three packages. If parts are still missing, contact customer service.
