Setup and Assembly

Assembly is required for this product. Please ensure all components are present before beginning assembly. It is recommended to assemble the stool on a soft, clean surface to prevent scratching.

Required Tools:

- The necessary assembly tools are typically included in the hardware pack.

Assembly Steps (General Guidance):

1. Unpack all components and hardware. Verify against the parts list (not provided in this document, refer to packaging).
2. Attach the seat to the base structure, ensuring all screws are aligned and tightened securely. Do not overtighten initially.
3. Connect the legs to the seat and the footrest ring, following the specific instructions provided in your product packaging.
4. Once all parts are loosely assembled, place the stool on a flat surface and apply gentle pressure to ensure it is level.

Then, fully tighten all screws.

5. Ensure all floor protectors are securely attached to the bottom of the legs.

Operating Instructions

The Armen Living Saturn Swivel Bar Stool is designed for straightforward use.

Swivel Function:

The stool features a smooth 360-degree swivel mechanism. To rotate, simply apply gentle pressure to the seat in the desired direction. This allows for easy movement and interaction in various settings without needing to reposition the entire stool.

Footrest:

A built-in circular footrest is integrated into the design for added comfort and support. Utilize the footrest to maintain a comfortable posture while seated.

Maintenance

Proper care will help maintain the appearance and longevity of your bar stool.

General Cleaning:

- For routine cleaning, wipe the faux leather and stainless steel surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the finish and upholstery.
- For spills on faux leather, blot immediately with a clean, dry cloth. For stubborn stains, use a mild soap solution on a damp cloth, then wipe clean with a fresh damp cloth and dry thoroughly.
- Periodically check and tighten all screws and bolts to ensure stability.

Troubleshooting

If you encounter any issues with your bar stool, consider the following common solutions:

Stool Wobbles:

- Ensure all assembly screws are securely tightened.
- Check that the stool is placed on a flat, even surface.
- Verify that the floor protectors on each leg are intact and evenly applied.

Swivel Mechanism Stiff:

- The swivel mechanism is designed to be smooth. If it feels stiff, ensure no foreign objects are obstructing its movement.
- Avoid applying excessive force. If the issue persists, contact customer support.
