HOOBRO WT84MT01

HOOBRO Hall Tree with Bench and Shoe Storage (Model WT84MT01) - Instruction Manual

Your guide to assembly, usage, and maintenance.

1. PRODUCT OVERVIEW

The HOOBRO Hall Tree with Bench and Shoe Storage (Model WT84MT01) is a versatile furniture unit designed for entryways and mudrooms. It combines a coat rack, a comfortable bench, and integrated shoe storage to help organize your space efficiently.

Image: The HOOBRO Hall Tree, a multi-functional unit for organizing entryways, featuring a bench, coat hooks, and shoe storage.

Key Features:

- **Versatile Storage:** Includes two top compartments for decorative items, six hooks for coats and bags, and a spacious four-partitioned cabinet for footwear.
- **Thoughtful Compartmentalization:** The lower cabinet features a flip-down door with four separate compartments for shoes and daily essentials.
- **Integrated Bench:** Provides a convenient seating area for changing shoes.
- **Sturdy Construction:** Designed with an "I-beam" reinforced back panel for enhanced stability and load-bearing capacity.
- **Anti-Tip Kit:** For added safety and stability, especially in households with children or pets.

2. PRODUCT DIMENSIONS

Refer to the diagram below for detailed product dimensions to ensure it fits your intended space.

Image: Detailed dimensions of the HOOBRO Hall Tree, showing height, width, and depth measurements in centimeters and inches, along with weight capacities for different sections.

- **Overall Dimensions:** 80 cm (Width) x 40 cm (Depth) x 170 cm (Height) / 31.5" x 15.7" x 66.9"
- **Bench Load Capacity:** Up to 85 kg (187 lbs)
- **Top Shelf Load Capacity:** Up to 15 kg (33 lbs)
- **Hook Load Capacity:** Up to 3 kg (6.6 lbs) per hook

3. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. All necessary tools, labeled parts, and clear instructions are included in the package to facilitate a straightforward assembly process.

Before You Begin:

- Unpack all components and verify against the parts list provided in your manual.
- Ensure you have a clean, spacious area for assembly.
- Do not overtighten screws to avoid damaging the particleboard material.
- Keep small parts away from children.

2 Side Hooks

4 Coat Hooks

Anti-Tip Kit

Assembly Steps:

1. Follow the step-by-step instructions provided in the physical manual included with your product.
2. Identify each part using the labels.
3. Assemble the base unit first, ensuring all connections are secure but not overly tight.
4. Attach the back panel, paying attention to the "I-beam" design for proper reinforcement.
5. Install the coat hooks and top compartments.
6. Secure the shoe cabinet with the flip-down door mechanism.
7. Finally, install the anti-tip kit to a wall stud for maximum stability.

4. OPERATING INSTRUCTIONS

The HOOBRO Hall Tree is designed for convenient daily use. Here's how to maximize its functionality:

Using the Coat Rack:

- Utilize the six hooks (four main, two side) to hang coats, jackets, hats, scarves, and bags.

- Distribute weight evenly across the hooks to maintain stability. Each hook supports up to 3 kg (6.6 lbs).

Image: A detailed view showing the two side hooks, four main coat hooks, and the anti-tip kit for securing the unit to a wall.

Using the Shoe Storage Bench:

- The bench provides a comfortable spot to sit while putting on or taking off shoes. It supports up to 85 kg (187 lbs).
- Open the flip-down cabinet door to access the four partitioned compartments for shoe storage.
- Organize shoes by type or frequency of use for easy access.

Top Compartments:

- Use the two open top compartments for displaying decorative items, storing small accessories, or keeping frequently used items within reach.
- Ensure items placed on top do not exceed the 15 kg (33 lbs) weight limit.

5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your HOOBRO Hall Tree.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the finish.
- **Spills:** Clean spills immediately to prevent staining or moisture damage to the particleboard.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading.
- **Heat and Moisture:** Keep the unit away from excessive heat and moisture sources.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Stability:** Ensure the anti-tip kit remains securely fastened to the wall.

6. TROUBLESHOOTING

If you encounter any issues with your hall tree, refer to the following common solutions:

Issue: Unit feels wobbly or unstable.

- **Solution:** Check all assembly screws and ensure they are tightened. Verify that the unit is placed on a flat, level surface. Confirm the anti-tip kit is correctly installed and secured to a wall stud.

Issue: Parts are damaged or missing.

- **Solution:** Contact HOOBRO customer support with your purchase details and a description of the issue. Refer to the parts list in your assembly manual to identify specific missing or damaged components.

Issue: Flip-down cabinet door does not operate smoothly.

- **Solution:** Check the hinges and ensure they are properly aligned and tightened. Make sure no objects are obstructing the door's movement.
