SETUP

1. Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery cover.
3. Insert two AAA batteries (not included), ensuring correct polarity (+ and -).
4. Close the battery cover securely.

2. Bluetooth Pairing

The ATV3 Lite remote uses Bluetooth for connection, offering a long control distance and strong signal without requiring direct line of sight. To pair the remote with your device:

1. Ensure your iATV Q3 TV Stick, Android Box, or compatible device is powered on and within 10 meters of the remote.
2. Navigate to the Bluetooth settings menu on your device.
3. Select "Add New Device" or "Pair Device".
4. The remote should appear in the list of available devices as "Remote ATV3 Lite". Select it to complete the pairing process.
5. Once paired, the remote is ready for use.

Voice Control

To activate the voice function, press and hold the dedicated voice button. While holding the button, speak clearly towards the microphone located on the remote. Release the button when you are finished speaking. This feature allows for independent voice commands and searches.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the remote control. Do not use liquid cleaners or abrasive materials.
- **Battery Replacement:** Replace batteries when the remote's performance degrades. Always use new AAA batteries and dispose of old batteries responsibly.
- **Storage:** Store the remote in a cool, dry place away from direct sunlight and extreme temperatures.
- **Durability:** The remote is made of new ABS material with a multi-layer spraying process and laser-engraved characters for durability and wear resistance. Avoid dropping the remote or exposing it to excessive force.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote is not responding.	Low or dead batteries. Remote is not paired. Device is out of range.	Replace batteries. Re-pair the remote via Bluetooth settings. Ensure device is within 10 meters.
Voice function is not working.	Voice button not held down. Microphone blocked. Pairing issue.	Ensure the voice button is pressed and held while speaking. Check for obstructions over the microphone. Verify Bluetooth pairing.
Some keys are incompatible.	Using the remote with a non-iATV Q3 Black TV stick or unsupported device.	The remote is dedicated to the iATV Q3 Black TV stick; other devices may have some key incompatibilities. Functionality may vary with other compatible devices.

WARRANTY AND SUPPORT

For any operational or usage issues that cannot be resolved using this manual, please contact BOXPOT Official Support. Our technical team is available to assist you within 24 hours.

When contacting support for TV Box / TV Stick issues, please provide your device's MAC address to facilitate quicker assistance.

For remote-specific issues, simply describe the problem to our support team.

Contact information can typically be found on the BOXPOT official website or through your purchase platform.
