

## JTEMAN L39-1

# JTEMAN Cell Phone Stand with Wireless Bluetooth Speaker and Light

Model: L39-1  
Brand: JTEMAN

## INTRODUCTION

The JTEMAN Cell Phone Stand with Wireless Bluetooth Speaker and Light is a versatile 3-in-1 device designed to enhance your mobile experience. It functions as a stable phone and tablet stand, a powerful Bluetooth speaker for audio playback, and an atmospheric light with multiple modes. This manual provides detailed instructions for setting up, operating, and maintaining your device to ensure optimal performance.

## WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Bluetooth Speaker with Phone Stand
- Type-C Cable
- Instruction Manual

## PRODUCT FEATURES

**Figure 2:** Overview of the multi-functional capabilities, including phone holder, Bluetooth speaker, computer exterior speaker, and rhythm-synced light.

### 3-in-1 Multi-functionality

This device seamlessly integrates a cell phone stand, a wireless Bluetooth speaker, and an atmospheric light. The loud Bluetooth speaker features a built-in 40W power speaker, delivering HD stereo surround sound. The atmosphere light at the bottom can synchronize and jump with the rhythm of your music, creating an immersive audio-visual experience.

## Rhythm-Synced Light Show

The Bluetooth speaker with lights offers 5 monochrome light options and 6 mixed lighting modes. Three of the mixed lighting modes are designed to dance with the beat of the music. You can also customize the light brightness with 4 available options. Enjoy a vibrant light show that complements your audio.

**Video 1:** Demonstration of the 11 lighting modes available on the JTEMAN speaker, showcasing various colors and rhythm-synced effects.

## Adjustable & Foldable Design

The phone stand holder features adjustable height and angle, allowing you to easily find a comfortable viewing position for your device. The panel, groove, and base are equipped with anti-slip silicone to securely hold your device. Its foldable design ensures portability, making it convenient for travel or daily use.

# Foldable & Anti-slip & Adjustable

Foldable

Non-slip Silicone

6 Flexible Height

Stable Support

## SETUP GUIDE

### Charging the Device

Before first use, fully charge the device using the provided Type-C cable. Connect the Type-C cable to the charging port on the device and the other end to a USB power adapter (not included) or a computer USB port. The red power indicator light will illuminate during charging and turn green when fully charged.

Figure 7: Close-up view of the device's charging port and control buttons.

## Power On/Off

To power on the speaker, **long press** the Power ON/OFF button for 3 seconds. The speaker will enter pairing mode, indicated by a flashing blue light. To power off, **long press** the same button for 3 seconds again.

## Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (flashing blue light).
2. On your mobile device (smartphone, tablet, laptop), go to Bluetooth settings.
3. Search for available devices and select "JTEMAN L39-1" (or similar name).
4. Once connected, the blue light on the speaker will become solid, indicating a successful connection.

## Adjusting the Phone Stand

The phone stand can be adjusted for both height and angle. Gently extend the stand upwards to increase height and pivot the phone holder to achieve your desired viewing angle. Ensure the device is stable before placing your phone or tablet.

## OPERATING INSTRUCTIONS

Figure 8: Diagram illustrating the control buttons and charging port on the JTEMAN device.

## Audio Playback Controls

- **VOL- (Volume Down):** Press to decrease volume.
- **VOL+ (Volume Up):** Press to increase volume.
- **Play/Pause:** Press to play or pause audio.
- **Next Track:** Press the 'Next' button to skip to the next song.
- **Previous Track:** Press the 'Previous' button to go to the previous song.

## Atmosphere Light Controls

- **Turn On/Off Light:** Long press the Atmosphere Light button for 3 seconds.
- **Switch Lighting Mode:** Short press the Atmosphere Light button to cycle through the 11 lighting modes (5 monochrome, 6 mixed).
- **Adjust Brightness:** Short press the Settings/Brightness button to cycle through 4 brightness options (25%, 50%, 75%, 100%).

Figure 9: Visual representation of the 11 RGB color changing light modes, including single color, mixed color, and mixed color rhythm modes.

Figure 10: Illustration of the four brightness levels (25%, 50%, 75%, 100%) for the ambient light.

## Hands-Free Calling

When connected via Bluetooth, you can use the integrated microphone for hands-free calls. Press the Answer/Hang up button to answer or end a call.

Figure 11: The device in use for hands-free calling and delivering HD stereo sound during media consumption.

## Computer Connection

The device supports two methods for computer connection:

- **Bluetooth Connection:** Connect wirelessly via Bluetooth (no cable needed).
- **AUX Connection:** Use an AUX cable (not included) to connect the device to your computer's audio output. **Double press** the Play/Pause button to switch between Bluetooth and AUX modes.

### 2200mAh Capacity Battery

About 4 hours at 100% volume with lights  
About 8 hours at 80% volume without lights  
Less than 80% volume can be used longer(8-12h)

**Figure 12:** The JTEMAN device connected to a laptop via cable, illustrating the computer connection feature.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the device. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the device fully using the provided Type-C cable.
No sound from speaker.	Volume too low; Not connected via Bluetooth/AUX; Device in wrong mode.	Increase volume; Ensure successful Bluetooth pairing or AUX connection; Double press Play/Pause to switch modes.
Bluetooth connection fails.	Device too far from speaker; Speaker not in pairing mode; Interference.	Move device closer to speaker; Power off and on the speaker to re-enter pairing mode; Clear other Bluetooth devices.
Lights are not working.	Lights are off; Low battery.	Long press the Atmosphere Light button to turn on; Charge the device.
