## MSmask King Size Bed Frame with Storage

# MSmask King Size Bed Frame User Manual

Model: King Size Bed Frame with Storage

## 1. PRODUCT OVERVIEW

---

The MSmask King Size Bed Frame is designed to provide a comfortable and functional sleeping solution. It features an upholstered button-tufted wingback headboard with integrated LED lighting, a 2-tier storage shelf, and a built-in charging station. The frame also includes four spacious under-bed storage drawers and a robust slat support system, eliminating the need for a box spring.

### Key Features:

- Integrated LED lighting on headboard and footboard with multiple colors and modes.
- Upholstered wingback headboard with a 2-tier storage shelf and side pouches.
- Built-in charging station with 2 USB ports and 2 AC outlets.
- Four large-capacity under-bed storage drawers with wheels and lockable fixtures.
- Durable steel frame with 12 wooden slats, supporting up to 1000 lbs.
- No box spring required.

## 2. SETUP AND ASSEMBLY

---

Assembly of the MSmask King Size Bed Frame requires two individuals and typically takes approximately 50 minutes. A detailed installation manual with labeled parts is included in the package. Please follow the step-by-step instructions provided.

## **Components Included:**

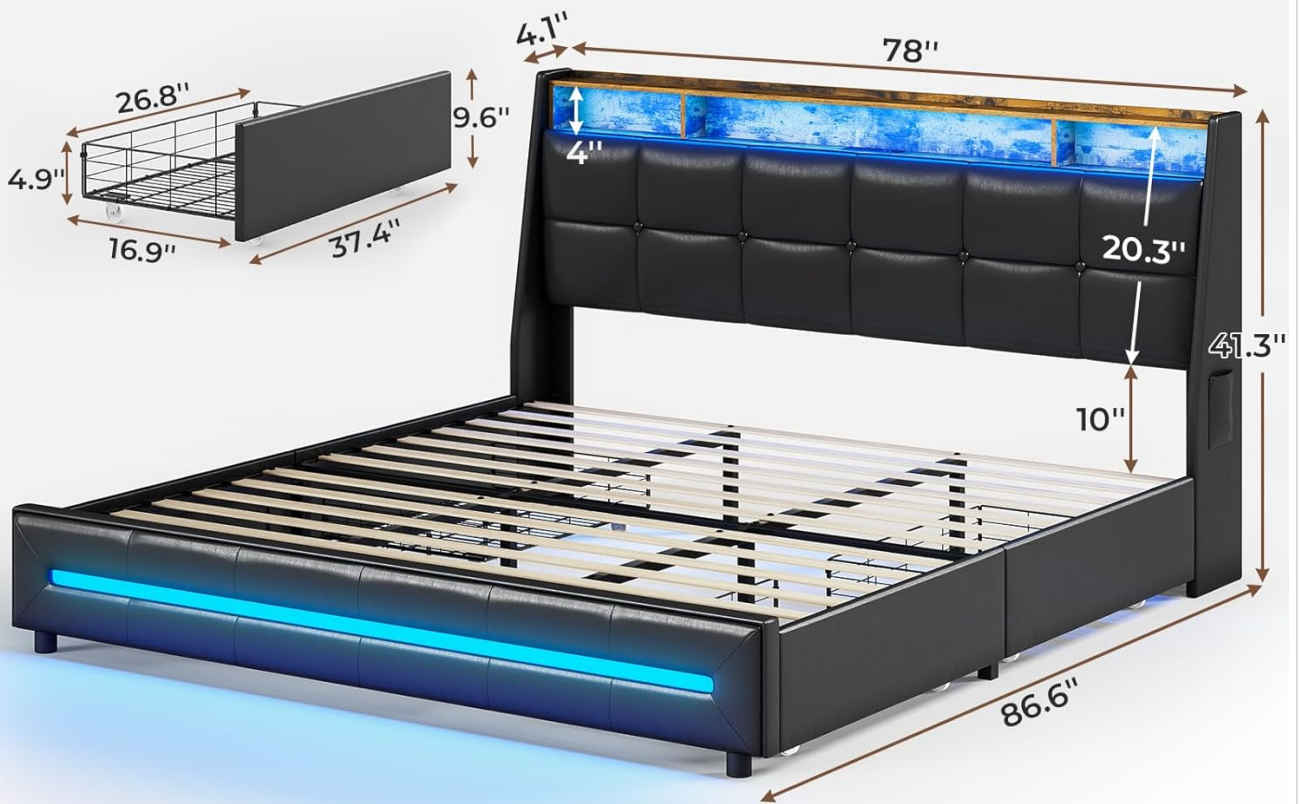

- Headboard
- Footboard
- Side Rails
- Slats (wooden)
- 4 Storage Drawers
- AC Outlets and USB Ports (pre-installed in headboard)
- Installation Manual
- Assembly Hardware

## **Assembly Tips:**

- Ensure all parts are present before beginning assembly. Refer to the parts list in the included manual.
- The thick wood slats utilize a bolt-free quick-lock assembly system for easier installation.
- For metal frame parts, a drill may be helpful for tightening screws, but exercise caution to avoid over-tightening.
- Place the bed frame on a soft, clean surface during assembly to prevent scratches.

**KING SIZE**

L\*W\*H: 86.6"x78"x41.3"

**weight capacity: 1200 lbs**

### 3. OPERATING INSTRUCTIONS

---

#### 3.1 LED Lighting System

The bed frame features integrated LED light strips on both the headboard and footboard. These lights offer over 60,000 colors and 29 dynamic modes. Brightness and speed are adjustable from 0-100 levels. The lights can also synchronize with music rhythm to create an ambient atmosphere.

- **Control:** The LED lights can be controlled via a remote control or a dedicated mobile application.
- **Power:** Ensure the bed frame's power cord is securely plugged into a wall outlet for LED functionality.

### 3.2 Integrated Charging Station

The headboard is equipped with a charging station that includes 2 USB ports (5V/2A) and 2 AC outlets (125V/12A). This allows for convenient charging of electronic devices such as phones, tablets, and laptops directly from your bedside.

- **Power Connection:** The charging station operates when the bed frame's main power cord (6.6-foot length) is plugged into a functional wall outlet.
- **Usage:** Simply plug your device's charging cable into the appropriate USB port or AC outlet.

### 3.3 Storage Drawers

The bed frame includes four large-capacity storage drawers located underneath. These drawers are designed for storing off-season clothing, bedding, or other items.

- **Mobility:** Each drawer is equipped with smooth wheels for easy access and removal.
- **Security:** A lockable fixture is provided to keep the drawers securely in place when not in use. To lock, push the fixture into the corresponding slot on the bed frame. To unlock, pull the fixture out.

### 3.4 Headboard Storage and Side Pouches

The wingback headboard features a 2-tier bookcase shelf, providing convenient storage for small items such as books, glasses, or decorative pieces. Additionally, two side pouches are integrated into the headboard wings, ideal for holding remotes or mobile phones.

## 4. MAINTENANCE AND CARE

---

Proper maintenance ensures the longevity and appearance of your bed frame.

- **Cleaning the Upholstery:** For general cleaning, gently wipe the upholstered surfaces with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning the Frame:** Wipe metal and wood surfaces with a soft, dry cloth.
- **Drawer Maintenance:** The storage drawers can be easily removed for cleaning underneath the bed. Periodically check the wheels for smooth operation and clean any accumulated dust or debris.
- **LED Lights:** The LED strips are designed for long-term use and generally require no maintenance. If issues arise, refer to the troubleshooting section.
- **Charging Station:** Keep the USB ports and AC outlets free from dust and moisture. Do not attempt to disassemble the charging unit.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.

## 5. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your bed frame.

- **LED Lights Not Working:**

- Ensure the bed frame's main power cord is securely plugged into a functional wall outlet.
- Check the connection of the LED light strips to the power source within the headboard.
- Verify that the remote control batteries are not depleted and that the remote is pointed correctly at the receiver.
- If using the app, ensure your device is properly paired and connected.

- **Charging Station Not Functioning:**

- Confirm the bed frame's main power cord is plugged into a live wall outlet.
- Test with a different device and charging cable to rule out device-specific issues.
- Ensure no debris is blocking the USB ports or AC outlets.

- **Slats or Frame Feel Unstable:**

- Re-check all assembly hardware, ensuring all bolts and screws are tightened securely.
- Verify that the wooden slats are correctly seated in their quick-lock positions and evenly distributed.
- Ensure the central support legs are properly installed and making contact with the floor.
- Distribute weight evenly across the bed surface. The bed frame is designed to support up to 1000 lbs.

- **Gap Between Mattress and Headboard:**

- This bed frame is designed for a mattress thickness of 8 to 10 inches for optimal fit and appearance. Using a mattress outside this range may result in a gap.

- **Drawers Not Rolling Smoothly or Staying in Place:**

- Check for any obstructions under the bed or in the drawer wheels.
- Ensure the lockable fixture is properly engaged to keep the drawer in place.
