5. Maintenance

Proper care will ensure the longevity and appearance of your vanity desk.

5.1. Cleaning

- **Wood Surfaces:** Wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Mirror:** Use a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **General:** Regularly dust all surfaces to prevent buildup.

5.2. General Care

- Avoid placing hot items directly on the wood surfaces. Use coasters or protective pads.
- Keep the vanity away from direct sunlight and heat sources to prevent warping or fading.
- Check and tighten all hardware periodically to ensure stability.

6. Troubleshooting

If you encounter any issues with your vanity desk, please refer to the following common solutions:

- **Lights Not Working:** Ensure the vanity's power cord is securely plugged into a working outlet. Check the power button on the mirror.
- **Wobbly Desk:** Verify that all assembly screws are tightened. Ensure the vanity is placed on a level surface.
- **Drawers Sticking:** Check for any obstructions in the drawer slides. Ensure the slides are properly aligned and free of debris.
