Giantex Portable Propane Fire Pit User Manual

Model: GT11848US-NP

INTRODUCTION

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your Giantex Portable Propane Fire Pit. Please read this manual thoroughly before assembly or use and retain it for future reference.

SAFETY INFORMATION

Your safety and the safety of others are very important. We have provided many important safety messages in this manual and on your appliance. Always read and obey all safety messages.

- Always ensure the Flameout Protection Device is functioning properly to prevent accidents.
- Do not completely cover the burner with lava rocks when igniting.
- Use only clean propane as an energy source.
- Ensure proper ventilation during operation.
- Keep children and pets away from the fire pit during operation.
- Do not move the fire pit while it is in operation or still hot.
- Always turn off the gas supply when not in use.
- This appliance is for outdoor use only.

PACKAGE CONTENTS

Please verify that all components are present before assembly.

- 1 x Propane Fire Pit
- 1 x Removable Grill
- 1 x Tank Seat
- 1 x Carrying Bag
- 1 x Bag of Lava Rocks

- 1 x User Guide (This document)

SPECIFICATIONS

Feature	Detail
Color	Black
Material	Metal, Stainless Steel
Overall Dimension	20" x 17.5" x 10.5" (L x W x H)
Folding Dimension (without lid)	17" x 7" (Dia x H)
Diameter of Burner	8.5"
Dimension of Grill	15.5" x 13" (L x W)
Diameter of Tank Seat	10"
Length of Gas Hose	10 ft
Heat Output	58,000 BTU
Net Weight	18.5 lbs
Fuel Type	Liquefied Petroleum Gas
Model Number	GT11848US-NP

Product Dimension

Figure 1: Detailed product dimensions including overall, folded, burner, grill, tank seat, and hose length.

SETUP

1. **Unpack Components:** Carefully remove all items from the packaging. Inspect for any damage.
2. **Unfold Legs:** Place the fire pit on a flat, stable surface. Unfold the legs until they are securely locked into position. The additional supporting legs will keep the fire pit steady.

Including A Carry Bag

Easy to carry and keep the fire pit from dust

Foldable Legs

Figure 2: Illustration showing the foldable legs and how they are secured for stability.

3. **Place Lava Rocks:** Distribute the provided lava rocks evenly around the burner ring inside the fire pit. *Important: Do not completely cover the burner with lava rocks when igniting.*

Flameout
Protection
Device

Ensure Safe Use

Figure 3: The fire pit with lava rocks in place, highlighting the flameout protection device and recommended clearances.

4. **Connect Propane Tank:** Place a 20 lbs propane cylinder (not included) on the tank seat. Connect the gas hose from the fire pit to the propane cylinder. Ensure all connections are tight and secure.

9 kg LP Propane Cylinder(Not Included)

Figure 4: The Giantex Portable Propane Fire Pit set up outdoors with a propane cylinder connected, ready for use.

OPERATING INSTRUCTIONS

1. **Gas Supply:** Slowly open the valve on the propane cylinder.
2. **Ignition:** Turn the adjustment knob on the fire pit counter-clockwise to the "IGNITE" position. Press and hold the knob to activate the igniter. You should hear a click and see the flame ignite. If it does not ignite on the first attempt, release the knob, wait 5 minutes, and repeat the process.

Adjustable Flame

Customize your heating demands

Figure 5: Close-up of the adjustment knob for flame control and the durable stainless steel burner.

3. **Adjusting Flame:** Once ignited, continue to hold the knob for 10-15 seconds to allow the thermocouple to heat up. Release the knob. You can then rotate the adjustment knob to increase or decrease the flame intensity to your desired heat output (up to 58,000 BTU).

Figure 6: The Giantex Portable Propane Fire Pit actively burning, showcasing the adjustable flame and overall design.

4. **Using the Grill:** For cooking, place the removable cast iron grill over the fire pit. It is recommended to use a container (such as a tinfoil bowl) to hold the food and then heat it up instead of putting the food directly on the grill for heating.

As A Fire Pit for Heating on Cold Days

Including A Cooking Grill
Can be used to cook food
or heat water

Figure 7: The fire pit demonstrating its dual function for heating on cold days and cooking with the removable grill.

5. **Shutting Down:** To turn off the fire pit, rotate the adjustment knob clockwise to the "OFF" position. Close the valve on the propane cylinder. Allow the fire pit to cool completely before handling or storing.

MAINTENANCE

- **Cleaning:** Ensure the fire pit is completely cool before cleaning. Wipe down exterior surfaces with a damp cloth. For stubborn stains, use a mild soap solution. Do not use abrasive cleaners.
- **Lava Rocks:** Periodically inspect lava rocks for debris. They can be rinsed with water and allowed to dry completely before being placed back in the fire pit.
- **Storage:** When not in use, especially during off-season, store the fire pit in a dry, protected area. Use the included carrying bag to protect it from dust and moisture. The foldable legs simplify storage and transport.

Figure 8: The Giantex Portable Propane Fire Pit being carried in its dedicated carry bag, demonstrating its portability.

- **Inspections:** Regularly check the gas hose and connections for any signs of wear, damage, or leaks. If a leak is suspected, turn off the gas supply immediately and do not operate the fire pit.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fire pit does not ignite.	Gas valve closed; low propane; igniter issue; air in line.	Ensure propane tank valve is fully open. Check propane level. Wait 5 minutes and try igniting again. If problem persists, consult a qualified technician.
Flame is low or inconsistent.	Low propane; partially closed valve; obstructed burner.	Check propane level. Ensure all valves are fully open. Clear any debris from the burner ports (only when cool).

Problem	Possible Cause	Solution
Smell of gas.	Gas leak.	Immediately turn off gas supply at the tank. Do not operate. Check all connections for leaks using a soapy water solution. If a leak is found and cannot be resolved, contact customer support.
